How to Specify C.O.M. Upholstery
Textile designs often have intricate patterns. Not all individuals will interpret fabric direction in the same manner.

As a standard procedure, KI cuts fabrics off the roll in a horizontal fashion as shown in Diagram A at the right. By cutting in this fashion, most waste is eliminated. Our requirements for yardage in this book are based on this type of cutting. When directional or patterned fabrics are used, they often require more yardage than solid colors.

By providing KI with a completely filled-out copy of the form on this page, we will be able to expedite your order. We find it particularly helpful with directional or patterned upholstery material. It is critical that copies of this form accompany test quantities as well as production quantities of C.O.M.

C.O.M. must be supplied in continuous yardage.

C.O.M., C.O.L. and C.O.V. Testing
KI will require for testing actual yardage to upholster one chair. The testing requirements depend on which chair you have selected on your order.

Test samples will be applied to the order and will be held for 6 months if needed. After 6 months, the sample can no longer be applied to your order. For all products to be tested, send test samples for approval to:

KI
Attn: C.O.M. Specialist
1687 Westminster Drive, Gate 3
Green Bay WI 54302

To expedite the procedure, attach a copy of the "C.O.M. Information Form" on this page.

All C.O.M., C.O.L. and C.O.V. must be labeled with the purchase order number.

C.O.M., C.O.L. and C.O.V. Production
Customer's fabrics and leathers must be approved prior to acceptance for production. Upon test approval, a 1' square sample swatch of upholstery material must accompany the order. KI assumes no responsibility for wear, defects or performance of customer's own fabrics, vinyl or leather. C.O.M., C.O.L. and C.O.V. orders are available on a deferred delivery basis.

Orders for production of C.O.M., C.O.L. and C.O.V. upholstered products are not scheduled for processing until upholstery material is received. Upon receipt, KI will provide an acknowledgement and an estimated shipping date.

KI recommends that leather be ordered in - yardage. Leather must be usable. The outer edges cannot be calculated as square feet or yardage.

The C.O.M., C.O.L. and C.O.V. yardage requirements accompanying products in the pricing section are for 10 chairs/seats or less, 54" wide nondirectional material. On larger orders, less material is required.

For exact production yardage requirements, call 1-800-424-2432, ext. 2707.

C.O.M., C.O.L. and C.O.V. Order Processing

For products shipped from Green Bay, WI facility, ship upholstery material to:

KI
Attn: C.O.M. Storage
1687 Westminster Drive - Gate 3
Green Bay, WI 54302

For products shipped from Bonduel, WI facility, ship material to:

KI
Attn: C.O.M. Storage
204 West South Street
Bonduel, WI 54107

For products shipped from Ontario, CA facility, ship material to:

Avail/Impress/Kismet/Medical & Laboratory Stools/Pilot
Attn: C.O.M. Storage
1110 S. Mildred Ave.
Ontario, CA 91761

Intricate Patterns
In the event of specific requirements for positioning of intricate patterns or pattern repeats on seats and backrests, provide a sketch noting requirements, as in Diagram B, along with materials for testing, and with the order.

Diagram B

Treated Materials
If C.O.M. requires processing such as Scotchgard® or acrylic backing, it often shrinks. To prevent delays in delivery or back ordering due to shrinkage, please have your processor remeasure after processing and assure adequate yardage shipment.

Split Orders
If a portion of the shipment which does not require C.O.M., C.O.L. or C.O.V. applications to be processed and shipped early, KI will enter the order immediately at your request. These split shipments are subject to minimum order changes.

Contact the C.O.M. Specialist at 1-800-424-2432, ext. 2707, with questions or to verify a split order.

Excess Upholstery Material
KI will dispose of excess upholstery material at the time of shipment unless expressly request to return it with the product shipment.

Cancelled or Changed Orders
KI assumes no responsibility for extra C.O.M. C.O.L. or C.O.V. material due to a change of upholstery or cancellation of an order. It is the customer's responsibility to arrange for return this material.

SPECIFICATIONS

Seat, Benches, or Metal Tables with Perforated Steel Exteriors

14-ga. Sheet steel, die formed and welded to a 1" x 14 ga. Seam welded tubular steel frame. Perforations are 3/8" diameter.

Arms

Constructed of 1" x 14-ga. Tubular steel, die formed and welded to mounting yoke. Textured plastic arm cap is permanently attached.

Mounting

Seats, benches and tables have steel spiders and yokes welded into an integral unit. The yoke is placed over the steel beam and secured with bolts.

Beams

Beams 11-ga. 1-1/2" x 2" seamless steel. Plastic end caps.

Freestanding Base

14-ga., 1.5 x 4 rectangular seam welded tubular steel column. Cast aluminum base is bolted to the column. Either a yoke or yoke cover are welded to the top for securing to the beam with bolts. Adjustable glides.

Wallsaver Extension

Attaches to base with rear glide. Contacts the wall at the floor to prevent seat back from touching the wall. Black only.

Anchored Base

The base may be drilled for anchoring with 3/8" diameter bolts. Anchoring bolts not provided.

Embedded Base

14-ga., 1.5 x 4 rectangular seam welded tubular steel column. 16" length for embedding in concrete. Either a yoke or yoke cover are welded to the top for securing to the beam with bolts.

Metal Finish

Indoor finishes are nonchipping epoxy powder, electrostatically applied, then baked on. Outdoor finishes are nonchipping polyester powder, electrostatically applied, then baked on over a rust-inhibiting sealer.

"L" Corner Table Assembly

For mounting modular units at a 90 degree angle. Corners are formed by mounting beam extensions joined by a table top and supported by a leg for each beam. A 2-5/8" o.d. leg with a leveling glide supports the back corner of the table top. Corner table surfaces match in-line tables.

Plastic Laminate In-line Tables

May be used in place of seats on the beam, or for corner table applications. Solid core top 7/8" thick consisting of high-density particle board with plastic laminate surface and vinyl bullnose edge. Rounded corners. For interior use only.

FIRE RETARDANTS

Upholstered Seating items:

Fire retardant treatment (FR) allows seating products to be manufactured using the appropriate flame retardant materials and fabric selections for compliance to California Technical Bulletin 133.

Order Review/Design Service

It is KI's policy with this product to check all incoming orders for accuracy. When ordering, please provide a plan-view sketch and identify desired components.

KI will provide a design and engineering service, upon request, to tailor this product to your needs. This includes a comprehensive proposal. Contact KI for further information.

INFORMATION

Design

Designed by the KI Design Team.

C.O.M. and C.O.V. Testing and Production Requirements

Not all materials are suitable for upholstering this product. A 12" x 12" sample must be submitted and approved prior to acceptance of an order. If the fabric is directional in pattern or weave, the direction must be indicated on the submitted sample, and additional yardage may be requested. Leather must be free of imperfections.

Test samples must be sent to:
KI
Attn: C.O.M. Specialist
1687 Westminster Drive - Gate 3
Green Bay, WI 54302

INFORMATION

Fabric

Fabric will be applied as swatched by the fabric manufacturer. Fabric that is required to be applied differently than is swatched will need a Product Modification Request written specifying the direction the fabric is to be applied.

HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note:

- The ☐ indicates that a choice is required.
- The absence of the ☐ indicates that no choice is required.
- Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

- A**Select basic model.
- B**Select frame color.
Refer to the **Product Color Options** page in this price list.
- C**Select upholstery grade/color
Refer to ki.com/fabrics
- D**Select fire code.

NFR	- Compliance to TB 117-2013
FR	- Compliance to TB 133

See pricing column for TB133 upcharge.

FINISH INFORMATION

C.O.M. and C.O.V. Upholstery
For 10 seats or less, supply the following:

Seats require 3/4 yard of 54" wide nondirectional fabric or vinyl.

For 11 or more seats or pattern or directional material, see "ordering C.O.M, C.O.V. and C.O.L." section.

California TB133 Fire Safety Code
The above seating products can be manufactured using the appropriate flame retardant materials and fabric selections for compliance to California Technical Bulletin 133.
Add FR to end of model number.
Add Upcharge.

OPTIONS

Outdoor Coating
