A man wearing a grey baseball cap, sunglasses, a brown jacket, and a high-visibility yellow safety vest is operating a red RedMax riding mower. He is looking back over his shoulder towards the camera. The mower is red with black accents and has a black seat. The background shows a white house with a grey roof, a wooden fence, and trees with autumn foliage under a blue sky with light clouds.

MOW.

Dominate the Landscape with commercial cutting machines built to perform in the most demanding conditions. Heavy duty frames. Durable, high-performance cutting decks. Powerful and reliable Kawasaki engines. With cutting widths 48 to 72 inches, every RedMax® mower has the features and comfort to make a day in the saddle look easy – year after year.

RedMax CZTx/TX Series

The CZTx/TX Series is built on a rock-solid chassis and features premium engines and drive systems. The commercial-duty 7-gauge cutting deck is designed for high cut quality and clipping dispersal at higher ground speeds, allowing for better productivity. Careful consideration of components and design provides extended durability and exceptional ease of service access.

RedMax CZT+ Series

The CZT+ Series of commercial zero-turns take value to a whole new level. An intuitive operator interface, 13-gauge 2" x 3" heavy-duty steel frame and commercial drive system create the ultimate entry-level commercial mowing experience. With a rugged fabricated steel deck, the CZT+ is well suited for the demands of commercial mowing.

RedMax CZTE Series

Designed with the landscaper in mind, the CZTE Series provides commercial performance at a fraction of the cost. Commercial duty engines and drivetrains coupled with heavy duty frames provide reliability day after day, season after season. Excellent weight balance and an ergonomic layout provide ease of operation under the toughest mowing conditions, making short work out of big jobs.

RedMax CV Series

The RedMax CV Series stand-on mower is built tough for commercial use. Easily drive it on and off the trailer thanks to its compact design and high maneuverability. With its simple, ergonomic controls and rugged construction, the CV Series is the perfect choice for all-day mowing.

A man wearing a black cap, safety glasses, and a high-visibility yellow vest is working on a red and black RedMax leaf blower. The blower is positioned on a wooden deck, and a white fuel tank is visible at the bottom. The background shows a white house and trees with autumn foliage. The word "BLOW." is prominently displayed in large white letters on a black background, with a red dot at the end.

BLOW.

Leaf blowers are all about power, and RedMax® leaf blowers are all about helping you Dominate the Landscape. Combining industry-leading fuel-efficiency with some serious horsepower, RedMax leaf blowers are also balanced and ergonomic for all-day comfort. These are the commercial-grade blowers that professionals have come to rely on, all day, every day.

OUR MOST POWERFUL BLOWER.

● RedMax **EBZ8560/RH**

With 1,000 CFM of air volume at speeds of 220 MPH at the nozzle, the powerful EBZ8560 blower makes clearing heavy debris a breeze. In addition, it's equipped with the industry's largest fuel tank so you can reduce trips to the trailer to refuel.

● RedMax **EBZ7500/RH**

Powerful commercial backpack blower for your toughest jobs. Strato-Charged engines deliver fuel savings and reduced emissions.

● RedMax **EBZ6500RH**

Lightweight commercial backpack blower combines all the features pros need to get the job done – easy operation, powerful performance and proven durability.

● RedMax **EBZ5150/RH**

Powerful commercial-style backpack blower for demanding jobs. Excellent performance, built to withstand rugged conditions.

A man wearing a grey RedMax cap, sunglasses, and a yellow safety vest over a tan shirt is looking down at a hedge trimmer. The background is a dense green hedge. The word "HEDGE." is written in large white letters on a black background, with a red dot at the end.

HEDGE.

There's an art to hedge trimming, and it's satisfying to step back and admire a job well done. RedMax® commercial hedge trimmers are engineered for high-performance, ready to help you Dominate the Landscape with case-hardened, high-carbon steel double-reciprocating blades. So you can cut precisely, in any direction, and spend less time sharpening dull blades. Designed for balance and all-day control, these are hedge trimmers that let nothing stand in your way.

RedMax **CHTZ60**

Designed for rugged use by part-time professionals. Multi-position handle and low overall weight allow for easy maneuvering. Durable gearbox and commercial-grade blades are built for high-capacity cutting.

RedMax **CHTZ600**

(CHTZ600R)

Durable gears and hardened steel blades are built for rugged commercial use. Two-stage air filter reduces maintenance and wear on the engine, ensuring reliable performance. The CHTZ600R is a coarse cutting version of the CHTZ600.

RedMax **CHTZ750R**

High-torque gears and coarse-cut steel blades are built for demanding, commercial jobs. Two-stage air filter reduces maintenance and wear on the engine, ensuring reliable performance.

RedMax **HTZ750**

Single-sided design allows for more precise trimming, with a debris catcher for quick clean-up. Designed for commercial use, it's fitted with durable gears and hardened steel blades.

RedMax **LRTZ235**

This articulating hedge trimmer has a 24" blade and 10 locking positions to make it easy to trim professional looking hedges. Fold it to 0-degrees for safer transport to the next jobsite.

RedMax **SRTZ235**

With its ergonomic, light-weight design and higher fuel capacity, comfortably work all day with fewer trips to the trailer for refueling.

RedMax **STRZ260F**

Powerful fixed pole trimmer with double sided cutting. Commercial-grade gearbox is built to withstand the toughest conditions. Patented engine design delivers more power and less fuel consumption compared to conventional engines.

EDGE.

Edging is the finishing touch that defines a professional job - and RedMax® edgers are the definition of professional tools. Tough, commercial-grade construction teamed with MaxTorque cutting technology gives you the power to Dominate the Landscape. The all-day comfort of built-in vibration-dampening, plus an open-face aluminum guard that prevents clogging, make any job look (and feel) easy.

RedMax HEZ260F

Curved shaft edger for commercial use. Powerful, reliable and durable design is built to withstand daily use.

RedMax HEZ230S

Straight shaft edger that's built for commercial use with a powerful, reliable, balanced design.

RedMax HEZ3060S

Our most powerful edger, for the most demanding commercial use. Straight shaft design.

CURVED SHAFT EDGERS

RedMax curved shaft edgers are used primarily in loose or soft soil areas where less power is needed.

STRAIGHT SHAFT EDGERS

RedMax straight shaft edgers deliver the best transfer of power and are used in very difficult soil or clay.

TRIM.

RedMax® trimmers get the job done with low-vibration, high-acceleration solid-steel drive shafts and rugged construction. They run smooth, for all-day comfort, with a power-to-weight ratio that lets you Dominate the Landscape.

RedMax TRZ230S

With commercial-style features it's a powerful performer and makes quick work of lawn maintenance jobs. Steel drive shaft ensures durability and acceleration. Equipped with a PT104 Plus trimmer head.

RedMax BCZ230TS

High power-to-weight ratio, reliable Strato-Charged engine, and steel shaft make this a high performance, high value option for commercial users. Equipped with a PT104 Plus trimmer head.

RedMax BCZ260TS

High torque version of the BCZ260S for greater productivity. Reliable Strato-Charged engine and steel driveshaft deliver consistent power to get you through the toughest, commercial jobs. Equipped with a PT104 Plus trimmer head.

RedMax BCZ3060TS

A powerful, commercial use trimmer with added torque for demanding conditions. Strato-Charged engine provides better fuel efficiency and lower emissions. Equipped with a PT104 Plus trimmer head.

RedMax BCZ350S

A heavy-duty trimmer powerful enough for dense, wet conditions yet agile enough for precision trimming. Equipped with a T45 trimmer head and blade kit.
