WALL POCKET CAPACITIES

THE NEED FOR DINING SPACES TO SERVE MULTIPLE ROLES requires dining furniture to be more mobile, flexible, easy to reconfigure and storeable.

THE CHARIOT® GO BENCH features a seat that folds up, and built in casters allow the whole bench to be wheeled away for easy reconfiguration or storage.

AVAILABLE IN FIBERGLASS OR UPHOLSTERED seat and back, or a combination of both.

THE AERO GO TABLE completes a booth set. The Aero Go Table features built-in casters, that when stationary is rigid and does not move. The casters are activated by picking up the end of the table allowing it to be easily moved.

method quick specs

Great quality, affordable price, five heights.

POLY II LOCKING CASTER WHEELS provide excellent floor protection, abrasion resistance, high impact strength, and easy, quiet operation. They are non-marking and resistant to water, oil and most chemicals. Cabinets and liners move with little effort on these long-lasting casters. Front cabinet casters lock for secure placement.

WASTE CONTAINER AND DOLLY is included with the waste receptacle.

TRAY STORAGE tops are sized to hold standard trays behind the waste opening. Properly sized waste opening prevents trays from being discarded. Tops with a smaller opening are available on recycling receptacles.

STURDY PANEL CONSTRUCTION The side, back, top and door panels are $\frac{3}{4}$ " core laminated on both sides. Tops are constructed of $\frac{3}{4}$ " core laminated on top and backed with our standard phenolic backer. Durable for many years of use.

HEAVY-DUTY FRAME is a 12-gauge sheet steel frame that decreases weight while maintaining strength.

VARIOUS SIZES available along with other options with a flat top or a micro shelf. See price list for details.

CUSTOM TOP OPENINGS available in standard size circle and square openings. See price list for details.

STANDARD DESIGN SELECTIONS examples to right. (Note: Upcharge if other options requested)

EdgeGuard™ with $\frac{3}{4}$ " M3 particle board.

 Made in the USA

Waste receptacles are built tough and smart.

SmartEdge

SmartEdge is a “gorilla tough” urethane edge that is not only rugged, but 60% of the material consists of renewable bio-based resource. SmartEdge is a design favorite for its contemporary styling and its ergonomic comfort:

- SmartEdge has antimicrobial additives which include antibacterial and antifungal properties to ward off possible infectious germs.
- The SmartEdge urethane creates a liquid tight seal to the laminate and substrate.
- UV stabilizers in material for protecting against color fade and break-down.
- Edges are available in Eased profile.
- Custom color matching available to match your specific need with minimal charge.

Edge profile:

Eased

Standard SMARTedge Colors:

Black (1)

Light Gray (2)

Slate (7)

Innertone Light (13)

Swiss Brown (18)

Innertone (12)

Non-Standard SMARTedge Colors:

- Extended lead times may apply.
- Upcharge per color, per order. \$375 List.

PHabLAB
Empowering Educators, Engaging Students

Fab Labs/Makerspaces

A FAB LAB OR MAKERSPACE IS A PLACE FOR INNOVATION, INVENTION, COLLABORATION AND LEARNING using a variety of technical tools and materials through digital fabrication. Students learn to be creative and turn an idea into a reality and use in the real world. Whether called Fab Labs, STEAM Labs, Hackerspaces, or Makerspaces, these "Project-Based Learning" labs are popping up in educational institutions all around the globe. A Fab Lab is not just for tech courses; all STEAM classes use the spaces to enhance their curriculum. To learn more please visit us at PHab-LAB.com

training • curriculum • support • community

our partners:

DREMEL

INVENTORCLOUD

Transform and create inviting spaces for dining and collaboration.

The educational dining facility has become more than a place to eat. It's a social area where people come to eat, talk, read and collaborate. No longer can space planning include eating areas alone. PHDesign includes flexible furniture to accommodate electronic devices, backpacks, group discussions and dining.

Palmer Hamilton promotes and provides sustainable design, practices, and products in every project. Assistance in "LEED" projects and sustainable practices are a standard part of every facility we design.
