VISCOSITY: 10cps  
pH: N/A  
SPECIFIC GRAVITY: 0.956  
FOAMING: Low  
DETERGENCY: Excellent  
SOLVENCY: Excellent

### Description

This solvent based spotter is formulated and proven for removal of many types of oil based spots and stains. Its dry side chemical action removes ink, paints, oil, grease, varnish, polishes, tar, asphalt, cosmetics and similar materials. It is also excellent for removal of old dried out stains which have been set by age, heat and unsuccessful attempts at removal by other spotters. The high solvency of this product adds new life to the staining materials so they may be broken up and flushed out.

### Features...Benefits

High Solvency.....Labor Saving  
Removes A Variety of Stains.....Labor Saving  
Fast Acting.....Improved Performance  
Removes "Set" Stains.....Saves Linen Costs  
No Harsh Solvent Fumes.....Pleasant to Use

### Directions

LAUNDRY USE: Apply directly to spots and stains, working in thoroughly until stains loosen. Use of a small brush will improve overall results. Rinse with water and wash in machine. More stubborn stains may require repeat application of product prior to washing or saturation of the stained areas with a longer "soak in" time loosen stains.

CARPETS AND FABRICS: Apply spotter directly to spots. Allow time to penetrate and loosen stain. Agitate with a blunt scraper and blot up with clean, dry towel. Follow with shampooing or extraction cleaning. This product may also be used as a booster for traffic lane cleaners for removal of heavy grease or badly soiled areas.

### Safety Information

KEEP OUT OF REACH OF CHILDREN

DANGER

Eye and skin irritant. Harmful if swallowed. Avoid contact with eyes and skin. Do not take internally. In case of contact with eyes or skin, flush with plenty of water and seek medical attention if irritation persists. In case of ingestion, give plenty of milk or water and seek medical attention.
