

RFP Question and Answer Document

Amendment #1 to RFP #20210813

Question #	RFP Section #	RFP Page #	Question	DOM Response
1	N/A	N/A	<p>The Division of Medicaid (DOM) is seeking a broad scope of pharmacy services through RFP #20210813. To best serve the State in accomplishing the different services and be responsive to all RFP requirements, there may be a need for multiple vendors to partner to submit a single proposal response to DOM. Subcontracting or teaming relationships, however, among potential bidders could create real or perceived conflicts of interests. These would exist in circumstances in which one of the vendors has compliance oversight responsibilities in another state Medicaid program relating to the potential partner/subcontractor. In order to avoid a potential conflict of interest, would DOM allow for multiple vendors to submit a combined proposal, but upon award allow each vendor to individually enter into direct contracts with DOM (as opposed to a prime/subcontractor relationship/contract with the State)?</p>	<p>In the best interest of the state, the Division of Medicaid (DOM) is responding to a question received earlier than the established timeline in the RFP to provide clarification regarding the procurement process. Please note all additional questions and answers will follow the timeline outlined in the RFP and responses will be posted by 5:00 p.m. on September 13, 2021.</p> <p><u>Response</u> In accordance with the petition for relief from bidding approved by Mississippi's Public Procurement Review Board, the Division of Medicaid will only issue one contract as a result of this procurement.</p>
