

FRK 360 PLATE CARRIER

FEATURES:

- 500 denier CORDURA® construction
- Dual bottom loading plate pockets on front and back; outer (strike face) pocket fits 10"x 12" Rifle plates and inner (body side) pocket fits foam along with 10"x 12" SPEED Plates/Ballistic Panel/Steel Plate
- 2" webbing adjustable shoulder strap with removable foam padded shoulders
- External cummerbund features envelope style opening at the top for ballistic inserts with an elastic hook/loop strap system on the inside for side hard armor plates – available in small, medium and large

- 360 degree MOLLE throughout the carrier
- Rescue strap (Back)
- Custom ID placards for easy and immediate identification

OPTIONS:

- Hi-Vis Cummerbund
- Level III / IV plate (approx. 1" thick)
- 6" x 6" plate for cummerbund pocket
- 10" x 12" shooter's cut (front & back)
- 10" x 12" soft armor backer
- Lower back and ab ballistic extender

COLORS: Black, Ranger Green, O.D. Green, Coyote, Red and Wolf Grey (Other Colors Available Upon Request)

FRK 720 PLATE CARRIER

FEATURES:

- 500 denier CORDURA® construction
- Dual top loading plate pockets on front and back to fit two sizes of plate (Size dependent). All sizes fit 10"x 12"
- 2" webbing adjustable shoulder strap with removable foam padded shoulders
- External cummerbund (available in 3 sizes) features envelope style opening at the top for ballistic inserts with an elastic hook/loop strap system on the inside for side hard armor plates

- 360 degree MOLLE throughout the carrier
- Rescue strap (Back)
- Custom ID placards for easy and immediate identification
- Cable routing elastic tabs

COLORS:

Black, Ranger Green, OD Green, Coyote, Red, Wolf Grey and Navy (Other Colors Available Upon Request)

FRK 1080 CARRIER

Image shown with optional Hi-Vis Cummerbund and ID panel

FEATURES:

- 500 denier CORDURA® construction
- High strength 400D packcloth nylon interior fabric with Tweave / Spacer Mesh
- Top loading hard armor plate pockets
- Hi-Vis reversible cummerbund (optional)
- Bungee lace cummerbund adjustment
- One size fits all shoulder straps
- Blood type identifier patch positioned on shoulder strap
- Two mag pouches in front of carrier
- Rescue strap (Back)

OPTIONS:

- Hi-Vis Cummerbund
- NIJ Level III / IV 10" x 12" shooter's cut plate (front & back)
- 6" x 6" plate for cummerbund pocket
- Hi-Vis I.D. panels
- Trap protector
- Lower back and ab ballistic extender

COLORS:

Black, Ranger Green, OD Green, Coyote, Red, Wolf Grey and Navy (Other Colors Available Upon Request)

POINT BLANK PLATE RACK

FEATURES:

- 500 denier CORDURA® construction
- Reverse bellowed pocket design
- 2" shoulder straps
- Elasticity in waist strap
- External 3 Dimensional Rescue strap (Back)
- Maximum MOLLE compatible webbing system (front and back)
- Front and back hard armor plate pockets (bottom loading)
- Elastic keepers with padding for shoulder and waist for added comfort

- 3" x 7" ID panels on front and back
- Can be ordered with foam or ballistic plate backers
- One size fits most
- Available for 8" x 10" and 10" x 12" plate sizes

OPTIONS:

- Stand Alone NIJ .06 Level III Shooter's Cut Plate
- Stand Alone NIJ .06 Level IV Shooter's Cut Plate
- Equipment Pouches

COLORS: Black, OD Green, Ranger Green, Multi-Cam, Coyote, Wolf Gray (Other Colors Available Upon Request)

TACTICAL BODY ARMOR

Point Blank's full-line of mission adaptable Tactical Body Armor Systems are exclusively designed to meet the demanding needs of high-risk tactical teams. Each vest features a fully-integrated modular design that offers instant adaptability, time-tested reliability and the most technologically advanced ballistic systems available today. More SWAT officers trust Point Blank's tactical vests because there is no compromise when it comes to dangerous missions and their protection.

FAS-CP

FAS-CP shown without Tank Track™ laser cut panels

FEATURES:

- Ergonomically designed to provide a slim, low profile fit
- Carrier can be worn concealed under uniform or as an external plate carrier.
- Front, back and side removable panels constructed of Tank Track™ laser cut materials are engineered to provide enhanced load carriage capabilities.
- Accommodates soft ballistics and/or bottom loading rifle plates
- Removable Tank Track™ laser cut panels located in:
 - Front, back and sides (available as complete set)
 - Shoulder straps with laser cut slits and hook/loop attachment
- Removable EURUS™ ventilation panels placed on hook/loop interior liner
- Adjustable elastic side straps for improved comfort and fit

- Removable Tank Track™ laser cut panels located in:
- Front, back and sides (available as complete set)
 - Shoulder straps with laser cut slits and hook/loop attachment

OPERATOR-LASER

OPTIONAL SYSTEM FEATURES:

Hard Armor

Pouches

FEATURES:

- Laser cut material flexes without losing strength
- Debris Management System limits the amount of debris being introduced into the vest and allows for any remaining water and/or debris to easily exit
- Shoulder cut allows proper stock weld
- Low-profile protective coverage
- Modular system accommodates optional collar, throat, biceps, side gap, groin and lower back armor protection

- Front and back 10" x 12" internal plate pockets

OPTIONS:

- Ballistic collar, throat, biceps, and groin protection
- Hard Armor Plates (Size dependent)
- ThorShield® Electroshock Weapon Protection
- Pouches
- Trap protector

COLORS: Black, Coyote, OD Green, Ranger Green, Multi-Cam and Wolf Grey

DRAGON FIRE

Pouches

Complete System Front

Base Vest

FEATURES:

- Exceptionally strong and durable 500 denier CORDURA® outershell construction
- Self-Suspending Ballistic System™ (SSBS) helps prevent ballistic panels from rolling and sagging inside the carrier
- Rapid release system in the shoulders and waist for rapid doffing
- Top loading plate pockets in the front and back accommodates hard armor plates, 8" x 10" or 10" x 12" (size dependent on carrier)

- Hidden front "kangaroo" pockets with bungee retention adapters, capable of securing AR-15, M16, or similar magazines
- Removable, adjustable internal and external cummerbund for load bearing stabilization
- One size external cummerbund (Overlaps in back for smaller sizes)
- Reinforced drag handle

COLORS: Black, Coyote, Multi-cam, Ranger Green and OD Green

INTERNATIONAL

Front

FEATURES:

- Exceptionally strong and durable 500 denier CORDURA® outershell construction
- Top loading plate pocket
- Bungee adjust external cummerbund with MOLLE and buckle closure
- Fits concealable shaped ballistics
- Internal cummerbund for adjustability
- Synch adjusting shoulder straps
- Side opening design with ballistic overlap

- Front and back ID panel attachment area
- Options include: Collar, Throat, Biceps and Groin protection
- Back to front adjustable side opening
- Reinforced drag handle
- Available in Laser Cut

COLORS: Black, Coyote, OD Green, Ranger Green, Wolf Grey and Multi-Cam

Back

OPTIONAL SYSTEM FEATURES:

Hard Armor

Pouches

Shown with optional KWIQ Clips closure

Shown with Standard Hook / Loop closure

FEATURES:

- Exceptionally strong and durable 500 denier CORDURA® outershell construction
- Top loading plate pocket
- Standard with hook/loop stretch elastic side closure. Optional KWIQ clips or Zipper closure
- Fits concealable shaped ballistics
- Internal cummerbund for adjustability
- Synch adjusting shoulder straps
- Side opening design with ballistic overlap

- Front and back ID panel attachment area
- Options include: Collar, Throat, Biceps and Groin protection
- Back to front adjustable side opening
- Reinforced drag handle
- Alternative side closure options include zipper and KWIQ Clip buckle

COLORS: Black, Coyote, OD Green, Ranger Green, Wolf Grey and Multi-Cam

K-9 TACTICAL

The **K-9 Operations Vest** is fully adjustable and may be deployed for searches, tracking extractions and more.

FEATURES:

- Exceptionally strong and durable 500 denier CORDURA® outershell construction
- Durable abrasion resistant outershell construction
- Improved adjustability at chest for a secure fit
- Designed for rapid donning/doffing
- Built-in harness guides
- Split collar for full range of motion during tracking
- Oversized Mil-Spec D-Ring for rapid lead attachment
- Spinal plate attachment
- Body, chest and tail outershell

COLORS: Multi-Cam, Ranger Green, OD Green, Tan and Black

SOFT SHIELD

FEATURES:

- Exceptionally strong and durable 1000 denier CORDURA® outershell construction
- Soft ballistic panels allow shield to unroll and provide instant protection (Separate storage bag included)
- Upper flap unrolls and suspends from vehicle door, boat rail, or support for breaching
- Two front plate pocket for use with 10" x 12" stand alone certified hard armor plates in Level III or IV (Hard armor plate not included)
- Easy access long pockets for housing of rods
- Rigid rods provide framing reinforcement of shield
- Return-to-Center mechanism for maintaining upper rod placement when shooting hands-free
- Elastic tension for long rod pockets for securing rods in an active environment
- Rigid rubber upper handle for maintaining grip integrity
- Lower strap handle allows for two handle application
- Sling permits hands-free shooting with pistol
- Alternate points of attachment for slings enable crosspoint or backpack style carry
- MOLLE Compatible webbing allows for adjustment of slings and shield height
- Folding positions allows for use in confined spaces
- Bottom loading flap for ballistic panel insertion
- Optional extra shoulder strap

Tandem Model

Rolled up

BALLISTIC / BREACHING BLANKET

Point Blank's **Ballistic / Breaching Blankets** are manufactured from high-strength, lightweight ballistic fabrics which are designed to provide a protective barrier against (Level IIIA) ammunition.

FEATURES:

- Exceptionally strong and durable 1000 denier CORDURA® outershell construction
- Abrasion and water resistant
- 6 heavy-duty, nylon carry handles
- Available with 2 PVC handles (not shown)

SIZES:

- 32" x 72" | 36" x 72" | 48" x 72"
- Special sizes available upon request

COLOR: Black

CORRECTIONS CARRIERS

Our advanced body armor systems are specifically designed to help protect Corrections officers against spikes, shanks and other potentially lethal weapons typically found in corrections facilities. Tested and certified by NIJ, our body armor systems provide exceptional torso, bicep, neck and groin protection against ice picks and other sharp edged, pointed weapons. We offer high performance stab packages in (Spike 1, 2 or 3), optional Edge Weapon Level III protection, as well as combo packages that offer ballistic and spike protection.

STAB THREATS

PROTECTION AGAINST STAB THREATS

Body armor that is ballistic resistant does not necessarily make it stab or puncture resistant (and vice versa). Sharp edged and hand made instruments with pointed tips such as spikes, awls or shanks generally do not need to tear the fabric to penetrate - it merely moves the fibers aside. Point Blank utilizes a combination of super fine, ultra dense materials, which prevent pointed objects from spreading or moving the individual yarns to stop penetration / puncture.

NIJ 0115.00 Standard for Stab Resistance

NIJ STANDARD 0115.00

SPIKE LEVELS

S1
S2
S3

The NIJ rates body armor on resistance to hand-delivered stab threats - the NIJ 0115.00 Standard. Maximum penetration of 0.28" / 7mm is allowed as serious injury is extremely unlikely with such a shallow wound. Also an "Over-test" is applied, to push the breaking point of the armor, where 0.79" / 20mm of penetration is allowed. Ice-pick or improvised "Spike" weapons testing is regularly conducted by Point Blank through it's independent laboratories.

Spike Systems

Model	Level	Weight	Thickness
S-PL1	1	0.28 psf	0.08"
S-PL2	2	0.44 psf	0.12"
S-PL3	3	0.56 psf	0.14"
