Notice of Sole Source

To Whom It May Concern:

This letter is to confirm that the VR SAFE Application is a sole source product, developed and offered exclusively by Software Verde, LLC. This product is a customized software program by Software Verde for researchers of UMMC, with the sole purpose of the application to assist with conducting research related to children with Autism Spectrum Disorder(ASD) by providing in-depth, real-time data capture of its users.

This product serves as the primary function for capturing data required to conduct federally funded research related to children with ASD, and their abilities to interact with virtual stimuli in socially appropriate manners.

This product must be purchased directly by institutions from Software Verde, LLC at the address listed above. The VR SAFE application is a custom built, proprietary system with no agents or dealers authorized to represent this product. There is no other like item(s) or product(s) available for purchase that would serve the same purpose or function.

If you desire additional information, don't hesitate to contact me at (614) 407-3677 or to send me a message at josh@softwareverde.com. Thank you for your interest in our product.

Sincerely,

Joshua Green, Founder & CEO
