#### Reverse Auction Process.

1. HB 1109 of the 2017 Regular Session, effective January 1<sup>st</sup>, 2018 has mandated reverse auctions to be the primary method to receive competitive bids within the State of Mississippi. A reverse auction is a real-time electronic procurement practice in which suppliers compete online to bid freely on specified items within an allotted timeframe. Prices will be entered into a secure web-based procurement portal in decrements. The vendor with lowest price, meeting bid specifications, in most cases will be awarded a contract. Reverse auctions will not be used for any public contracts for design or construction of public facilities, including buildings, roads and bridges.

The State of Mississippi requires vendors to register in MAGIC (Mississippi Accountability System for Government Innovation and Collaboration) to compete for bid opportunities published by State agencies conducted via reverse auction. **State of Mississippi Supplier Registration**. The registration is free of charge, and vendors receive the pleasantries of automatic email notifications of all Mississippi bid opportunities for selected product categories. Current vendors, who have completed registration prior to January 1<sup>st</sup>, 2018, will not have to re-register to participate.

In addition to the registration, all bidders will be required to confirm compliance with all administrative and technical requirements prior to the start date and time of the reverse auction. All reverse auctions conducted by State agencies will specify the time and date of when the auction will take place within the bid proposal. Proposals will contain item specifications, and the estimated time to enter pricing. Pricing decrements will be set and sellers compete to offer lower bids than their competitors. At the expiration of the auction, bids will rank from highest to lowest. The buyer may award the contract to the vendor with the highest ranking bid (lowest price) that meets specs.

2. A Request for Quotes Formal (RFQF) - shall be advertised in accordance with Section 3.106.05.4 of Mississippi Procurement Manual. The Department shall advertise for 14 consecutive days in accordance with Section 31-7-13(c)(i)(1) of the Miss. Code Ann. Responses to the RFQF will be due not less than, but can be more than the 8th working day after the last day of advertisement. Bid opportunities may be found on the MS Procurement Portal, (RFx) Procurement Opportunities or by searching in MAGIC. Anyone can participate in the pre-qualifying RFQF. Only bidders who submit a qualifying response to the RFx (RFQF) are invited to participate in the Reverse Auction. The reverse auction will occur only after the purchasing agent has had sufficient time to prequalify the suppliers.

- 3. Responses to the RFQF will be reviewed by the Department for responsiveness to specifications. Price quotes received will be evaluated in conjunction with other market research to determine the starting price for the Auction.

In the event of termination in whole or in part, the Agency Head or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Agency Head or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

- (6) Additional Rights and Remedies. The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.
- 41. TERMINATION UPON BANKRUPTCY This contract may be terminated in whole or in part by the Department upon written notice to Contractor, if Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Contractor of an assignment for the benefit of its creditors.
