SPECIFICATIONS

Conference Table Top

Table tops are constructed of 1-1/8" thick, 45 lb density particle board core, with a 1/32" veneer finished top surface and 1/32" thick phenolic backing. Serenade is available in four top shapes - rectangle, racetrack, boat and sight line. The top shape can be specified with one of six different styles of wood edging. Edging is present on all sides, with several selected edge styles providing radius or square corners.

Tops specified at 144" or longer require two piece construction using steel joinery for vertical and lateral joint strength along the entire width of the top. The veneer pattern is reverse slip matched. All joinery is hidden on the underside of the top. A flush mounted Vault power module is available.

Conference Table Base

Table bases are constructed of 5/8" thick particle board. The veneer one-sided finish width is 41/64".

Bases are offered in six styles:

- Panel base - 4" wide
- Column base - 12" wide, base is wide enough to cover a 4 receptacle floor outlet for power wiring
- Veneer drum - 18", 20", 23" and 33" diameter
- Veneer half drum - 18", 20", 23" and 33" diameter
- Metal drum - 18", 24" and 28" diameter; available in all KI standard powdercoats
- Synthesis base - 32" and 38" TT legs available

All bases feature adjustable glides 1" in diameter, 5/16-18 threaded for level setup within 2" of adjustable height. Tables sized 168" or longer are configured with three bases; all other table sizes are configured with two bases. All enclosed bases are available with an access door for easy power source access.

Conference Table Modesty Panel

Modesty panel (base "stringer") is constructed of 5/8" thick particle board. The veneer one-sided finish width is 41/64". Modesty panel height is 12" x 10" wide. Power/data options and cables are routed and hidden within the modesty panel for an organized and clean appearance.

Conference Credenza

Credenza is offered in two heights: conference height (29") and buffet height (36"). Both heights feature standard adjustable shelves. The buffet height credenza offers two adjustable shelves per cabinet; conference height offers one adjustable shelf per cabinet.

The credenza top is constructed of 1-1/8" thick particle board, with 1/32" veneer finished, solid wood front edge and veneer finish on three sides. All credenza components are constructed of 5/8" thick particle board. The entire back of the credenza is finished in veneer. The veneer finish width is

21/32" for all 2-sided finished sides, doors, shelves and trim.

Door hinges are constructed of steel, spring loaded for soft-close, fully adjustable for gap and flush closure, hidden and flush mounted. Door pulls are offered in three styles: square bar, curved and straight. Curved pulls are available in black and silver, Straight and Square pulls are available in silver. Adjustable 1" diameter 5/16-18 threaded floor glides provide level setup within 1-1/2" total adjustability.

Vault Module

Available on conference table tops only. The optional Vault Module is a power and data module constructed of stained aluminum, flush with the surface of the table top. Surface cutout needs to be 14.5" x 4.0125", overall size of the module is 15.875" x 4.375" x 4.375".

Standard configuration includes three power outlets, three data ports and one VGA connection. The module is opened and

closed by touching the red and green arrows on the surface of the module. The module also contains a photo-electronic eye that prevents closure when power or VGA cords are plugged in.

HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note:

- The ☐ indicates that a choice is required.
- The absence of the ☐ indicates that no choice is required.
- Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select stain color
Refer to color addendum at ki.com or KI Fabrics & Finishes binder.
- C** Select edge style
- | | |
|------------|---------------------------------------|
| 14R | - 1-1/4" Wood bullnose, radius corner |
| 14S | - 1-1/4" Wood bullnose, square corner |
| 15W | - 1-3/4" Wood bullnose |
| 36R | - 1-3/4" Square wood, radius corner |
| 36S | - 1-3/4" Square wood, square corner |
| 24R | - 1-1/4" Square wood, radius corner |
| 24S | - 1-1/4" Square wood, square corner |
| 44R | - 1-1/4" Beveled wood, radius corner |
| 44S | - 1-1/4" Beveled wood, square corner |

CR - Reed edge

- D** Select power module.
- | | |
|-----------|--|
| NP | - No Module |
| P1 | - Single silver vault module; add \$1912 |
| P2 | - Double silver vault module; add \$3824 |
- One module available on 120" or less, two modules on 144" or larger
- E** Select surface finish.
Refer to color addendum at ki.com or KI Fabrics & Finishes binder.
Surface finish offerings are based on edge style selections.
- F** Select access panel.
- | | |

HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The ☐ indicates that a choice is required.

- The absence of the ☐ indicates that no choice is required.
- Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

A Select basic model.

B Select stain color

Refer to color addendum at ki.com or KI Fabrics & Finishes binder.

C Select edge style

14R - 1-1/4" Wood bullnose, radius corner

14S - 1-1/4" Wood bullnose, square corner

15W - 1-3/4" Wood bullnose

36R - 1-3/4" Square wood, radius corner

36S - 1-3/4" Square wood, square corner

24R - 1-1/4" Square wood, radius corner

24S - 1-1/4" Square wood, square corner

44R - 1-1/4" Beveled wood, radius corner

44S - 1-1/4" Beveled wood, square corner

CR - Reed edge

D Select power module.

NP - No Module

P1 - Single silver vault module; add \$1912

P2 - Double silver vault module; add \$3824

One module available on 120" or less, two modules on 144" or larger

E Select surface finish.

Refer to color addendum at ki.com or KI Fabrics & Finishes binder.

Surface finish offerings are based on edge style selections.

F Select access panel.

NAP - No access panel

WAP - With access panel; add \$141
