## How to Specify C.O.M. Upholstery

Textile designs often have intricate patterns. Not all individuals will interpret fabric direction in the same manner.

As a standard procedure, KI cuts fabrics off the roll in a horizontal fashion as shown in Diagram A at the right. By cutting in this fashion, most waste is eliminated. Our requirements for yardage in this book are based on this type of culting. When directional or patterned fabrics are used, they often require more yardage than solid colors.

## C.O.M., C.O.L. and C.O.V. Testing

Kl will require for testing actual yardage to upholster one chair. The testing requirements depend on which chair you have selected on your order.

Test samples will be applied to the order and will be held for 6 months if needed. After 6 months, the sample can no longer be applied to your order. For all products to be tested, send test samples for approval to:

KI
Attn
Attn: C.O.M. Specialist
1687 Westminster Drive, Gate 3 Green Bay WI 54302

To expedite the procedure, attach a copy of the "C.O.M. Information Form" on this page.

All C.O.M., C.O.L. and C.O.V. must be labeled with the purchase order number.
C.O.M., C.O.L. and C.O.V. Production Customer's fabrics and leathers must be approved prior to acceptance for production. Upon test approval, a 1' square sample swatch of upholstery material must accompany the order. KI assumes no responsibility for wear, defects or performance of customer's own fabrics, vinyl or leather. C.O.M., C.O.L. and C.O.V. orders are available on a deferred delivery basis.

Orders for production of C.O.M., C.O.L. and C.O.V. upholstered products are not scheduled for processing until upholstery material is received. Upon receipt, KI will provide an acknowledgement and an estimated shipping date.

By providing KI with a completely filled-out copy of the form on this page, we will be able to expedite your order. We find it particularly helpful with directional or patterned upholstery material. It is critical that copies of this form accompany test quantities as well as production quantities of C.O.M.
C.O.M. must be supplied in continuous yardage.

## KI recommends that leather be ordered in

 yardage. Leather must be usable. The outer edges cannot be calculated as square feet or yardage.The C.O.M., C.O.L. and C.O.V. yardage requirements accompanying products in the pricing section are for 10 chairs/seats or less, 54" wide nondirectional material. On larger orders, less material is required.

For exact production yardage requirements, call 1-800-424-2432, ext. 2707.
C.O.M., C.O.L. and C.O.V. Order Processing For products shipped from Green Bay, WI facility, ship upholstery material to:

## KI

Attn: C.O.M. Storage
1687 Westminster Drive, Gate 3 Green Bay, WI 54302

For products shipped from Tupelo, MS facility ship material to:

KI Tupelo
Attn: C.O.M. Storage
2112 South Green Street
Tupelo, MS 38801

For products shipped from Bonduel, WI facility, Treated Materials ship material to:

KI
Attn: C.O.M. Storage 204 West South Street Bonduel, WI 54107

For products shipped from Ontario, CA facility, ship material to:

## Avail/Impress/Kismet/Medical \& Laboratory Stools/Pilot <br> Attn: C.O.M. Storage <br> 1110 S. Mildred Ave. <br> Ontario, CA 91761

## Intricate Patterns

In the event of specific requirements for positioning of intricate patterns or pattern repeats on seats and backrests,
provide a
sketch noting
requirements,
as in Diagram
B, along with
materials for
testing, and
with the order.

If C.O.M. requires processing such as Scotchgard $®$ or acrylic backing, it often shrinks.
To prevent delays in delivery or back ordering due to shrinkage, please have your processor remeasure after processing and assure adequate yardage shipment.

## Split Orders

If a portion of the shipment which does not require C.O.M., C.O.L. or C.O.M. applications is to be processed and shipped early, KI will enter the order immediately at your request. These split shipments are subject to minimum order changes.

Contact the C.O.M. Specialist at 1-800-424-2432, ext. 2707, with questions or to verify a split order.

## Excess Upholstery Material

 KI will dispose of excess upholstery material at the time of shipment unless expressly requested to return it with the product shipment.
## Cancelled or Changed Orders

KI assumes no responsibility for extra C.0.M.,
C.O.L. or C.O.V. material due to a change of upholstery or cancellation of an order. It is the customer's responsibility to arrange for return of this material.
C.O.M., C.O.L and C.O.V. Information Form

A copy of this form should accompany test requests and production orders. Please fill it out completely, and, if your order has been acknowledged, provide the acknowledgement number.

Tandem Seating w/Tables

Seat

## SPECIFICATIONS

## Seat, Benches, or Metal Tables with

 Perforated Steel Exteriors14-ga. Sheet steel, die formed and welded to a 1 " $\times 14$ ga. Seam welded tubular steel frame. Perforations are $3 / 8$ " diameter.

## Arms

Constructed of 1" x 14-ga. Tubular steel, die formed and welded to mounting yoke. Textured plastic arm cap is permanently attached.

## Mounting

Seats, benches and tables have steel spiders and yokes welded into an integral unit. The yoke is placed over the steel beam and secured with bolts.

## Beams

Beams 11-ga. 1-1/2" $\times 2$ " seamless steel. Plastic end caps.

## Freestanding Base

14 -ga., $1.5 \times 4$ rectangular seam welded tubular steel column. Cast aluminum base is bolted to the column. Either a yoke or yoke cover are welded to the top for securing to the beam with bolts. Adjustable glides.

## Wallsaver Extension

Attaches to base with rear glide. Contacts the wall at the floor to prevent seat back from touching the wall. Black only.

## Anchored Base

The base may be drilled for anchoring with 3/8" diameter bolts. Anchoring bolts not provided.

## Embedded Base

14 -ga., $1.5 \times 4$ rectangular seam welded tubular steel column. $16^{\prime \prime}$ length for embedding in concrete. Either a yoke or yoke cover are welded to the top for securing to the beam with bolts.

## Metal Finsh

Indoor finishes are nonchipping epoxy powder, electrostatically applied, then baked on. Outdoor finishes are nonchipping poiyester powder, electrostatically applied, then baked on over a rust-inhibiting sealer.

## "L" Corner Table Assembly

For mounting modular units at a 90 degree angle. Corners are formed by mounting beam extensions joined by a table top and supported by a leg for each beam. A 2-5/8" o.d. leg with a leveling glide supports the back corner of the table top. Corner table surfaces match in-line tables.

## Plastic Laminate In-line Tables

May be used in place of seats on the beam, or for corner table applications. Solid core top $7 / 8^{" ~ t h i c k ~ c o n s i s t i n g ~ o f ~ h i g h-d e n s i t y ~}$ particle board with plastic laminate surface and vinyl bullnose edge. Rounded corners. For interior use only.

## FIRE RETARDANTS

## Upholstered Seating items:

Fire retardant treatment (FR) allows seating products to be manufactured using the appropriate flame retardant materials and fabric selections for compliance to California Technical Bulletin 133.

## Order Review/Design Service

It is KI's policy with this product to check all incoming orders for accuracy. When ordering, please provide a plan-view sketch and identify desired components.

KI will provide a design and engineering service, upon request, to tailor this product to your needs. This includes a comprehensive proposal. Contact KI for further information.

## Design

Designed by the KI Design Team.

## C.O.M. and C.O.V. Testing and Production

## Requirements

Not all materials are suitable for upholstering this product. A 12 " $\times 12$ " sample must be submitted and approved prior to acceptance of an order. If the fabric is directional in pattern or weave, the direction must be indicated on the submitted sample, and additional yardage may be requested. Leather must be free of imperfections.

## Warranty

Refer to KI Terms \& Conditions document
or visit ki.com

## Fabric

Fabric will be applied as swatched by the fabric manufacturer. Fabric that is required to be applied differently than is swatched will need a Special Cost Request written specifying the direction the fabric is to be applied. The posted standard lead time will apply to the Special Cost Request.

Test samples must be sent to:
KI
Attn: C.O.M. Specialist
1687 Westminster Drive - Gate 3
Green Bay, WI 54302
