

# Reduce Maintenance Costs

with Unibody Side Chairs

Seamless Side Frames.  
No Tightening  
Required - ever.

It's Brilliant.

Modern, Durable, Comfortable  
Engineered for its environment.

A modern spin on an old classic, Sedona chairs offer a Unibody side frame cut from a single piece of 1" thick Birch plywood. By eliminating the joints, these chairs offer reduced maintenance even in the toughest environments.

19 exposed layers  
of Birch
