CLEAR FORMULA CLEANER / MAINTAINER

Product Properties

COLOR (LIQUID): Clear, Colorless
ODOR: Floral
pH: 9
FLASH POINT: None
SPECIFIC GRAVITY: 1.007
SOLUBILITY IN WATER: Complete Dispersable
COVERAGE: Up to 30,000 sq. ft./gal.

Description

This concentrated, clear formula cleaner/maintainer effectively cleans, shines and restores finished floor surfaces without trapping dirt. This greatly extends the service life of floor finishes, saving the labor costs of premature stripping and recoating. It leaves a clear, thermal-reactive film which produces a clean, "wet look" gloss at a variety of buffer speeds. Compatible with most current types of floor finishes.

Features...Benefits

Concentrated	Economical
Cleans as it Polishes	Labor Saving
Use by Spray Buff or Mop On	Easy to Use
Doesn't Build Up	Labor Saving
Restores Finish Gloss	Improved Sanitation Perception

Directions

CLEANING AND MAINTAINING: Dilute with water at the rate of 4-6 oz./gallon for floors with a sound coat of finish. Mop and clean a manageable area of floor, not allowing floor to dry completely before buffing. Buff floor dry with a white pad. For heavily worn or damaged finish, a more concentrated solution (up to 4:1) may be used.

SPRAY BUFFING: Dilute with water at the rate of 12-18 oz./gallon into a properly labeled spray container. Spray lightly in front of floor machine and buff (using a white or red pad) until floor is dry and gloss is restored. Increase the concentration of the solution for heavily soiled areas or preclean using our compatible cleaner.

AUTOSCRUBBER: Dilute with water at the rate of 6-8 oz./gallon. Using a light duty cleaning pad, lay down, agitate and vacuum up cleaning solution. Follow by buffing with a white pad.

Safety Information

KEEP OUT OF REACH OF CHILDREN
CAUTION

May cause eye and skin irritation. IF ON SKIN: Wash with soap and water. See physician if irritation persists. IF IN EYES: Flush with flowing water for 15 minutes and contact physician. IF INGESTED: Drink several glasses of water and call a physician or Poison Control Center immediately.
