SHARP

BP-50M26 / BP-50M31 / BP-50M36 / BP-50M45
Networked Digital Copier

Designed to fit today's diverse workstyles, the Essentials Series monochrome document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, its vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 26 / 31 / 36 / 45 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
    - ➢ 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
    - ➢ Optional Stand with (1) x 550 sheet paper drawer
    - ➢ Optional Stand with (2) x 550 sheet paper drawers
    - ➢ Optional Stand with (3) x 550 sheet paper drawers
    - ➢ Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
    - ➢ Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Award-winning 10.1" (diagonally measured) touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 100-sheet reversing single-pass document feeder scans documents at speeds up to 80 images per minute
- ◆ Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Optional wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- ◆ Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- ◆ 600 x 600 dpi resolution delivers razor-sharp text and graphics
- ◆ With the OCR Expansion Kit, you can easily convert documents to popular Microsoft® and PDF file formats. Add options to Direct Print these same file types from thumb drives, cloud applications and more.
- ◆ Supports native Universal Print from Microsoft, with optional PostScript 3 kit enabling businesses to easily adapt to this popular cloud service
- ◆ Optional Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
  (Measurements for base model without Stand)

BP-B540WR / BP-B550WD Monochrome Document System

The simply smarter BP-B540WR and BP-B550WD compact monochrome document systems deliver advanced security and collaborative functionality with high-quality output. These models provide users with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with high-performance features typically found on larger multifunction printers, both models deliver the user experience needed to meet the requirements of today's hybrid work environment.

Sharp's easy-to-use touchscreen display is designed to deliver an accurate responsive user experience, imperative for today's sophisticated workflows. The BP-B540WR/B550WD utilize modern technology to help users get their work done with ease and efficiency. Innovative features and enhanced auto skew correction ensure jobs come out right the first time, every time.

In today's ever changing work environments, it's vital to protect endpoint devices from security threats, which is why Sharp uses the latest technology to help ensure your data remains safe.

Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files and even utilize touchless operation with the Sharp Synappx Go app.

Features at a glance

- Crisp black-and-white copies at speeds of 40 PPM (BP-B540WR) and 50 PPM (BP-B550WD)
- Paper capacity maximum: 2,350 sheets (letter and legal)
  - Standard 500 sheet paper drawer and 50 sheet bypass tray
  - Optional: up to 3 additional 600 sheet paper drawers
- 50 Sheet Reversing Single Pass Feeder (BP-B540WR), 100 Sheet Duplexing Single Pass Feeder (BP-B550WD)
- Both models can feed letter, legal, statement and business card sized original documents
- Customizable Touchscreen display enables easy access to features and functions when setting up jobs
- Built-in Optical Character Recognition (OCR) function can convert scanned documents to text-searchable PDF format, Microsoft® Office file formats and more
- Direct print Microsoft Word, PowerPoint® and Excel® files with thumb drives, cloud applications, network folders and more
- Standard Compact PDF feature reduces file sizes of most scanned color documents and decreases network traffic and storage
- Access popular cloud services, including Microsoft OneDrive® for Business, Microsoft Teams, SharePoint® Online, Box.com, Google Drive™, Dropbox and more with the Cloud Connect feature and Sharp Application Portal
- PCL® 6 and Adobe®/Postscript® 3™ network printing
- Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and notebook computers
- Strong, multi-layered security such as system integrity check, intrusion detection, and optional Bitdefender antivirus help protect your data
- Dimensions: 19-3/8" (w) x 21-5/8" (d) x 22" (h) - BP-B540WR
  19-3/8" (w) x 21-5/8" (d) x 24" (h) - BP-B550WD

The MX-B427W desktop monochrome document system delivers crisp, high-quality output with exceptional ease of use. This model provides customers with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with robust technology and energy efficient features, the compact MX-B427W delivers the productivity you need with the performance and reliability you want in your workplace or home office.

Features at a glance

- Productive Printing Speeds up to 42 ppm
- Standard copy, print, scan and fax capability right out-of-the-box
- Compact design easily fits into small offices or home workspaces in desktop or console configurations
- 50 sheet duplexing document feeder
- Offers up to three paper sources with available 900 sheet maximum paper capacity (letter/legal/statement)
- 2.8" (diagonal) color touchscreen display with user-friendly graphical interface
- Easily copy both sides of ID, business or credit cards onto one single page
- Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and even notebook computers
- Supports letter, statement and legal size paper through the standard paper drawer or bypass tray as well as envelopes (bypass tray only)
- 600 x 600 dpi printing delivers clear, crisp images and text page after page
- Sharp Remote Device Manager (SRDM) allows administrators to have centralized control of the device over the network in order to simplify installation and management
- Protect your intellectual property: a wide range of security features help to keep your information safe, whether it's in a document, on the device, or over your network
- Convenient front-facing USB port for easy direct printing of PDF files from a USB drive without having to access a PC

- Dimensions 16.2" (w) x 14.4" (d) x 13.3" (h)

SHARP

BP-50M55 / BP-50M65 Networked Digital Copier

Designed to fit today's diverse workstyles, the Essentials Series monochrome document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, its vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- 55 / 65 PPM Black & White Output - **<u>Networked</u>**
- Paper capacity maximum: 6,300 sheets
  - ➢ 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
  - ➢ Optional Stand with (1) x 550 sheet paper drawer
  - ➢ Optional Stand with (2) x 550 sheet paper drawers
  - ➢ Optional Stand with (3) x 550 sheet paper drawers
  - ➢ Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
  - ➢ Optional 3,000 sheet large capacity tray
- Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features
- Standard 100-sheet reversing single-pass feeder scans originals at speeds up to 80 images per minute
- Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- Optional wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- Easily scan documents to Microsoft and PDF file formats, or direct print these file types from thumb drives and cloud applications with optional expansion kits
- Supports native Universal Print from Microsoft with optional PostScript 3 kit enabling businesses to easily adapt to this popular cloud service
- Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows (optional)
- Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- Dimensions 24" (w) x 26" (d) x 33" (h) *(Measurements for base model without Stand)*

BP-70M55 / BP-70M65 Networked Digital Copier

Designed to fit today's diverse workstyles, the Advanced Series monochrome document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like optional multi-feed scan detection and enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, its vital to protect endpoint devices from security threats, that is why the Advanced Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 55 / 65 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
    - ➢ 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
    - ➢ Optional Stand with (1) x 550 sheet paper drawer
    - ➢ Optional Stand with (2) x 550 sheet paper drawers
    - ➢ Optional Stand with (3) x 550 sheet paper drawers
    - ➢ Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
    - ➢ Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Automatic walk-up motion sensor wakes the machine from sleep mode so it's ready within seconds
- ◆ Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 300-sheet duplexing single-pass document feeder offers double feed detection (optional) and scans documents at speeds up to 280 images per minute
- ◆ Collaborate with hybrid workers using popular cloud services, such as Microsoft Teams, Google Drive™ and Dropbox
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- ◆ Wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- ◆ Built-in retractable keyboard simplifies email address and subject line entries
- ◆ Supports native Universal Print from Microsoft, enabling businesses to easily adapt to this popular cloud service
- ◆ Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 34" (h) *(Measurements for base model without Stand)*

SHARP

MX-B557F Desktop Monochrome Document System

The MX-B557F desktop monochrome document system produces crisp, high-quality output with exceptional ease of use. This model provides customers with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with high-performance features typically found on larger machines, the compact MX-B557F delivers the productivity and performance you need in your home office or place of business.

Features at a glance

- ◆ Productive Printing Speeds up to 55 ppm
- ◆ Standard copy, print, scan and fax capability right out-of-the-box
- ◆ Easily fits into small offices or home workplaces in desktop or console configurations
- ◆ 200 sheet duplexing document feeder scans both sides of a document in a single pass for enhanced productivity

- ◆ Offers up to five paper sources with available 3,300 sheet maximum paper capacity (letter and legal)
- ◆ 10" (diagonal) color touchscreen with adjustable viewing angle offers smooth, tablet-style interaction
- ◆ Built-in optical character recognition (OCR) allows users to convert a scanned document into a searchable PDF file or into an editable Word file

- ◆ Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and even notebook computers
- ◆ Supports letter and legal size paper as well as envelopes through the standard paper drawer or bypass tray
- ◆ 1,200 x 1,200 dpi resolution produces razor-sharp documents. PostScript® 3™ drivers offer extensive job control
- ◆ Sharp Remote Device Manager (SRDM) allows administrators to have centralized control of the networked MFP in order to simplify installation and management
- ◆ Standard compact PDF feature dramatically reduces the file size of most color scanned documents resulting in decreased network traffic and efficient use of cloud storage
- ◆ Convenient USB port located in the front of the device lets users access the machine quickly when printing direct from a USB drive

- ◆ Dimensions 45.3" (w) x 27" (d) x 27.3" (h)

October 30, 2023

The Sharp BP-70M75 and BP-70M90 high volume monochrome document systems enable workers to collaborate and share information seamlessly and securely. Enhanced access to cloud services such as Microsoft Teams makes it easy to streamline communication and enhance productivity with hybrid workers.

Sharp's easy-to-use touchscreen display is built on an award-winning design and delivers an accurate, responsive user experience, critical for today's sophisticated workflows. Innovative features like optional double-feed scan detection and enhanced auto-skew connection ensure jobs come out right the first time, every time. Easily access expanded cloud services, and connect with devices to enable touchless operation with the Sharp Synappx Go app.

These models use the latest security technology in today's hybrid working environments to protect endpoint devices from security threats. And with Sharp's multi-layered Security Suite, these models can help protect your data and personal information from the first day of operation to the time of trade-in.

SHARP

MX-M1056 / MX-M1206 Networked Monochrome Document System

From scan-centric environments to in-plant copy rooms, the Sharp monochrome Pro Series MX-M1056 and MX-M1206 deliver advanced features that can help streamline your workflow like never before. These models are built on proven technology with award-winning reliability to handle the rigorous demands of high-volume environments.

The MX-M1056 and MX-M1206 include a large, high-resolution 15.4" color touchscreen display with integrated keyboard and touch pad that offers a user-friendly graphical interface with simplified Easy Modes, intuitive job management and quick access to network services. GBC SmartPunch™ Plus is available as a fully automated in-line punching system that dramatically streamlines workflow from printing to punching, perforating or creasing in one easy step. The powerful Fiery Print Server is available for advanced workflows and high productivity. Command WorkStation is fully integrated with the Sharp touchscreen for unmatched control and ease-of-use.

Features at a glance

- ◆ 105 / 120 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
  - ➤ 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
  - ➤ Optional Triple Air-feed 2 Drawer 2,500 sheet (each drawer) large capacity cassette - letter / legal / ledger / statement / 12" x 18" size
  - ➤ Optional 3,500 sheet letter size large capacity cassette
- ◆ 300 sheet duplexing single pass feeder (DSPF) scans documents at up to 240 images per minute
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Print Engine Paper Catalog stores up to 1,000 media profiles for optimal print quality
- ◆ Adobe Embedded Print Engine technology, which direct prints PDF files from a variety of sources with greater performance and rendering accuracy
- ◆ Available Fiery® Print Server delivers performance-boosting features that shorten turnaround times
- ◆ High-performance print controller with included PCL®6 and Adobe PostScript 3
- ◆ Flexible paper handling system supports media up to 110 lb cover stock
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive® for Business, SharePoint® Online, Box and Google Drive™, with the Sharp Cloud Connect feature
- ◆ Standard Job Management features make it easy to print on-demand as well as view jobs, retain jobs, combine jobs, select print settings and more
- ◆ Easily convert documents to popular Microsoft® file formats, as well as a variety of PDF formats, with standard OCR (optical character recognition) capabilities
- ◆ Leading-edge, multi-layered security features include Firmware Attack Prevention and Self Recovery, Application Whitelisting, and the convenient Sharp End-of-Lease feature, which erases all data from the device at time of trade-in
- ◆ Dimensions 45" (w) x 30-1/2" (d) x 60-1/4" (h)

Color Specifications & Pricing

SHARP

BP-50C26 / BP-50C31 / BP-50C36 / BP-50C45
Networked Digital Color Copier

Designed to fit today's diverse workstyles, the Essentials Series color document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, its vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 26 / 31 / 36 / 45 PPM Black & White - 26 / 31 / 36 / 45 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
    - ➢ 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
    - ➢ Optional Stand with (1) x 550 sheet paper drawer
    - ➢ Optional Stand with (2) x 550 sheet paper drawers
    - ➢ Optional Stand with (3) x 550 sheet paper drawers
    - ➢ Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
    - ➢ Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Award-winning 10.1" (diagonally measured) touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 100-sheet reversing single-pass document feeder scans documents at speeds up to 80 images per minute
- ◆ Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Optional wireless LAN supports 5GHz Wi-Fi (802.11 ac) for stable, high-speed network communication
- ◆ 1,200 x 1,200 dpi resolution delivers razor-sharp text and graphics
- ◆ With the OCR Expansion Kit, you can easily convert documents to popular Microsoft® and PDF file formats. Add options to Direct Print these same file types from thumb drives, cloud applications and more.
- ◆ Supports native Universal Print from Microsoft, enabling businesses to easily adapt to this popular cloud service
- ◆ Advanced Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ Sharp Color Consistency System - Advanced auto-calibration helps ensure color output is always at peak performance
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h) *(Measurements for base model without Stand)*

![SHARP]

BP-70C31 / BP-70C36 / BP-70C45 Networked Digital Color Copier

Designed to fit today's diverse workstyles, the Advanced Series color document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like multi-feed scan detection and enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, its vital to protect endpoint devices from security threats, that is why the Advanced Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- 31 / 36 / 45 PPM Black & White - 31 / 36 / 45 PPM Color Output - **Networked**
- Paper capacity maximum: 6,300 sheets
    - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
    - Optional Stand with (1) x 550 sheet paper drawer
    - Optional Stand with (2) x 550 sheet paper drawers
    - Optional Stand with (3) x 550 sheet paper drawers
    - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
    - Optional 3,000 sheet large capacity tray
- Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- Automatic walk-up motion sensor wakes the machine from sleep mode so it's ready within seconds
- Award-winning 10.1" (diagonally measured) touchscreen delivers an accurate, responsive user experience and provides easy access to features
- Standard 300-sheet duplexing single-pass document feeder offers double feed detection (optional) and scans documents at speeds up to 280 images per minute
- Collaborate with hybrid workers using popular cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- Wireless LAN supports 5GHz Wi-Fi (802.11 ac) for stable, high-speed network communication
- Full-size retractable keyboard allows quick, easy and accurate data entry
- 1200 x 1200 dpi printing produces razor-sharp documents
- Supports native Universal Print from Microsoft, enabling businesses to easily adapt to this popular cloud service
- Advanced Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- Sharp Color Consistency System - Advanced auto-calibration helps ensure color output is always at peak performance
- Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- Dimensions 24" (w) x 26" (d) x 33" (h)
    (Measurements for base model without Stand)

SHARP

MX-C428F / MX-C528F Desktop Color Document System

Designed to fulfill today's diverse business needs, the color MX-C428F and MX-C528F document systems enable workers to collaborate and share information seamlessly and securely throughout the office environment. Enhance your office's output of professional-quality color content that gets the attention of your audience while saving time and money!

Features at a glance

- Productive Printing Speeds - 42 ppm (MX-C428F) and 52 ppm (MX-C528F)
- Standard copy, print, scan and fax capability right out-of-the-box
- Scan originals at speeds of up to 104 images per minute on the MX-C528F and 84 images per minute on the MX-C428F
- 100 sheet duplexing single pass feeder
- Offers up to six paper sources with available 2,850 sheet maximum paper capacity
- MX-C428F 7" (diagonal) and MX-C528F 10" (diagonal) color capacitive touchscreen with adjustable viewing angle offers smooth tablet-style interaction
- Built-in optical character recognition (OCR) on the MX-C528F allows users to convert a scanned document into a searchable format
- Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets laptops and Apple AirPrint
- Supports letter and legal size paper as well as envelopes through the standard paper drawer or bypass tray
- Built in double feed detection (MX-C528F only) and an optional convenience stapler enable users to easily manage their workflows
- Print popular file formats such as PDF, Word, Excel and PowerPoint directly from USB drives
- Standard compact PDFs dramatically reduce the file size of most color scanned documents
- Sharp Remote Device Manager (SRDM) gives administrators control of their networked multifunction printers (MFPs) and printers
- Dimensions 18.85" (w) x 20.9" (d) x 24.4" (h)

SHARP.

BP-50C55 / BP-50C65 Networked Digital Color Copier

Designed to fit today's diverse workstyles, the Essentials Series color document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, its vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 55 / 65 PPM Black & White - 55 / 65 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
    - ➢ 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
    - ➢ Optional Stand with (1) x 550 sheet paper drawer
    - ➢ Optional Stand with (2) x 550 sheet paper drawers
    - ➢ Optional Stand with (3) x 550 sheet paper drawers
    - ➢ Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
    - ➢ Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 100-sheet reversing single-pass feeder scans originals at speeds up to 80 images per minute
- ◆ Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Optional wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- ◆ Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- ◆ Easily scan documents to Microsoft and PDF file formats, or direct print these file types from thumb drives and cloud applications with optional expansion kits
- ◆ Supports native Universal Print from Microsoft with optional PostScript 3 kit enabling businesses to easily adapt to this popular cloud service
- ◆ Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows (optional)
- ◆ Sharp Color Consistency System - Advanced auto-calibration helps ensure color output is always at peak performance
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h) *(Measurements for base model without Stand)*

MX-7081 / MX-8081 Networked Digital Color Copier

The Sharp MX-7081 and MX-8081 color document systems are designed using the latest technology available to deliver the performance, features and reliability needed in today's busy workplace. Built for high-volume environments, central reprographics departments and copy rooms, these document systems are complemented by the robust paper handling and productive output capabilities once found only in commercial print facilities. These models also offer leading-edge security features to help businesses protect their data and personal information.

Sharp's next generation Color Consistency System helps ensure brilliant color output, page-after-page and job-after-job, for repeatable, high-quality results. Businesses can rest assured that producing professional-looking color documents in-house can be easier and more economical than ever before.

The MX-7071 and MX-8081 high speed color document systems are also easy to use and offer enhanced productivity, all to provide customers with a seamless, intuitive experience and the confidence in knowing their jobs will come out right the first time, every time.

Features at a glance

- 75 / 80 PPM Black & White - 70 / 80 PPM Color Output - **Networked**
- Paper capacity maximum: 8,500 sheets

   - 3,100 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray, Two 500 sheet paper trays and One 100 Sheet Multi-bypass Tray

   - Optional 3,500 sheet letter-size large capacity cassette

   - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette

   - Optional 5,000 sheet letter / legal / ledger / 12" x 18" large capacity 2 drawer tray

- Full-size retractable keyboard allows quick, easy and accurate data entry
- Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- A powerful embedded Fiery® Color Print Server is available for environments that require precision color control and job management
- Supports the Sharp OSA® development platform
- The available Sharp MFP Voice feature enables users to control the device with simple verbal commands. Experience hands-free, voice-first interaction with Amazon Alexa.
- The Sharp Color Consistency System with next generation image process control delivers high quality color output and maintains optimum color balance and toner density page after page
- Quickly scan both sides of a document at once with the standard 300 Sheet Duplexing Single-Pass Feeder
- Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- Easily access popular cloud applications, including Microsoft® OneDrive® for Business, SharePoint® Online, Box and Google Drive™, with the Sharp Cloud Connect feature.
- Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- Scans documents at up to 240 images per minute in both Black and Color
- Network ready PCL®6/PS3 printing system with direct print function
- Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- Dimensions 33-1/4" (w) x 33-1/4" (d) x 49" (h)

BP-90C70 / BP-90C80 Pro Series Digital Color Document System

From high-volume printing environments to busy in-plant facilities, the BP-90C70 and BP-90C80 Color Pro Series deliver the performance and features needed for today's demanding workflows. The latest Fiery® platform delivers enhanced efficiency and ease of use. Flexible paper handling and finishing options deliver professional results.

The large 15.4" easy-to-use touchscreen display is built on an award-winning design and delivers an accurate, responsive user experience. Integration with Fiery Command Workstation® makes job management and late-stage edits easy. The Color BP Pro Series leverages the latest image processing technology to help users execute jobs with ease and efficiency. The strong engine design delivers full rated-speed even on heavy media, enabling operators to speed through their work.

Utilize a wide range of Print-On-Demand applications to produce high-quality, edge to edge pamphlets, brochures, booklets and more. Expanded capability supports letter, ledger, and long paper sizes. Add Professional creasing and perforations with the optional GBC® SmartPunch™ Plus.

These models also offer a choice of three powerful print controllers, including the standard Sharp controller and two optional Fiery Print Servers operating the latest FS600 and FS600 Pro platforms giving customers the freedom to choose the right solution for their workflow requirements.

The BP-90C70 and BP-90C80 also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's multi-layered Security Suite can help protect your data and personal information from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 75 / 80 PPM Black & White - 70 / 80 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets

  - ➢ 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
  - ➢ Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
  - ➢ Optional 3,500 sheet letter large capacity tray
  - ➢ Optional 5,000 sheet letter / legal / ledger-size large capacity tray
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Automatic firmware updates ensure MFP operation and features are up-to-date
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Flexible modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and finishing
- ◆ Large 15.4" (diagonally measured) multi-position touch-screen display with swing-out keyboard
- ◆ Low melt toner enhances image quality, color balance and density and provides higher performance and reliability
- ◆ Quickly scan both sides of a document at once with the standard 300 Sheet Duplexing Single-Pass Feeder
- ◆ Collaborate with hybrid workers using popular cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ 2400 x 2400 dpi resolution delivers razor-sharp text and graphics
- ◆ Scans documents at up to 280 images per minute in both Black and Color
- ◆ Standard high-performance print controller with PCL® 6 and Adobe® PostScript®3™ included
- ◆ Auto duplex copying and printing up to 300 gsm through main paper trays and up to 360 gsm through optional trays
- ◆ Strong, multi-layered security features such as system integrity check, intrusion detection and optional Bitdefender® antivirus help protect your data.
- ◆ Dimensions 38-3/8" (w) x 30-1/4" (d) x 60-1/4" (h)

SHARP

HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

secure

As MFPs and printers become a part of an organization's integrated document workflows and business processes, security becomes a serious concern. Securely managing business and user data is critical for corporations to be successful but that can add greater complexity as they are associated with various sources and formats.

Sharp helps IT managers minimize such concerns and optimize security management by providing integrated security features.

Data and Information Security
Standard MFP security coupled with the optional Data Security Kit (DSK) protects and controls the major MFP systems and subsystems (print, copy, scan, fax jobs, network settings, memory components, local user interface). The Sharp data encryption method uses the Advanced Encryption Standard (AES) algorithm 256* bit on all data before it is written to RAM and the hard disk drive. It also provides overwriting routines for deleted data to ensure that all information is virtually irretrievable by unauthorized users.

MEETING SECURITY STANDARDS AND CERTIFICATIONS

Security for Private Sector and Corporate Organizations
Sharp MFPs provide robust, complete control over information access, transmission and tracking to facilitate compliance with stringent mandates. By implementing the Sharp Security Suite, Sharp MFPs can help banks and investment institutions meet the privacy requirements of the Gramm-Leach-Bliley (GLB) Act. Insurance and healthcare providers can maintain Health Insurance Portability and Accountability Act (HIPAA) compliance with confidence. Businesses across all industries will benefit from the strict controls over financial information required under the Sarbanes-Oxley (SOX) Act.
Security for Public Sector and Government Organizations
Threats to government infrastructure are rapidly growing and the number of attacks continue to rise. On one hand, information sharing is critical for the efficiency of these organizations. On the other hand, security management is becoming more challenging for IT managers. Sharp can help your organization meet US government information security requirements through ISO 15408/Common Criteria certifications or features such as Common Access Card (CAC)/ Personal Identity Verification (PIV) authentication to maintain security clearance to protect classified data.

DATA SECURITY

Protect Your Data
As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

* Encryption level is varies per model.

ENVIRONMENTAL CONSERVATION

Sharp's ongoing commitment and dedication to developing eco-friendly document systems set a high standard for the industry

An Environmentally Responsible Approach to Product Design
Our document systems utilize Sharp's advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and downtime, resulting in lower operating costs. Energy-saving modes allow power to be reduced or shut off at set intervals. And, Sharp document systems are RoHS compliant to meet the latest green initiatives.

Special Recognition for Energy Efficient Product Design
In 2014, Sharp received special recognition by the US Environmental Protection Agency (EPA) for Energy Efficient Product Design. Sharp is recognized for its participation in providing valuable insight and information in ENERGY STAR®'s specification revision process and by demonstrating creativity in helping the EPA address and resolve technical challenges to build robust specifications.

Sharp Business Products are EPEAT® Certified
EPEAT (Electronic Product Environmental Assessment Tool) is a 3rd party global rating system for greener electronics that requires ongoing independent verification of manufacturer claims. Businesses, government agencies, schools, hospitals and other institutions are using EPEAT as the environmental benchmark to help them make informed purchasing decisions. By using EPEAT standards to purchase greener electronics, you will be assuring your organization's environmental sustainability goals and help to preserve our natural resources.

Sharp's Environmental Leadership
As a testament to our commitment to the environment, Sharp was a former recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

The **Green Contractor Award** recognizes contractors that have made the best overall commitment to the environment by offering environmentally friendly products and services or adhering to environmentally sound manufacturing procedures.

The **Evergreen Award** identifies environmentally-friendly businesses and their efforts in recycling and waste reduction practices. Please visit www.sharpusa.com/environment to learn more about our environmental leadership.

Sharp's commitment to the environment sets a high standard for the industry.

Toner Recycling Program
As part of our commitment to preserving the environment, Sharp has partnered with a zero waste to landfill recycler for recycling all Sharp consumables including cartridges, bottles, waste collection containers and drum units. Customers can participate in Sharp's free Stop, Drop, Recycle Program by visiting our website: www.sharpusacom/recycle.
