

**DESCRIPTION:**

This product is specially designed for presoaking silverware. It is formulated with special ingredients which aid in the reduction of water spots and film.

SAFETY INSTRUCTIONS:

If in eyes, flush with large amounts of water. If swallowed, drink large amounts of water and milk. Then call physician.

SILVERWARE PRESOAK AND DESTAINER

**For Industrial, Institutional,
and Commercial Use Only**

DIRECTIONS:

To presoak or destain silverware, add 1-3 oz. of chemical to each gallon of warm water. Line container with aluminum foil for destaining. Change solution often.

IMPORTANT:

Use as directed. Do not mix with other products unless recommended since harmful conditions and poor results may occur.

Caution:

Keep Out of Reach of Children

(See side panel for first aid statement.)
