A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table. The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 5, 2018, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Work Chair, Suspension Mid-Back, Value Package, Assembled

AS1VA

Product Information

Description

This fully-assembled chair has a frameless 3D Intelligent® Suspension back that allows freedom of movement, while providing targeted back support and moving heat away from the body. The suspension is supported by a Y-Tower® and anchored at the bottom by the ArcSpan®. The chair has an upholstered seat with foam padding and passive Posturefit® back support. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The chair has a 5-star base and 3 height-adjustment options.

Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to set the tilt range to limit the amount of recline. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle.

Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18".

Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive Posturefit back support molded directly into the strands of the suspension material, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height.

Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1 3/8" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward.

A fire-retardant chair meets CAL 133 requirements. The chair's upholstered seat is manufactured with a fire-retardant additive.

Notes

Value package chair is upholstered with a Crossover textile in a black finish; all chair finishes are black (Y-Tower, armpads, arms, tilt cover and base).

Chair is tested and warranted for use by persons 350 pounds and under. To order chair ready-to-assemble, specify AS2VA. Pricing same as fully assembled.

Arms can be removed in the field with no tools required.

For information on casters and glides, see Casters and Glides in Appendices.

Price Category 1	+\$0

Work Chair, Suspension Mid-Back AS2SB with Stretch Knit Back Cover, Ready to Assemble

Product Information

Description

This ready-to-assemble chair has a frameless 3D Intelligent® Suspension back and a Stretch knit back cover that allow freedom of movement while providing targeted back support and moving heat away from the body. The suspension is supported by a Y-Tower®. The knit back cover provides a soft layer and has a knit-to-fit construction with elastomeric yarns that allows it to flex as the user moves. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The chair has a 5-star base and 3 height-adjustment options. Shipped knocked down and is ready to assemble with no tools required.

Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to set the tilt range to limit the amount of recline. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle.

The chair has an upholstered seat. Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18".

Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive PostureFit® back support molded directly into the strands of the suspension material, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height.

Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1 3/8" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward.

Notes

Chair is tested and warranted for use by persons 350 pounds and under.

Arm and tilt cover finish matches specified Y-Tower finish.

Arms and Stretch knit back cover can be removed in the field with no tools required.

For information on casters and glides, see Casters and Glides in Appendices.

Customer's Own Material (COM) on the seat requires 3/4 yard.

Customer's Own Leather (COL) on the seat requires 8 square feet. See Order information in Appendices.

Sayl® Work Chairs

Product Information

Description

This fully-assembled chair has a flexible narrow-top back supported by a Y-Tower® that allows freedom of movement, an upholstered seat and back with foam padding, and passive Posturefit® back support. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The chair has a 5-star base and 3 height-adjustment options.

Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to set the tilt range to limit the amount of recline. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle.

Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18".

Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive Posturefit back support, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height. Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1³/₈" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward.

A fire-retardant chair meets CAL 133 requirements. The chair's upholstered seat and back assembly is manufactured with a fire-retardant additive.

Notes

Value package chair is upholstered with a Crossover textile in a black finish; all chair finishes are black (Y-Tower, armpads, arms, tilt cover and base).

Chair is tested and warranted for use by persons 350 pounds and under. To order chair ready-to-assemble, specify AS2VC. Pricing same as fully assembled.

Arms can be removed in the field with no tools required.

For information on casters and glides, see Casters and Glides in Appendices.

Work Stool, Suspension Mid-Back, Value Package, Assembled

AS7VA

Product Information

Description

This fully-assembled stool has a frameless 3D Intelligent® Suspension back that allows freedom of movement, while providing targeted back support and moving heat away from the body. The suspension is supported by a Y-Tower®. The chair has an upholstered seat with foam padding and passive Posturefit® back support. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The stool has a 5-star base. Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to limit the amount of recline and set the back into an upright position. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle. Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18". Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive Posturefit back support molded directly into the strands of the suspension material, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height. Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1 3/8" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward. A fire-retardant stool meets CAL 133 requirements. The stool's upholstered seat is manufactured with a fire-retardant additive.

Notes

Value package stool is upholstered with a Crossover textile in a black finish; all stool finishes are black (Y-Tower, armpads, arms, tilt cover and base). Footrest available in trivalent chrome; column and ring support are black. Footrest diameter is 20". Stool is tested and warranted for use by persons 350 pounds and under. Arms can be removed in the field with no tools required. For information on casters and glides, see Casters and Glides in Appendices.

Work Stool, Suspension Mid-Back AS7VB with Stretch Knit Back Cover, Value Package, Assembled

Product Information

Description

This fully-assembled stool has a frameless 3D Intelligent® Suspension back and a Stretch knit back cover that allow freedom of movement while providing targeted back support and moving heat away from the body. The suspension is supported by a Y-Tower®. The knit back cover provides a soft layer and has a knit-to-fit construction with elastomeric yarns that allows it to flex as the user moves. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The stool has a 5-star base.

Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to limit the amount of recline and set the back into an upright position. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle.

The stool has an upholstered seat. Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18".

Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive PostureFit® back support molded directly into the strands of the suspension material, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height.

Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1³/₈" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward.

Notes

Value package stool is upholstered with a Crossover textile in a black finish; all stool finishes are black (suspension back, stretch knit back cover, Y-Tower, armpads, arms, tilt cover and base).

Footrest available in trivalent chrome; column and ring support are black. Footrest diameter is 20".

Stool is tested and warranted for use by persons 350 pounds and under. Arms and Stretch knit back cover can be removed in the field with no tools required.

Work Stool, Upholstered High-Back, Value Package, Assembled AS7VD

Product Information

Description

This fully-assembled stool has a flexible narrow-top high back supported by a Y-Tower® that allows freedom of movement, an upholstered seat and back with foam padding, and passive Posturefit® back support. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The stool has a 5-star base.

Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to limit the amount of recline and set the back into an upright position. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle.

Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18".

Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive Posturefit back support, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height. Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1 3/8" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward.

A fire-retardant stool meets CAL 133 requirements. The stool's upholstered seat and back assembly is manufactured with a fire-retardant additive.

Notes

Value package stool is upholstered with a Crossover textile in a black finish; all stool finishes are black (Y-Tower, armpads, arms, tilt cover and base).

Footrest available in trivalent chrome; column and ring support are black. Footrest diameter is 20".

Stool is tested and warranted for use by persons 350 pounds and under. Arms can be removed in the field with no tools required.

For information on casters and glides, see Casters and Glides in Appendices.

Product Information

Description

This fully-assembled work stool has a flexible narrow-top high back supported by a Y-Tower® that allows freedom of movement, an upholstered seat and back with foam padding, and passive Posturefit® back support. The synchronous tilt provides continuous balance and lets the body recline naturally, pivoting at the ankles, knees, and hips. The chair has a 5-star base.

Tilt options include a tilt limiter and tilt limiter with seat angle. The tilt limiter allows the user to limit the amount of recline and set the back into an upright position. The tilt limiter with seat angle allows the user to set the tilt range and select a 5° forward seat angle.

Seat options include a fixed 16" seat depth, or an adjustable seat depth that allows the user to adjust the depth from 16" to 18".

Back-support options include a standard option with no additional support, and an adjustable lumbar support option. The standard option has passive Posturefit back support, providing targeted support at the base of the back, below the beltline, that helps achieve healthier posture and improved lower back comfort. The adjustable lumbar support option adds a user-adjustable lumbar that adjusts 4" in height. Arm choices include a no arm option; a fixed, non-adjustable option; a height adjustable option that allows the arms to move 4" vertically; and a fully adjustable option that allows the arms to move 4" vertically, 1³/₈" horizontally, 2" front-to-back, with armpads that pivot 11° inward and 11° outward.

A fire-retardant stool meets CAL 133 requirements. The stool's upholstered seat and back assembly is manufactured with a fire-retardant additive.

Notes

Stool is tested and warranted for use by persons 350 pounds and under. Footrest available in trivalent chrome; column and ring support are black. Footrest diameter is 20".

Arm and tilt cover finish matches specified Y-Tower finish.

Arms can be removed in the field with no tools required.

For information on casters and glides, see Casters and Glides in Appendices.

Customer's Own Material (COM) requires 2 yards. Customer's Own Leather (COL) requires 23³/₈ square feet. See Order information in Appendices.

Product Information
Description
This Stretch knit back cover kit retrofits onto the back of the Sayl® work chair or stool with a 3D Intelligent® suspension back. It provides a soft layer to the front of the Sayl suspension back while maintaining breathability and moving heat away from the body. The Stretch knit has an elastomeric construction that allows it to flex to sustain the freedom of movement and targeted back support provided by the 3D Intelligent suspension back.
Notes
This knit cannot be applied to the Sayl side chair.
Stretch knit back cover can be removed in the field with no tools required.
Do not apply to existing FR chair or stool models that require compliance with CAL 133.

20-Day or Less/Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon  will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an  are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.

Order Entry fax number for all other products:
(616) 654 3085.

For more information, contact your Customer Care representative at:
(866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Casters and Glides

WARNING

Depending on the floor surface, chair may unexpectedly roll away from user when entering or exiting the chair, possibly leading to unexpected injury. Please refer to descriptions of floor types when selecting casters.

Fire Retardancy – Seating

Fire Retardancy

Fire-retardant chairs are manufactured with special cushions, cushions covered with fire-barrier material, and/or are upholstered in approved fire-retardant fabrics. These chairs meet California TB 133 requirements.

All foam, Proprietary Textiles, and Textile Alliance Program™ (TAP™) textiles on HermanMiller seating products comply with California TB 117-2013.
