

Table Tops

We have tabletops surfaces for every aesthetic.

Laminate is our most popular surface, and we have special graphic laminate options unlike any other company in the world. We offer standard Wilsonart & Formica patterns, an assortment of Deluxe laminates, or upgrade to our specialty OpenStudio Patterns. Even design your own pattern and we will make it! Apply solid wood edges, either contrasting or matching PVC edge banding, classic t-mold, recyclable aluminum edge, or the most durable, seamless, antimicrobial urethane edge.

Our Solid Wood conveys a natural warmth, and is protected with a contract-grade finish. Solid phenolic is non-porous and nearly indestructible. We even make tabletops out of renewable solid surfaces.

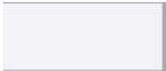

RightEdge: PVC Edge Laminate Table

Ideal for every high-traffic dining environment, our laminate surface, PVC-edge option is a perennial bestseller due to its simplicity, sturdy construction, and clean lines.

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in. Select from many color and wood grain PVC options for the edge to coordinate or contrast with your laminate choice.

RightEdge tops are 1.25” thick, composed of high-pressure laminate (0.045” thick), mounted on a 1-1/8” particleboard core with a phenolic backer. Custom shapes and sizes available upon request.

NeoCast Urethane Edge Laminate Table Tops

These tops have a durable laminate surface with a resilient edge that can withstand even the highest-traffic use. The bonded edge is fused seamlessly to resist moisture and prevents accumulation of food debris or bacteria. The bumper edge can take a beating and won't harm your chairs.

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in.

NeoCast™ Tops have a high-pressure laminate surface that is bonded to a 1-1/8" particleboard core with a backer sheet for stability. Available with custom or standard urethane color options, shown on our website, to coordinate or contrast with your laminate choice. A 3" radius is standard on all corners. These tops can be produced in limited sizes and shapes. Please call if the size you need is not shown in our specs.

MultiPly Plywood Edge Laminate Table Tops

MultiPly Tops offer both sleek looks and high performance. The exposed multi-layered plywood edge evokes 20th century innovations in furniture design while remaining always on-trend. A clever way to incorporate a subtle wood accent into any space.

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in.

A high-pressure laminate surface is bonded to a 1" thick Baltic Birch plywood core with a backer sheet for stability. MultiPly™ edges can be finished in a variety of standard or custom stains and shaped in a number of profiles. Table edges are protected with 2 coats of catalyzed vinyl sealer and 4 coats of catalyzed conversion varnish, semi-gloss. All finishes are contract-grade.

ArborEdge Laminate Tops, Standard Wood Edge

ArborEdge Tops combine a durable laminate surface with a beautiful natural wood edge. Strong enough for high-traffic settings the solid wood accent adds both substance and design dimension. Contrast or coordinate the wood stain with your desired laminate.

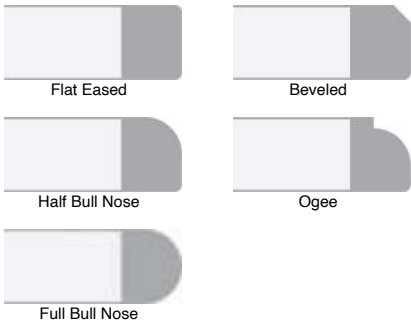

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in.

A high-pressure laminate surface is bonded to a 1-1/8" particleboard core with a backer sheet for stability. The 1 x 1-1/4" solid wood edges can be finished in a variety of standard or custom stains and are protected with 2 coats of catalyzed vinyl sealer and 4 coats of catalyzed conversion varnish, semi-gloss. All finishes are contract-grade.

Pricing shown here is for Standard Edge Profiles.

ArborEdge Laminate Tops, Designer Wood Edge

ArborEdge Tops combine a durable laminate surface with a beautiful natural wood edge. Strong enough for high-traffic settings the solid wood accent adds both substance and design dimension. Contrast or coordinate the wood stain with your desired laminate.

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in.

A high-pressure laminate surface is bonded to a 1-1/8" particleboard core with a backer sheet for stability. The 1 x 1-1/4" solid wood edges can be finished in a variety of standard or custom stains and are protected with 2 coats of catalyzed vinyl sealer and 4 coats of catalyzed conversion varnish, semi-gloss. All finishes are contract-grade.

EnduraCore Solid Phenolic Table Tops

Slim and sturdy, these extremely tough tops with a solid black core are ideal for healthcare or any space with heavy-duty needs.

The unique seamless construction requires no applied edge. It resists moisture and prevents accumulation of food debris or bacteria.

Available with any standard Wilsonart® laminate. Surface selections are shown on our website.

EnduraCore™ Table Tops are made by fusing an image layer between a protective clear overlay and a 3/4" thick solid core phenolic base under heat and pressure. A 3/4" exterior grade plywood mounting plate is bonded underneath.

EverCore Solid Surface Tops

Solid surface is infinitely renewable, recyclable, and easy to refinish or repair.

The unique seamless construction requires no applied edge. EverCore's acrylic content resists moisture and prevents accumulation of food debris or bacteria.

Can be made with most market solid surface offerings, including Samsung Staron®, Formica® Solid Surface, Corian®, LG HI-MACS®, Hanex® and Avonite®. With a 1-1/2" built-up edge profile, all tops have a 3/4" plywood blank bonded to the underside to attach any size pedestal base.

Note: FurnitureLab cannot manufacture concrete, natural stone, engineered stone, terrazzo, nor quartz products.

CONNECT WITH US FOR PRICING ON ALL QUANTITIES AND SIZES

We are happy to grade in any contract grade solid surface. FurnitureLab works most frequently with the following manufacturers. If you don't see what you need, ask your account manager!

TrueColor™: Painted MDF Tops

Add a pop of unique color to any space! Our TrueColor™ Tops deliver a one-of-a-kind super saturated satin acrylic surface. Easily cleanable and scratch-resistant, TrueColor™ is durable, seamless, and show-stoppingly great looking. Match your branding, wall paint, wallpaper, or textiles with table tops that are truly you!

TrueColor™ Tops are made from solid 1-1/8" Medium Density Fiberboard (MDF) with a flat eased edge. They can be finished in Pantone, Benjamin Moore, Sherwin Williams, or a custom match--truly any color under the sun!

Tops are protected with a color-infused urethane coating, along with a commercial-grade acrylic topcoat in a satin finish. Constructed of 100% recycled wood fiber.

Note: Color sample included in below pricing. Sample approval is required prior to production.

Minimum order of 4 table tops per color (various sizes OK).

FiberCore MDF Table Tops

Our FiberCore Tops feel warm to the touch like wood, but come at a lower cost. The exposed fibers in the surface give these tops a “recycled” aesthetic. This material absorbs stain evenly and thoroughly, which gives it an appearance of both consistency and depth.

FiberCore Tops are made from solid 1-1/8” Medium Density Fiberboard (MDF) with a flat eased edge. They can be finished in a variety of standard or custom stains.

Table tops are protected with 1 coat of catalyzed vinyl sealer and 2 coats of catalyzed conversion varnish, semi-gloss. All finishes are contract-grade.

Constructed of 100% recycled wood fiber.

Deluxe Laminates

Yes, you can have the warmth of vintage and salvaged wood--now without the splinters! These textural, hyper-realistic, dimensional laminates are inspired by rustic, antique, and repurposed wood design trends.

Deluxe looks and feels like the real thing, and FurnitureLab is the only table manufacturer that offers these fully graded-in.

Visit furniturelab.com/products/deluxe-laminates for texture options.

OpenStudio Laminates

Can't find a mass-market laminate to your liking? Tired of seeing the same old laminates in every space? Problem solved!

This stunning, FurnitureLab-proprietary line of laminate designs is unlike anything else on the contract furniture market. Discerning, design-minded decision-makers can now take full control of their laminate surfaces.

Change the scale, rotate the pattern, match it to your textiles and wall coverings, or even pull tones from a brand or school logo. Anything is possible!

Full details and our interactive app can be found at furniturelab.com/products/openstudio-patterns

A small sampling of patterns:

Custom Laminates

Company logos, original artwork, large-scale photography, school mascots, cool repeating patterns--anything you can imagine can become content for your laminate table tops!

There's no better way to create a unique and welcoming space than when everything, including the table tops, are custom crafted to fit.

Custom Laminates - Create Your Own Unique Surface Design

Use any creative software (Illustrator, Photoshop, Affinity) to create something unique for your tables—or source stock imagery. If you need design help to manipulate existing artwork or create something from scratch, we have an in-house design team that can help from start to finish!

Use a team or company logo

Use unique graphic artwork

Use beautiful photography

Use YOUR creative ideas

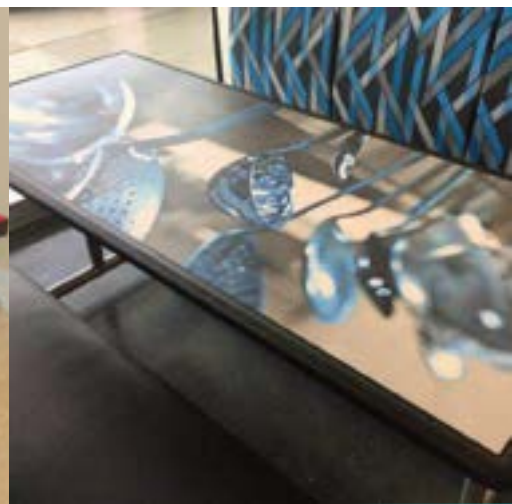

Table Bases

Far from an afterthought, our table base offering has something for every style and price point. Rely on the durable craftsmanship and express yourself with the assortment of standard and custom finishes available.

Need to roll, flip, or adjust your table height? We have a few options for that too, to maximize versatility in a multipurpose space.

Whether you want something simple or sculptural, we have a base tailored to fit every tabletop and taste.

Cantilever Table Support

Wall-mounted base used primarily for booth seating and counters. Additional Pin-Leg adds extra stability to the end of each table and is recommended with table tops 42" and longer. Available for top sizes 22" up to 30" and 34" up to 54".

Specifications

Column Material: Steel

Sustainability: All base plates and spiders made with 100% recycled material, powdercoat finish contains no VOCs

Black & White Globe Units

(Shown with Horizon & Metro Bases, Powerbox upgrades and wire management channels, all priced separately)

Who can even remember a time we weren't tethered to our devices? These stylish tabletop globe units keep everything juiced and ready to connect.

Set well above the table surface, away from food and liquids. Units include two 120 volt electrical outlets and a pair of USB chargers. Easy to assemble on site.

Power Unit placement depends on the kind of support being used as well as the size and shape of the top. Connect with your FurnitureLab account manager for recommended globe placement.

We recommend our **Horizon** and **Metro** Series bases as the columns can accommodate the power cord internally, and can be modified to accommodate a Globe Power Unit centered directly above the base, with the addition of a **Powerbox Base Upgrade** (shown above, top right image) and a wire management channel in the column. For round and square tables paired with other pedestal base models, please note that the power unit will not be centered on the top, and the cord will run external to the base column.

If used with our **Millennium** Series table legs, the units can be placed anywhere on the top, with again, a wire management channel in one or more legs as needed. These power units also work well with our **Cantilever** bases when adding power to a booth table.

Price: \$527 (Includes globe and cut out in table top; bases and optional Powerbox upgrades are additional)

How DineSafe™ Panels Work

Above mount panels can separate diners:

Wall mount or flush mount options are available for counters and booths:

Side mount panels can also separate tables with:

How to get started?

1. Mark up a floorplan or sketch of your space, noting desired panel locations and table sizes.
Alternately: Use our worksheets to spec your panels and table details.
2. Send to your FurnitureLab Account Manager for quoting and to schedule a follow up call.
3. Add installation.
4. Send quote to your client.
