down the drain

DRAIN MAINTAINER

Product Properties

COLOR: Opaque, White
ODOR: Pleasant
VISCOSITY: 15 cps
pH: 7.0
FLASH POINT: N/A
DETERGENCY: Excellent
BIOACTIVE INGREDIENTS: Certified Non-Pathogenic
Four-Strain Enzyme
Producing Bacteria

Description

This blend of live bacteria, enzymes, grease solubilizers and odor neutralizing agents is a natural and safe waste digester. It works naturally to break down and liquify grease and other organic wastes that build up and clog drains and grease traps. The Down The Drain Automatic System combines the concentrated product with a programmable dispensing pump that AUTOMATICALLY dispenses the proper amount of concentrate into your drain line or grease trap at scheduled intervals. This regular and measured dosage insures that grease and waste will not build up to clog lines and traps. Manual cleaning of drains and traps is virtually eliminated.

Features...Benefits

Automatic	Labor Saving
Concentrated	Economical
Non-Toxic.....	Improved User Safety
Eliminated Grease Trap Down Time	Cost Saving
Non-Caustic	Improved User Safety

Directions

Program dispenser to deliver product into grease traps and drain lines at periods of lowest use. Drain line treatment in multi-story buildings should start on the lowest floor and move up. Consult your Sales/Service Representative for additional information.

Safety Information

KEEP OUT OF REACH OF CHILDREN

CAUTION. May cause irritation to eyes and skin. Avoid contact with eyes and skin. In case of contact with eyes, flush with plenty of water. Seek medical attention if irritation persists. In case of contact with skin, flush with plenty of water.
