FLEXIBLE

Ensure that everything has its place by combining drawers and trays with other interchangeable accessories like shelves, hanging rods, bins, and more. Endless sizes offer limitless configurations and design possibilities.

ATTRACTIVE

Nantucket complements any interior environment. Create a functional, well-organized system that's customized for your needs and your interior design.

COST-EFFECTIVE

Add the system to your existing Spacesaver 4-Post shelving units and reconfigure as your needs change.

A PLACE FOR **OPTIONS**

Optimize space and efficiency with drawers and trays that are easy to access and sized for everything you need to store.

DRAWERS

Organize supplies, tools, equipment, and more with drawers in your choice of three heights. Soft-close functionality protects stored items and prevents slamming.

TRAYS

Choose trays if you'll need to completely remove the tray and all its contents. Trays are available in two heights and safety stops come standard to prevent the trays from extending unexpectedly.
