WORK HAS CHANGED.

IS YOUR WORKPLACE READY?

A fundamental shift is taking place in our world and the ways people work—one that has a profound impact on the places and spaces where we work. We believe that the workplace is more important than ever and that it can be a key strategic business tool. But only if it’s designed to support the ways people and organizations work today.

Quality of the work environment is the second most important factor determining job satisfaction.*

INSPIRING SPACES THAT PERFORM.

ALL IN THE DETAILS

The highly refined aesthetic of Montage® paired with high-performance features create a range of inspiring spaces within any work environment. Details such as premium finishes, frosted glass, and tiles to the floor create a tailored aesthetic matching your organization's culture and brand.

REFINED AESTHETIC.

A REASON TO WORK IN THE OFFICE

Work is happening everywhere. In the office. At home. In other places. Now more than ever employees are seeking office spaces that support their tasks and inspire their work. Easy access to technology, tools for collaboration, ample worksurface space, and precise aesthetics make the Montage office a destination of choice.

90% of employees say a great view is important—working in that great view is even better.*

41% of workers feel their workplace fails to attract and retain employees.*

OPTIMIZING REAL ESTATE.

MORE WITH LESS

After personnel, real estate is the second most costly expense for most organizations. Montage in a benching application uses panels to effectively route power and data while maintaining visual order. Layered elements create ample surface to spread out, while amenities such as the personal caddy and Details® Worktools offer an additional level of functionality.

Similar planning logic can integrate additional privacy elements and ergonomic features like a soft-edge worksurface to support more concentrated individual work.

SPACE TO COLLABORATE

Effective collaboration supports information sharing, comparing and contrasting content, and generating new ideas. Montage with glass tiles and glass pocket door blends easily with building architecture to create a conference space that is reconfigurable and puts collaboration on center stage. media:scape® conference settings further boost collaboration, helping teams innovate faster.

UNIQUELY USER-CENTERED.

PERFECTLY SUPPORTED

Understanding wellness in the workplace means creating settings that provide tools to support people physically, cognitively, and emotionally. Montage combined with Airtouch® height-adjustable tables encourage multiple postures and movement throughout the day. Personal LED lighting and lower panel heights offer users access to natural light, creating an inspiring space.

PERFECTLY TAILORED

Professional services environments require a balance of refined aesthetics and features that address unique user needs, all with the flexibility to change with the times. Montage panels blend seamlessly with products like Elective Elements® to help create beautiful, flexible environments for all levels of the organization. Interchangeable storage and panel components mean that today's environments can easily be reconfigured as your business needs change.

RANGE OF MATERIALS.

FROM WOOD TO STEEL, FABRIC, GLASS, AND BEYOND, MONTAGE OFFERS A RANGE OF MATERIALS FOR ANY DESIGN STATEMENT.

Walnut veneer components maintain a connection to tradition, while aluminum accents and frosted glass tiles suggest an influence that is decidedly contemporary.

White laminate tiles and clear glass stackers emphasize lightness and a minimalist aesthetic. Knife-edge worksurfaces offer less visual weight and make workstations feel more spacious.

Desert oak surfaces and casegoods offer a more casual, residential look that is still refined and professional. Wood tiles that extend to the floor appear more like millwork than the functional modular panels they conceal.

ATTENTION TO DETAIL.

1 FRAMEONE™ LEG

Supports both surfaces and spine panels and is ideal for bench applications.

2 PERSONAL CADDY

Offers access to contents of a user's work bag.

3 POWER AND DATA ACCESS DOOR AND TRAY

Integrated into the worksurface for easy access to power and data for mobile devices, while cords are tucked neatly away.

4 INTERMEDIATE SUPPORT

Supports planning flexibility with a light scale aesthetic.

5 FRAMELESS GLASS

Provides access to natural light while still defining personal space. Clear sightlines promote collaboration.

6 KNIFE-EDGE WORKSURFACE

Provides a lighter scale visual that can make small spaces feel larger.

7 TILES TO THE FLOOR

Provide a clean aesthetic with a built-in, refined look.

8 SOFT EDGE WORKSURFACE

Helps eliminate pressure points on forearms and wrists.

9 DESK CAVITY

Provides easy power and data access and distribution in an efficient amount of space.

TECHNOLOGY MANAGEMENT.

PEOPLE. PLANET. PROFIT.

Steelcase aspires to create enduring value for people, planet and global economies by fully leveraging all our assets, relationships and resources.

PEOPLE

We think about the communities where we work, live and do business—which is nearly everywhere in the world. By aligning our goals for people with our planet and profit aspirations, we’re building the foundation for gains that we hope will be far-reaching and enduring.

PLANET

By rethinking our business systems and designing our products to avoid negative impacts on humans and the environment, we contribute to a sustainable future for the planet and its people. We commit to advance our practices through continuous learning and building partnerships with our customers, business partners and environmental thought leaders to optimize our performance and contribute to the science and practice of sustainability.

PROFIT

First and foremost, we aim to bring value by working together with our customers to create workplaces where their people love to work. It is also our responsibility to provide value to our shareholders so we can continue to reinvest in the business and generate new solutions to address customer business challenges.

We worked with McDonough Braungart Design Chemistry (MBDC), selecting materials assessed for human and environmental health.

Cradle to Cradle certified^{CM}
SCS Indoor AdvantageTM
BIFMA level certification

Whether you design them, manage them, or work in them, we can help you create high performance, sustainable work environments. We study how work gets done and how great spaces can help. Those insights are embedded into every product and service we offer. Our interior architecture, furniture, and technology solutions help organizations build their business, reflect their brand, and support their culture.

We’re unique from everyone else in our industry, in that we offer products and services founded in a research methodology that focuses on the user, and how they really work.

We are committed to maintaining our leadership role in terms of sustainable responsibility, and we are equally committed to the customers and designers we work with. Our job is to make your job easier. Our passion is helping you Love How You Work®.

Global Dealer Network

With a network of over 800 experienced dealers, we can help you create high performance, sustainable workspaces, anywhere in the world. Our network offers you local expertise with global reach. Whether your project is across town, across the country, or across the ocean, our dealer network will coordinate the logistics so you don’t have to. It’s local expertise with a global reach.

Steelcase and Dealer Services

Our extensive range of services can help you with all of the phases through which a high-performance environment evolves through: Measure. Explore. Plan. Provide. Manage.

- Measure—helping you know if your workplace is keeping pace.
- Explore—helping you link your business goals with the best workplace strategy.
- Plan—helping you find a solution that addresses your needs.
- Provide—helping you every step of the way, from project management to move management.
- Manage—helping you maintain an effective space for today and tomorrow.

Warranty

Steelcase and your Steelcase Dealer are totally committed to providing you a great experience and great products. We back that up with one of the industry’s best warranties and a problem resolution process that ensure that any problems that arise get addressed quickly.

Love how you work.®
