

EXTEND (BASE PANELS)

OFGO

What are Extend Series base panels?

Extend Series is a 3" thick by 29" high laminate panel system that can attach to Modern Series desking components to divide personal space and wrap guest seating within a workstation.

Extend Series is all about dividing space while uniting teams. Our changing workplace requires furniture that supports various work styles, balancing the needs of the workplace with the needs of individual employees. Extend Series panels can provide privacy and control where needed, without sacrificing open plan efficiency.

Extend Series panels can also be combined with PanelX® above worksurface dividers to create a large range of privacy heights, from sitting to standing privacy.

MODERN + PANELX + MIX & MINGLE + EXTEND SERIES

BRING IT ALL TOGETHER

OFGO's desking products are purposefully designed for scalability and seamless integration to allow for open ended planning and design freedom. Create a collaborative space, a personal space, or a mixture of both by using components from multiple OFGO product lines. Start with **Modern Series** desking to create a variety of collaborative layouts. Add varying levels of privacy with **PanelX®** above worksurface dividers. Create an enclosed space with **Extend Series** panels, and add mobile teaming locations with **Mix & Mingle** seating. Pieces can be moved, swapped, and rearranged, allowing for designs that are focused on today while being prepared for the future.

Everything we do can make a difference.

Our innovation and design initiatives entail not only improving the quality, style, and flexibility of our offerings but also focus on reducing our environmental footprint. By choosing lower impact materials and utilizing waste reduction strategies, we strive for a sustainable presence in our environment.

Our areas of environmental concentration include energy efficiency and climate awareness, workplace air quality, recycled content and end of life recyclability, sustainable distribution, and environmental stewardship.

OUR PEOPLE.

We work to cultivate the world we live in through investing in our people and the pursuit of sustainable development.

OUR PLANET.

Focusing our value chain on the challenges of sustainable growth has allowed us to find improved ways to minimize negative impacts on our environment.
