

HermanMiller
OE1 Workspace Collection™

Today's workplaces are faced with unique challenges: increasing their overall agility, making the most of real estate, ensuring new furniture works with existing facilities, and getting the most out of these investments. Until now, products have been designed to address only one or two of these issues at a time.

OE1 Workspace Collection

Designed by Sam Hecht and Kim Colin

OE1 is a collection of optimized, essential pieces designed to help people experiment with space, discover what works now, and change rapidly for the future.
