SANDLEROFFICE

Sandler Office is the new brand from Sandler Seating, bringing to you a collection of innovative European designed desking and seating focusing specifically on the contract market. With its own customer service offices in Atlanta, 50,000 sq ft warehouse in North Carolina and a national sales force of 80 independent sales reps Sandler Office is well placed to provide a superlative level of service and leading edge design.

DESIGNERS

JORGE PENSI'S studio seeks a balance between poetry and realism in their design, the aim being to create as many sensations as possible with few resources. Founded in 1984, the studio has consolidated its position within contemporary design winning numerous awards.

MARTIN BALLENDAT lives and works in Simbach, Germany. In 1983 he obtained his diploma for industrial design at the Folkwang Schule University, Essen. Since 1994, he has received over 30 international awards, including the Red Dot and IF design award 2015.

CHRISTOPHE PILLET'S design is influenced by lucidity of expression. His perfect command of refinement and sensualism has gained him global recognition and acclaim designing hotels, boutiques and furniture. He lives and works in Paris since 1988.

For CARSTEN BUHL each piece of furniture has its own story. All created with respect to the simple expression of Scandinavian design tradition, the aim is to produce furniture which complies with practical needs, whilst also meeting design quality demands.

SIMON PENGELLY'S design is characterised by a mix of minimalism and timelessness. His passionate desire to create furniture with "soul" has resulted in a number of awards and he is today a product designer for some of the world's foremost furniture manufacturers.

MAC STOPA has designed corporate interiors and custom furniture for some of the world's leading companies. He is known for his innovative furniture design and his contemporary seating is characterised by unique forms, combined with functionality and modernism.

GIANCARLO BISAGLIA'S studio works mainly in the industrial design field, creating products for office, home and community areas. He has received numerous honorable mentions at events, such as ROSCOE in Canada and the BIO Biennial in Slovenia.

184.01

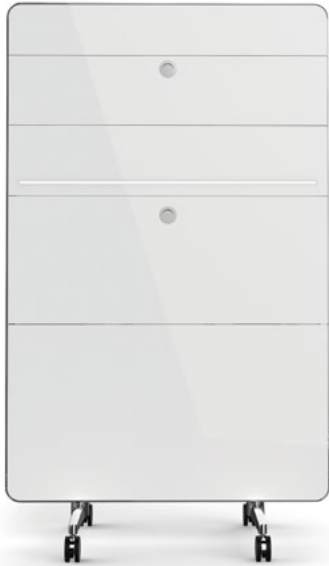

Nomado comes in a single sided or double sided version with fold down work surface and shelves. The rear of the single sided version can be used as a magnetic whiteboard making it a versatile tool for training and presentations.

Both versions are fully wired with electrical outlets, integral LED lighting and storage space for desk accessories.

NOMADO

Manufactured to the highest standards, Nomado is durable and sturdy. It is encased in an aluminum surround which provides protection for the panel edges.

Nomado is mounted on casters for ease of portability and designed to nest for high density storage when in the folded position.

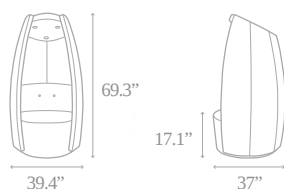

COCOON

acoustic seating unit

Fully upholstered orbital seating unit with soft, futuristic shapes, providing personal space in busy environments.

COCOON

Cocoon's curved wall shields you against the noise and pulse around you. Should it get too quiet, just switch on your Smartphone and let your favorite music flow out through the built-in Bluetooth speakers. Adjustable LED lighting is fitted to complete the mood. Cocoon can be powered directly from a main outlet or by built in rechargeable battery lasting up to 5 days. Lockable casters are fitted as standard for ease of mobility.

RIVER STONE

lounge seat

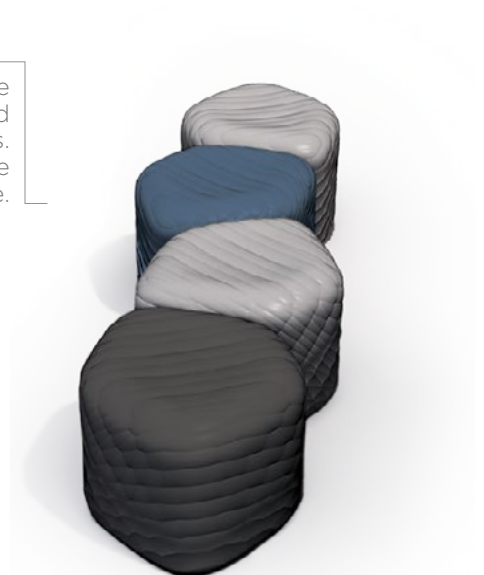

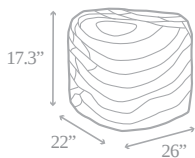

Lightweight and soft-to-touch urethane stool.

INTERIOR
DESIGN
HP
at NeoCon
HONOREE

River Stone is manufactured in durable moulded urethane. It can be used individually or nested in groups. River Stone is fire retardant and suitable for both indoor and outdoor use.

RIVER STONE 903

FIRST CLASS

lounge chair

Fully upholstered lounge chair with optional integrated charging panel with USB and power plug.

First Class is available with fixed or swivel base and optional integrated charging panel with USB and power plug.

MOVE

credenza

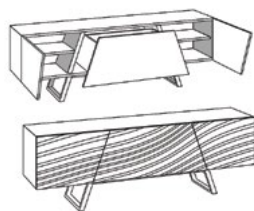

Credenza finished in black lacquer or wood grain.
Doors in soft touch integral urethane or in wood.

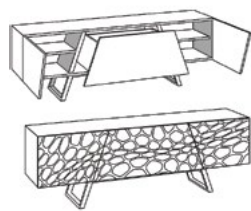

Move credenza finished in black lacquer or in wood grain. Doors in soft touch integral urethane. Features silent opening and closing system.

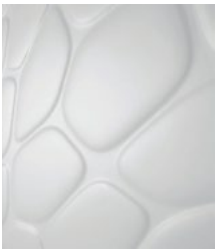

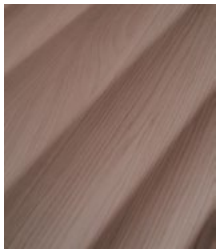

MOVE

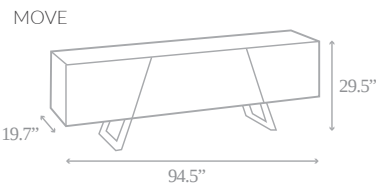

617.01 & 617.02

616.01 & 616.02

Doors come in a choice of two patterns.

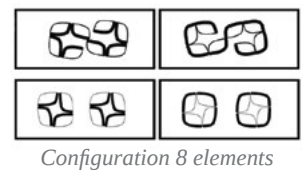

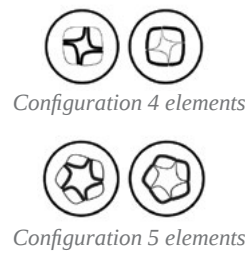

MAC'S TABLE

table system

Modular table system in urethane or wood
with top in glass, solid oak or walnut.

The base for Mac's Table is manufactured from soft-to-the-touch urethane and can be arranged in endless combinations simply by ganging the individual units to the desired shape and size.

Mac's Table is available with round or rectangular top in glass or solid wood.

OASIS

desk chair

A new interpretation of the modern desk chair.
The curved steel tube is covered by mesh fabric which creates a distinctive design.

reddot award 2015

OASIS 101 (round base)
102 (cross base)

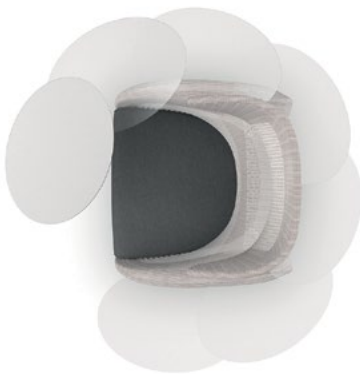

OASIS 103 (round base)
104 (cross base)

The Oasis range consists of two variations with alternative back heights and three types of bases: 5-star base with casters, 4-star base with glides or swivel plate in polished steel.

The writing tablet rotates around the chair for left or right hand users whilst the writing position can be adjusted to suit individual requirements.

The shell is supported by a mechanism that gently tilts backwards, supporting varied seating positions. The lumbar support and the headrest are covered by double fabric which offers the user an ergonomic seating position with optimal comfort.

OASIS

*Oasis bench system with swivel
and automatic memory return.
Side table in wood veneer.*

Oasis mesh fabric is available in anthracite, light beige and light gray.

SHARKO

task chair

The task chair reinvented as a self contained work place, complete with integral storage and optional writing tablet.

SHARKO 101
103 (chrome base) ↻

SHARKO 102
104 (chrome base) ↻

Sharko has a convenient storage area integrated below the seat and an optional writing tablet which rotates 360 degrees around the chair accomodating right and left handed users. When not in use it can be conveniently stowed away behind the chair.

Sharko can be equipped with height adjustment as an option.

SHARKO

The Sharko shell is made of foamed polyurethane and has an inner structure especially designed to support the user's weight comfortably. The semi-rigid PU surface of the shell gives the impression of warmth and is soft to the touch.

SHARKO

Sharko's 5-star base with casters or glides in black, white or polished aluminum.

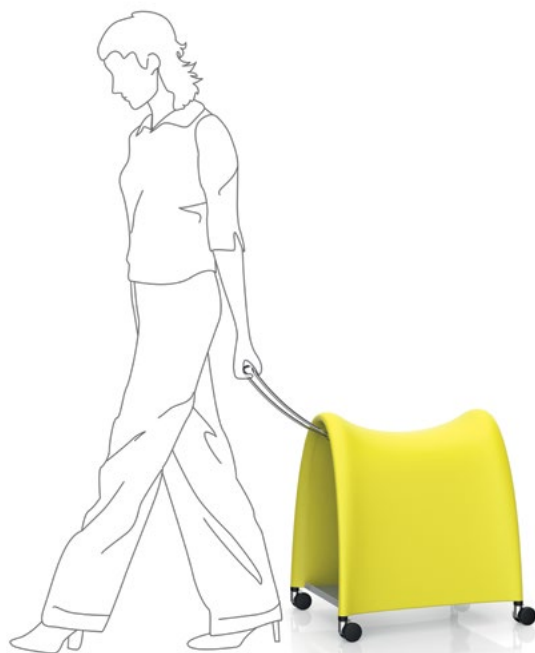

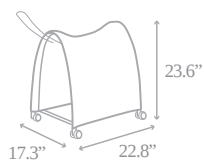

TORRO

mobile allround chair

A mobile seating companion with integrated storage.

TORRO

Torro can be stored under a bench to save space. The bench can also be used in combination with Torro to make a flexible seating group.

TORRO

Torro offers functional storage space for laptops and documents and the stainless steel handle assures simple navigation with an ergonomic posture.

Once Torro is placed in the right position, the handle can be retracted.

RED DEVIL

lounge chair

Fully upholstered chair with a unique design which adds a futuristic feel to any environment.

Red Devil comes fully upholstered in graded in fabrics or in COM. The frame is manufactured from sturdy beech with fire retardant foam.

RED DEVIL

RED DEVIL

STACKING

V-STACK

stack chair

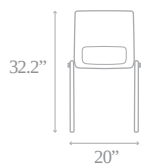

Collaborative and training chair which stacks in unlimited numbers in a completely vertical, stable formation.

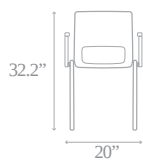

V-STACK

V-STACK SIDE CHAIR

V-STACK ARM CHAIR

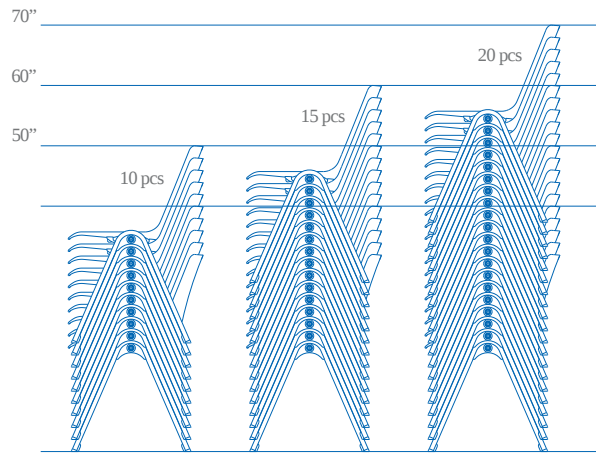

V-STACK

All models of V-Stack are offered with an optional detachable armrest. The armrest simply rotates to enable ease of stacking.

V-Stack dolly in lightweight aluminum, loads up to 25 chairs.

V-Stack's elliptic tube is bent diagonally with an angle of more than 60 degrees, which allows unlimited numbers of chairs to stack vertically in a stable formation without leaning forward like conventional stack chairs. This ensures that the stack remains completely stable whilst minimizing storage space.

V-Stack gangs together through a stable cylinder connection. All versions of the chair can be ganged with or without armrests.

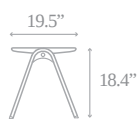

V-STACK

table and bench

Stacking table and bench with integral ganging which can be stacked in unlimited numbers in a stable formation.

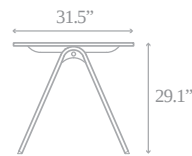

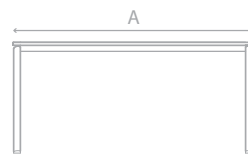

V-STACK BENCH

Length B:
27.6"
43.3"
51.2"
59"
67"

V-STACK TABLE

Length A:
