QuickChange Male Incontinence Wrap
Wraps, Incontinence: Male Incontinence Wrap, 25/Pack

- Intended to handle male urinary incontinence in sleeping and nonambulatory patients
- Innovative design allows a single caregiver to change a patient in about a minute with no lifting involved
- The one-size-fits-all wrap collects urine before skin contact can be made, significantly reducing the risk of incontinence acquired dermatitis, which can occur with the use of incontinence briefs
- Superabsorbent core draws moisture in and away from skin to help prevent liquid from pooling on skin
- Open top allows air circulation to skin, providing a healthy microclimate that fights skin breakdown

QuickChange Absorbent Male Incontinence Wraps by UI Medical
MALE INCONTINENCE WRAP, 10 COUNT BAG

- Intended to handle male urinary incontinence in sleeping and nonambulatory patients
- Innovative design allows a single caregiver to change a patient in about a minute with no lifting involved
- The one-size-fits-all wrap collects urine before skin contact can be made, significantly reducing the risk of incontinence acquired dermatitis, which can occur with the use of incontinence briefs
- Superabsorbent core draws moisture in away from skin to help prevent liquid from pooling onto skin
- Open top allows air circulation to skin, providing a healthy microclimate that fights skin breakdown
