SAFE-T SCREENS & BARRIERS

SAFE-T AIR PURIFICATION

3 PILLARS OF WORKPLACE HEALTH & SAFETY

1. ENTRY SCREENING

Don't let people with symptoms enter the building. A first line of defense, Clear 2 is a wellness management screening solution that provides temperature and symptom checking to protect employees and clients.

2. SCREENS & BARRIERS

Keep workplaces and learning environments safe from contagions. Choose from several styles and materials like Clear Plexiglass, Polycarbonate, Frosted Acrylic, or PET. Various mount options make it easy to retrofit existing furniture and substantially improve workplace safety level.

3. AIR PURIFICATION

Remove 99.998% of viruses, bacteria, and fungus with Safe-T Air Purifiers. Deliver superior air purification through sophisticated filtration systems, high-volume airflow capacity, and low sound levels.

- Premium Commercial Grade
- Multi-stage Air Purifying Technology
- Revitalizing Negative Ion Chamber
- High Volume Air Flow
- Whisper Quiet - Under 55 dB

AIM EZ DESKING SYSTEM

AIM EZ Desking is stylish, adaptable, and affordable solution perfect for growing businesses. It presents a blend of style and functionality, ease of specification, and value. Accommodate your growth and maximize the person-per-room ratio with the system's add-on capabilities.

Keep every employee safe with integrated Safe-T Air Purification that captures and kills 99.99% of viruses, bacteria, and other air pollutants. The patent-pending air purification system assures individualized exhalant capture from 360-degree intake at face level. As the air passes through the 6 stages of air purification, at the final stage, negatively charged ions make the air feel more pure, clean, and energized and help combat common fatigue.

Numerous configuration options, various electrical and wire management solutions, dozens of base and top color choices offer freedom to customize AIM EZ Desking to adapt to your space and fit your needs.
