Section 2

2.1 Purpose

MDCPS is seeking to establish contract(s) for Comprehensive Residential Services. It is understood that any contract resulting from RFP No. 2019CTCGROUPEMERGENCY001 requires approval by MDCPS Commissioner/designee. Any contract(s) resulting from RFP No. 2019CTCGROUPEMERGENCY001 shall become effective when fully executed by all parties.

2.2 Scope of Services

Comprehensive Residential Services

All services provided shall comply with all applicable federal and State of Mississippi laws, and regulations, as now existing and as may be amended or modified.

MDCPS Comprehensive Residential Services contract encompasses a range of four (4) placement types. The four placement types are emergency shelter, group home, therapeutic foster home, and therapeutic group home. Each of the placement types is a distinct service. Potential Providers shall indicate in their proposal which placement types they are proposing to provide. MDCPS will evaluate each proposed placement type based on the merits of the proposal. A potential provider may be awarded a contract for all, some, or none of the placement types proposed. Providers will be required to attend intensive In-Service Training following award of a contract.

Emergency Shelter

The Emergency Shelter is intended to be a short-term interim placement resource. The brief time in the shelter (forty-five (45) day maximum) gives the MDCPS and Shelter staff time to further assess each child and family's situation, begin to develop individualized treatment plan service plans to expedite reunification whenever safely possible or, in the alternative, identify the most appropriate next placement for the child so that a permanent exit is more likely from that next placement.

As described below in greater detail, the Provider shall assist MDCPS County of Responsibility staff in assessing the child and their primary caregiver's strengths and needs, identify and initiate individualized clinical services with the child and /or their birth family, identify and help maintain important connections in the child's life, and act as a resource and provide necessary support to maintain the child in the next placement upon discharge from the Provider.

As outlined below, certain responsibilities are being delegated to the Provider and its staff while a child is placed in their care. These responsibilities will be fulfilled solely by the Provider unless the Provider receives communication from the child's MDCPS worker that he/she will be assuming one of these responsibilities.

Group Home

The Group Home Program shall be designed to provide services to children and youth in MDCPS custody ages ten (10) to twenty (20) years (or until the twenty first (21st) birthday if custody has been extended by the court). Group Homes may serve children younger than ten (10), upon written approval by the Regional Director, when they are siblings of a resident over age ten (10).

The goal for children in Group Home Care is lasting permanency through reunification, relative care, adoption, or guardianship. The purpose of Group Home Care is to provide an environment and services that will help children and their families develop the necessary skills to support lasting permanency.

The Group Home shall provide services to help children and youth return to their families, transition to a less restrictive setting, or to independent living. These services shall include but are not limited to:

1. Work with MDCPS staff to develop an initial strength and needs assessment and participate in treatment plan family team meetings and discharge plan family team meetings for each child placed with the Provider.
2. Allow and encourage children and youth to engage in age appropriate community and school based extracurricular activities of their choosing.
3. Work with children and youth and their permanent families to develop skills that will help support the goal of lasting permanency.
4. Work with children and youth to develop age appropriate independent living skills:

Provide support for actions and goals set out in the youth's MDCPS Independent Living Plan and/or Transitional Living Plan (to be provided to the Provider by the youth's MDCPS worker).

Help the youth attain educational goals, including graduation from high school with opportunities for higher education or vocational training. By participating in IEP meetings and communicating concerns with MDCPS staff. (Educational Liaison)

Help the youth to secure meaningful employment and a steady source of income.

Ensure the youth has access to health care services.

Provide the youth with opportunities to develop permanent connections within the community.

Individualize activity that integrate service plan goals.

Therapeutic Foster Care

A Therapeutic Resource Home is a home designed to provide services to children ages birth to twenty (20) years (or until the twenty first (21st) birthday if custody has been extended by the court) with at least moderate emotional, behavioral, medical, or developmental problems, for instance, bipolar disorder, dysthymia (depression), intermittent explosive disorder, oppositional defiant disorder, sexually deviant behavior, mental retardation/developmental delays, behavior disorder, mental illness/on medication, other diagnosed mental illnesses according to the Diagnostic and Statistical Manual of Disorders-V-TR (DSM-V-TR).

A Therapeutic Resource Home program shall recruit and provide specialized training and support services to resource parents capable of meeting the needs of these children. Resource parents providing therapeutic foster care services may require more frequent respite and support services and training in behavioral intervention.

The goal for children and youth in Therapeutic Foster Care is lasting permanency through reunification, relative care, adoption or guardianship. Therefore, the primary focus of the therapeutic resource parents and provider staff should be working with children and their families to support this goal.

Therapeutic Resource Home programs should be designed to work with children and youth who may have the following characteristics:

1. Children and youth may have a history of truancy, but are typically able to attend public school with liaison and support services provided by the agency.
2. Children and youth may have a history of impulsive behaviors, aggression and alcohol or drug misuse. The child or youth may also be appropriate for a therapeutic resource home if displaying moderate to low sexually reactive behaviors. In addition, the child or youth may have been treated at a higher level of care for sexually reactive behavior or sex offender issues and has been assessed with a low to moderate risk for reoffending.
3. Children and youth may have patterns of runaway episodes, have difficulty maintaining self-control, display poor social skills and/or have difficulty accepting authority.
4. Children and youth may have behaviors that can be treated in a home like environment, with adult supervision and intervention.
5. Children and youth may require community counseling or therapy, medication and medication management. These services shall be coordinated by the Provider in collaboration with MDCPS and integrated into treatment planning.

Therapeutic Group Home

Therapeutic Group Homes shall provide services to children in MDCPS custody ages ten (10) to twenty (20) years (or until the twenty first (21st) birthday if custody has been extended by the court) and should be designed to meet the needs of children who are unable to live at home, or with a Resource Family) with at least moderate emotional, behavioral, medical, or developmental problems, for instance, bipolar disorder, dysthymia (depression), intermittent explosive disorder, oppositional defiant disorder, sexually deviant behavior, mental retardation/developmental delays, behavior disorder, mental illness/on medication, other diagnosed mental illnesses according to the Diagnostic and Statistical Manual of Disorders-V-TR (DSM-V-TR), and therefore require temporary care in a group care setting that is integrated within the community.

The goal for children in therapeutic group homes is lasting permanency through reunification, relative care, adoption or guardianship. Therefore, the primary work with the child and family should be focused on making this happen.

The Therapeutic Group Home Provider shall provide structure, therapeutic support, behavioral intervention and other services identified in a child's permanency plan for children with moderate clinical and behavioral needs.

The Therapeutic Group Home Program shall be designed for children and youth in need of twenty-four (24) hour care and integrated planning to address behavioral, emotional, or family problems and the need for progressive reintegration into family and community living. Children and youth in a therapeutic group home placement shall remain involved in community-based schools (if possible) and participate in community and school based recreational activities with appropriate supervision.

Therapeutic Group Home programs should be designed to work with children and youth who may have the following characteristics:

1. Children and youth may have a history of truancy but are typically able to attend public school with liaison and support services provided by the agency.
2. Children and youth may have a history of impulsive behaviors, aggression and alcohol or drug misuse. The child or youth may also be appropriate for these group care programs if displaying moderate to low sexually reactive behaviors. In addition, the child or youth has been treated at a higher level of care for sexually reactive behavior or sex offender issues and has been assessed with a low to moderate risk for reoffending.
3. Children and youth may have patterns of runaway episodes, have difficulty maintaining self-control, display poor social skills and/or have difficulty accepting authority.
4. Children and youth may have behaviors that can be treated in a non-secure setting, with adult supervision and intervention.
5. Children and youth may require community counseling or therapy, medication and medication management. These services shall be coordinated by the Provider in collaboration with MDCPS and integrated into treatment planning.
6. Children and youth may require more supervision than can be provided in a regular or therapeutic foster home.

PERFORMANCE MEASUREMENT

Provider Performance will be evaluated over the course of the contract term based on service delivery, quality of service delivered, and licensing evaluations.

Case Reviews

The Performance Based Contracts Unit will conduct case reviews of provider files to evaluate the effort and quality of provider service delivery in accordance with the scopes service outlined above and MDCPS Policy. This case review process and the licensing review will be the primary mechanism through which MDCPS will hold providers accountable for providing services as outlined in these scopes of service. The results from the case review process will be used to make recommendations about future contract renewals, awards, and award amount decisions.

For the case reviews, providers will be evaluated in the following eight key practice areas that represent critical casework practices that help ensure the achievement of such outcomes.

- 1) Initial Strengths and Needs Assessment (ISNA): Focus is on the provider's understanding of the strengths and needs of the child and his or her family. This includes the timely completion of the ISNA, the level of engagement with the assigned MDCPS worker, and quality of the ISNA (i.e. exploration of the history of trauma, presenting strengths and needs, etc.).
- 2) Preserving Connections: Focus is on the provider's role in helping the child to preserve important connections while in foster care, which includes supporting and facilitating sibling and parent/child visitation as well as efforts to locate family members and support community connections.
- 3) Teaming and Permanency Planning: Focus is on the provider's efforts to ensure that there is an engaged and representative group of individuals planning and working together as a team for the child and family. This includes the timely facilitation of initial and on-going Family Team Meetings as documented by MDCPS policy providing input into the child's Initial Service Plan, and the overall quality of teaming and planning efforts.
- 4) Mental Health, Developmental, and Educational Services Provision: Focus is on the provider's efforts to understand and address the child's needs while in placement and best interested of determination.
- 5) Preparing Youth for Adulthood: Focus is on the provider's helping to ensure that the young person is prepared for transitions, which includes having input into the development of the child's transitional living plan and the provision of appropriate services.
- 6) Placement Stability and Discharge Planning: Focus is on the provider's helping to promote the child's future placement stability, which includes providing support in the transition planning process.
- 7) Provider Caseworker Contact with Child: Focus is on the provider's engaging in a consistent pattern of face-to-face contact with the child while in foster care, group home, and emergency shelters that is meaningful and aids in ensuring in the child's safety, permanency, and well-being.
- 8) Child Safety: Focus is on the provider's routinely assessing child safety and risk and reporting and responding to child maltreatment in care appropriately.

Case Review Process

- 1) Frequency
 - a) The PBC Unit will conduct case reviews for each agency/contract type combination (i.e. shelter care, therapeutic foster care, therapeutic group care and traditional group care) on a annual basis. This scheduling cycle ensures that provider practice and service delivery is being evaluated on a regular basis and also allows providers ample time to integrate review findings into their agency continuous quality improvement activities and implement corrective action or practice improvement plans that will bring about meaningful improvements.
- 2) Sampling
 - a) At the beginning of each six-month period, the PBC Unit will use the most recent agency spell file from Chapin Hall to generate a random sample of children served by each provider during the prior six-month period. When an agency provides multiple placement types, the sample will be split proportionately among all placement types offered based on the number children served in each setting.
 - i) For example, if Provider A serves 200 children over the course of a two-year performance period, 51 total cases would need to be reviewed during the four case review cycles that make up the two-year performance period. If this same provider served 120 children in a therapeutic setting and 80 in an emergency shelter setting, 60% of the 51 cases, or 31, would be randomly selected from those served in a therapeutic setting and the remaining 20 would be selected from those served in the emergency shelter.
 - b) The Sample of case selected for review during each case review period will be large enough to ensure a statistically significant number of cases are reviewed.
- 3) Period Under Review is the Annual Licensing Renewal.

- a) The period under review (PUR) refers to the specific window of time that will be the focus of the PBC deliverable of the contract (please refer to the 8 indicators referenced in Case Reviews section) and provider services that occurred during the PUR. The purpose of establishing a PUR is to ensure that there are discrete periods of time that do not overlap so that changes in practice can be seen and understood more clearly.
- b) The PUR for the case record review process, unless otherwise dictated, will be the six months prior to the start of the review, with a one-month lead time for providers to ensure that all documentation is fully up to date and entered into the case file. For example, if a provider case review is scheduled to take place in August, the PUR would be expected to run from January through July of that year. Any provider services or case activities that occurred outside the PUR would be rated not applicable for the purposes of the review.

4) Service Deficiencies

- a) If any deficiencies in service are discovered during the case review process the agency shall submit to MDCPS a Corrective Action Plan (CAP), including timeframes for undertaking the actions. MDCPS will review the CAP and shall either approve or return a request for revision.

- a. *Order to Stop Work:* MDCPS, may, by written order to Independent Contractor at any time, and without notice to any surety, require Independent Contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding 90 days after the order is delivered to Independent Contractor, unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, Independent Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the MDCPS shall either:
 - i. cancel the stop work order; or,
 - ii. terminate the work covered by such order as provided in the Termination for Default clause or the Termination for Convenience clause of this contract.
- b. *Cancellation or Expiration of the Order:* If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, Independent Contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or Independent Contractor price, or both, and the contract shall be modified in writing accordingly, if:
 - i. the stop work order results in an increase in the time required for, or in Independent Contractor's cost properly allocable to, the performance of any part of this contract; and,
 - ii. Independent Contractor asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage; provided that, if MDCPS decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this contract.
- c. *Termination of Stopped Work:* If a stop work order is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.

16. Termination. The Commissioner may terminate this contract with or without cause upon thirty (30) days prior written notice to the Independent Contractor.

17. Termination for Convenience.

- a. *Termination.* The Commissioner or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Commissioner or designee shall give written notice of the termination to Independent Contractor specifying the part of the contract terminated and when termination becomes effective.
- b. *Independent Contractor's Obligations.* Independent Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Independent Contractor will stop work to the extent specified. Independent Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Independent Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Commissioner or designee may direct Independent Contractor to assign Independent Contractor's right, title, and interest under terminated orders or subcontracts to the State. Independent Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

18. Termination for Default.

- a. *Default.* If Independent Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Commissioner or designee may notify Independent Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the Commissioner or designee, such officer may terminate Independent Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Commissioner or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Commissioner or designee. Independent Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.
- b. *Contractor's Duties.* Notwithstanding termination of the contract and subject to any directions from the procurement officer, Independent Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Independent Contractor in which the State has an interest.
- c. *Compensation.* Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Independent Contractor such sums as the Commissioner or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.
- d. *Excuse for Nonperformance or Delayed Performance.* Except with respect to defaults of subcontractors, Independent Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Independent Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Commissioner or designee within 15 days after the cause of the delay and the failure arises out of causes

such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Independent Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Independent Contractor to meet the contract requirements. Upon request of Independent Contractor, the Commissioner or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Independent Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled in fixed-priced contracts, "Termination for Convenience". (As used in this Paragraph of this clause, the term "subcontractor" means subcontractor at any tier).

- e. *Erroneous Termination for Default.* If, after notice of termination of Independent Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.
 - f. *Additional Rights and Remedies.* The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.
19. Termination Upon Bankruptcy. This contract may be terminated in whole or in part by MDCPS upon written notice to Independent Contractor, if Independent Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Independent Contractor of an assignment for the benefit of its creditors. In the event of such termination, Independent Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.
 20. Modification or Renegotiation. This agreement may be modified only by written agreement signed by the parties hereto. The parties agree to renegotiate the agreement if federal and/or state revisions of any applicable laws or regulations make changes in this agreement necessary. Modifications shall not be initiated by the Independent Contractor within the last 90 days of the contract period, without prior approval from the Commissioner's Office.
 21. Non-Solicitation of Employees. Each party to this agreement agrees not to employ or to solicit for employment, directly or indirectly, any persons in the full-time or part-time employment of the other party until at least six (6) months after this agreement terminates unless mutually agreed to in writing by the State or Contractor.
 22. Anti-assignment/Subcontracting. Contractor acknowledges that it was selected by the State to perform the services required hereunder based, in part, upon Contractor's special skills and expertise. Contractor shall not assign, subcontract, or otherwise transfer this agreement, in whole or in part, without the prior written consent of the State, which the State may, in its sole discretion, approve or deny without reason. Any

attempted assignment or transfer of its obligations without such consent shall be null and void. No such approval by the State of any subcontract shall be deemed in any way to provide for the incurrence of any obligation of the State in addition to the total fixed price agreed upon in this agreement. Subcontracts shall be subject to the terms and conditions of this agreement and to any conditions of approval that the State may deem necessary. Subject to the foregoing, this agreement shall be binding upon the respective successors and assigns of the parties.

23. Waiver. No delay or omission by either party to this agreement in exercising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute an acquiescence therein, impair any other right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver by either party to this agreement shall be valid unless set forth in writing by the party making said waiver. No waiver of or modification to any term or condition of this agreement will void, waive, or change any other term or condition. No waiver by one party to this agreement of a default by the other party will imply, be construed as or require waiver of future or other defaults.
24. E-Payment. Independent Contractor agrees to accept all payments in United States currency via the State of Mississippi's electronic payment and remittance vehicle. MDCPS agrees to make payment in accordance with Mississippi law on "Timely Payments for Purchases by Public Bodies," which generally provides for payment of undisputed amounts by the MDCPS within forty-five (45) days of receipt of invoice. Mississippi Code Annotated § 31-7-305.
25. E-Verify If applicable, Independent Contractor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act of 2008, and will register and participate in the status verification system for all newly hired employees. Mississippi Code Annotated §§ 71-11-1 *et seq.* The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Independent Contractor agrees to maintain records of such compliance. Upon request of the State and after approval of the Social Security Administration or Department of Homeland Security when required, Independent Contractor agrees to provide a copy of each such verification. Independent Contractor further represents and warrants that any person assigned to perform services hereafter meets the employment eligibility requirements of all immigration laws. The breach of this agreement may subject Independent Contractor to the following:
 - (1) termination of this contract for services and ineligibility for any state or public contract in Mississippi for up to three (3) years with notice of such cancellation/termination being made public;
 - (2) the loss of any license, permit, certification or other document granted to Independent Contractor by an MDCPS, department or governmental entity for the right to do business in Mississippi for up to one (1) year; or,
 - (3) both.

In the event of such cancellations/termination, Independent Contractor would also be liable for any additional costs incurred by the State due to Contract cancellation or loss of license or permit to do business in the State.

26. Transparency. This contract, including any accompanying exhibits, attachments, and appendices, is subject to the “Mississippi Public Records Act of 1983,” and its exceptions. See Mississippi Code Annotated §§ 25-61-1 *et seq.* and Mississippi Code Annotated § 79-23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Mississippi Code Annotated §§ 27-104-151 *et seq.* Unless exempted from disclosure due to a court-issued protective order, a copy of this executed contract is required to be posted to the Department of Finance and Administration’s independent MDCPS contract website for public access at <http://www.transparency.mississippi.gov>. Information identified by Independent Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted.
27. Paymode. Payments by state agencies using the State’s accounting system shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited into the bank account of Independent Contractor’s choice. The State may, at its sole discretion, require Independent Contractor to electronically submit invoices and supporting documentation at any time during the term of this Agreement. Independent Contractor understands and agrees that the State is exempt from the payment of taxes. All payments shall be in United States currency.
28. Procurement Regulations. The contract shall be governed by the applicable provisions of the Mississippi Public Procurement Review Board Office of Personal Service Contract Review Rules and Regulations, a copy of which is available at 501 North West Street, Suite 701E, Jackson, Mississippi 39201 for inspection, or downloadable at <http://www.DFA.ms.gov>.
29. Trade Secrets, Commercial and Financial. It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.
30. Requirements Contract. During the period of the contract, Independent Contractor shall provide all the service described in the contract. Independent Contractor understands and agrees that this is a requirements contract and that MDCPS shall have no obligation to Independent Contractor if no services are required. Any quantities that are included in the scope of work reflect the current expectations of MDCPS for the period of the contract. The amount is only an estimate and Independent Contractor understands and agrees that MDCPS is under no obligation to Independent Contractor to buy any amount of the services as a result of having provided this estimate or of having any typical or measurable requirement in the past.
