PrimaGuard® Stretch
Secure | Comfortable | Dignity

4

Our industry leading technology utilizes 4 uniquely designed advancements to provide discreet comfortable leakage protection and dryness.

1. Dual Core
Having two cores significantly increases the ability to wick and lock fluid away from the skin, resulting in greater comfort and wearer satisfaction.

2. OdorLoc
PrimaGuard®'s odor destroying technology reduces ammonia levels in the core, preventing odors before they begin.

5. Full Length Hook Tabs
Provide secure, safe and adjustable fit.

6. Stretch Panels
Comfort stretch side panels are breathable and allow for easy adjustment and a perfect fit.

3. Premium Acquisition Layer
Quickly moves any liquids away from the skin and into the absorbent core ensuring the skin stays dry.

4. Extra Absorbency
Our core is thinner and even more discreet than before, providing a more comfortable, dignified fit for our users.

7. Inner Leg Cuff
Our inner leg cuffs provide the ultimate double barrier leakage protection by providing superior security whatever the use may be.
