## FEATURES OF THE 2018 CATALOG

The **Oklahoma Sound 2018 Catalog** brings you the most extensive line of *In-Stock Quick Ship* Technology, Presentation and AV Furniture!

### CORE STRENGTHS

#### QUICK SHIP

All orders ship from stock within 48 hours. Our company was founded on this guiding principal 37 years ago, and we remain true to it today.

#### ENVIRONMENTAL

We embrace many Eco-friendly practices, making us a "Green" manufacturer. See full Environmental statement on back cover.

#### QUALITY

We strive to use materials of only the highest quality in the construction of our products, delivering the best value for your customers.

#### WARRANTEE

We offer the most comprehensive 5-Year Warrantee in the industry. See back cover for details.

#### MARKETING

We provide a full array of marketing materials to support our dealers' sales efforts. YouTube Videos, Product Sell Sheets and more, are available for print and online use.

## #TCSC-32 Tablet Charging & Storage Cart

The TCSC-32 from Oklahoma Sound offers a charging and storage solution for a wide range of educational technology from tablets to many popular Chromebooks. In-&-out entry through two wrap-around doors provides users easy access to their devices and a quick, safe return for charging and storage. Protect your valuable computers by securely locking the cart with heavy-duty locks. Cords will always remain safe and secure with a recessed power panel and the slotted panels will provide healthy ventilation during charging. The cart is constructed of high-pressure thermofused cherry/black laminate on particle board, rolling easily on four heavy duty casters. Ships by truck. Fully assembled.

Optional timers available  
to have your devices  
conveniently charged

New  
for  
2018

Oklahoma Sound® is elated to add to its line of products, the all-new mobile classroom **EduTouch** and **EduTouch Pro Sit & Stand Cart**. Whether presenting or teaching, we all share the same common goal, to produce and be effective. Oklahoma Sound® designed the EduTouch Series keeping in mind that having the freedom to move around can help with concentration and organization of your classroom or audience. In addition, studies have shown that sitting for an extended period of time while working, can have a negative impact on your health.

The **EduTouch** can accommodate technology equipment such as a laptop /chromebook or tablet, and keyboard.

ATTRACTIVE GREY NEBULA DESK TOP ACCENTED WITH BLACK EDGE BANDING

Height Adjustable for Sit or Stand Positions

The **EduTouch** can be Raised or Lowered for use as a Sit Cart or Stand Cart

Equipped with a work surface suitable for all your needs, along with a keyboard tray

BUILT WITH A STRONG POWDER COATED STEEL FRAME WITH ATTRACTIVE OVAL SHAPED SIDES

UNITS ROLL ON FOUR 2 1/2" TWO-TONE DOUBLE WHEEL HOODED CASTERS

## EDTC TECHNICAL SPECIFICATIONS

Top Shelf Dimensions: 26"L x 20.75"D  
Keyboard Shelf Dimensions: 23.5"L x 9.75"D  
Height Adjustable: Low 27.75" / High 44.5"  
Leg Dimensions: 21.75"L x 19.5"D  
Unit Weight: 35 lbs

MONITOR  
ARM TO  
ATTACH  
YOUR  
COMPUTER  
SCREEN

THE **EDUTOUCH PRO** COMES WITH A SIDE PULL-OUT SHELF TO ACCOMMODATE PLACEMENT OF ALL YOUR FAVORITE TECHNOLOGY EQUIPMENT INCLUDING A DOCUMENT CAMERA, LCD MULTIMEDIA PROJECTOR AND MORE.

Ergonomics experts have concluded that freedom of movement while using a sit/stand desk can counterbalance the adverse effects of sitting and have the following benefits:

- Better blood flow
- Increased positive posture
- Being more productive and creative
- Less need for constant breaks

The **EduTouch Pro** can be **Raised** or **Lowered** for use as a **Sit Cart** or **Stand Cart**

WITH OUR **PNEUMATIC ADJUSTING SYSTEM** ADJUSTING TO YOUR COMFORT LEVEL AT ANY HEIGHT IS SIMPLE AND EFFORTLESS

The **EduTouch Pro** is furnished with a **Paper Basket** made of strong ABS plastic for all your paper storage needs.

SCREW THE ADJUSTABLE MOUNT TO YOUR DESIRED LOCATION TO ACCOMMODATE ANY CPU

**FOR COMPUTER USE**

Attach your screen to included monitor arm and place your CPU on the base of the unit with an adjustable mount to accommodate any unit. When assembling unit, simply screw the mount to your desired location. CPU will not shift and is safe and secure while moving the cart. Also includes keyboard tray.

**FOR LAPTOP USE**

The **EduTouch Pro** is built with an oversized work surface that accommodates any laptop and is equipped with a keyboard tray.

The **EduTouch Pro** offers you the flexibility to use with a computer or with a laptop.

# Lectern + Teacher's Desk = Edupod™

The industry trendsetting Edupod™ is Oklahoma Sound's newest solution to 21st Century Classroom and Educational environments.

Incorporating both a lectern and a teacher's desk in one, the Edupod™ addresses the presentation challenges educators today face. The teacher or presenter can use the Edupod™ sitting or standing. Incorporating an attractive hammer tone grey steel cabinet with locking storage & adjustable height shelves, the Edupod™ Lectern cabinet connects to a gorgeous lightweight plastic blowmolded desktop in matching grey, mounted on a contemporary frame and leg system with modesty panel.

Preset the adjustable-height grey lectern top with metal bookstop to your personal comfort zone and height requirements. Wire management grommets on Lectern cabinet allow for use of technology equipment such as projectors, laptops or tablets, and built-in attractive mesh front provides venting to prevent overheating.

Includes six double wheel hooded, two-inch caster wheels; three locking, for portability.

# The most comprehensive, fully featured, presentation center available!

## #WZD The Wizard Lectern

The most comprehensive, fully featured, presentation center available – a dream for any educator or presenter. Constructed of 18-gauge steel with square tube corner supports, accented with cherry wood surface, this unique cart offers both durability and beauty.

This unit is equipped with an easy-connect console – including both VGA & HDMI ports – that connects to a LCD projector, which can be placed/stored on the lockable sliding shelf built into the unit. The VGA/HDMI pass-through plate allows a presenter to easily connect a laptop or document camera in a flash. The lockable storage cabinet and sliding shelf are designed to support all leading brand document camera and LCD projectors. The built-in lockable storage drawer will keep all extra cables, pointers and important manuals safe and secure. The top surface is constructed from high quality one inch melamine laminate measuring 18" L x 21" W. Additionally, this unit is outfitted with a flip up side shelf measuring 16" L x 14" W which provides the option of having your laptop and document camera available to use simultaneously. Storing equipment in the large secured cabinet with an adjustable shelf makes the setting up of your presentation as easy as 1-2-3. Equipped with 4" casters, unit easily rolls throughout entire venue. A 25-foot cord with winder and a 6-outlet power strip are mounted in the inside of the unit for easy wire management. For your convenience, the Wizard requires only minor assembly.

## #SCL Smart Cart Lectern

The OS® "Computer Friendly" Lectern is a Ready-to-Assemble multipurpose Computer Lectern cart featuring a 2" deep area for a laptop that locks with a slide out locking shelf for projectors and multimedia equipment. Three locking doors provide secure storage on three inner shelves for equipment and A/V material. Wire management grommets on inside for laptop, LCD projector, and accessory equipment use. Constructed from high quality melamine thermo fused MDF with a stained pine wood finish on the base. This unit rolls on four 4-inch casters, with two locking. Assembly required.

With the evolving needs of schools towards computer friendly furniture and equipment, this affordable, in stock, quick ship lectern station fills a need for many presentation applications.

**Now includes storage and charging compartments for your tablets or chromebooks.**

### The Conversation Lectern

Built with durable 12-gauge black powder coated steel frame, this sleek mobile lectern will bring a new dimension for your presentation in the most upscale venues. This unit features a lectern surface that is made of black laminate on an MDF core. Recognizing that each presentation venue has its own character, Oklahoma Sound® is pleased to provide your unit with a choice of two modesty panel options. Simply install the look you desire. Use the sleek polycarbonate panel for one setting and simply remove and replace with acacia laminate panel for a second setting. The lectern top can be placed in two positions flat or slanted. The unit is outfitted with a retractable keyboard for use with a laptop. Ready to Assemble.

**#600****Aristocrat Floor Lectern**

Perfect lectern for the most demanding upscale look in your conference, training, and formal meeting rooms. Available in five woodgrain thermofused laminates of the highest quality. Two built in shelves for storage and one side mounted slide out shelf for A/V presentation equipment. Accented by attractive T-mold edging. Moves effortlessly on four easy roll casters; two locking. Assembly required.

**Upgraded for 2018!**

Oklahoma Sound® has introduced the perfect lectern solution for customizing logos for your institution or presentation slideshows. Designed with a new sleek curved shape in a modern cherry laminate, which provides a contemporary look for a variety of venues, The Vision is furnished with breakthrough technology; a 15-inch LCD screen built into the front of the unit. The screen has the ability to display images uploaded with a SD-card or flash drive. It includes a remote control, allowing the presenter to switch to various preloaded images with a touch of a button during a presentation or between speeches.

This integrated system can be used to display customized logos for schools, hotels or places of worship. Additionally, it enables a speaker to bring a presentation to life by displaying diagrams and photos for the audience. This beautifully hand crafted lectern is built with a 3/4-inch stain and scratch resistant thermofused melamine laminate on MDF, and is available in a wood grain cherry color. The unit is equipped with two shelves for ample storage. Moves easily with four concealed casters, two locking.

◀ SLEEK CONTOURED MATTE BLACK WOOD FRAME - 15 INCH TFT (THIN-FILM- TRANSISTOR) LCD ASPECT RATIO: 4:3 RESOLUTION: 1024X768

◀ DISPLAYS LOGOS, DIAGRAMS, OR VIDEOS WITHOUT A COMPUTER CONNECTION:  
• IMAGES • JPEG • VIDEO CLIPS  
• MPEG • MUSIC • MP3 FORMAT  
COMPATIBLE WITH ALL POPULAR SD MEMORY CARDS

## environmental statement

Protecting the environment is one of the most important factors affecting the future of the planet. Most people are now aware of the necessity of preserving and protecting nature in order to ensure our well-being and that of our children. Pollution especially that related to the over-consumption of raw materials has reached alarming levels due to our current lifestyle. That is why at Oklahoma Sound® we are constantly striving to minimize the consequences of our activities.

At Oklahoma Sound® the quality of our products and the protection of the environment go hand in hand. As a consumer of raw material, we are committed to the use of pre and post consumer waste (recycled material), while preserving the high quality standards of our products.

Examples of this include:

- **Wood** 100% of wood used for our products come from non-boreal forests. Our wood products are produced in a factory that is ISO certified for its Environmental Management System and has been awarded a certificate for the compliance with the standard ISO14001:2004.
- **Steel** All of the steel used for our products contain 30-40% of post-consumer waste (recycled).
- **Corrugated Containers** Are made of recycled fiber. 100% total recycled content and 90% post consumer content minimum.
- **Plastic** Our plastic products are made of materials that are recyclable.
- **Powder Coating VS. Liquid Finishes** Our products are powder coated and are highly protective to our environment. While liquid finishes contain solvents which have pollutants known as volatile organic compounds (VOCs), powder coating contains no solvents and releases negligible amounts, if any, of VOCs into the atmosphere. In addition, most powder coating overspray that does not adhere to the part is retrieved and reused, virtually eliminating the waste commonly found in liquid finishing processes.
- **Energy** During November 2008, Oklahoma Sound® completed a retrofit of all its lighting (over 800 fixtures), to eco-friendly units, saving 135,586 kWh annually. This reduction in energy consumption has an environmental impact equivalent to removing 20 cars from the road, 84 tons of greenhouse gas (CO2) and saving 198 barrels of oil annually!
- **Solar Energy** As the industry leader in institutional-grade audio-visual furniture, including lecterns, public address systems, computer presentation carts, etc., OS® continues to trailblaze in setting the standard for environmental stewardship. In addition to minimizing its eco footprint in the areas of raw material sourcing, energy consumption & air emissions, OS® is proud to announce a major solar panel installation on the roof of its 200,000 square foot factory facility in its corporate headquarters in Clifton, NJ, completed Summer 2011. Via the installation of a 240KW solar PV system on its roof, we will offset most of the local utility's need to burn oil and gas for electrical production in the public grid and therefore reduce greenhouse gas emissions into the atmosphere. Since we will be generating 80% of the electricity that we use with this system, we have cut our carbon footprint significantly.

## COMPREHENSIVE 5-YEAR WARRANTY

Our lectern undergoes the most rigid and exacting tests for superior quality and performance before leaving our factory. Oklahoma Sound® warrants all products to be free from defective material and workmanship on the electronic product speakers and microphones for five years from the date of resale by an authorized Oklahoma Sound® distributor. Oklahoma Sound® will replace defective parts and repair malfunctioning products under this warranty when the defect occurs under normal installation and use, provided the unit is returned to our factory via prepaid transportation after direct authorization and approval by Oklahoma Sound®. This warranty provides that examination of the returned product must disclose in our judgement, a manufacturing defect. This warranty does not extend to any product which has been subject to misuse, neglect, accident, improper installation, or where the serial number has been removed or tampered with and is given in lieu of any other warranty implied or expressed and will not cover any consequential damages.

Orders are accepted under the express agreement that under no circumstances will seller be liable for any incidental or consequential damages, or for any other loss, damage or expense of any kind, including loss of profits, arising in connection with the order or with the use or inability to use seller's products furnished under the order. Seller's maximum liability shall not exceed and buyer's remedy is limited to either (i) repair or replacement of the defective part or product, or at seller's option, (ii) return of the product and refund of the purchase price. Such remedy shall be the buyer's entire and exclusive remedy.

**At Oklahoma Sound® we are committed  
to providing quality products while  
preserving the quality of our environment.**
