Dear Ms. Mosley:

AS Software is the developer and manufacturer of AS Online, a cloud-based platform for ultrasound structured reports and image management solutions. AS Software is the sole provider of support for the **AS Online Ultrasound Reporting and Image Management System**, and therefore is the only company that can maintain and support it. AS Online is a web-based platform offering the University of Mississippi Medical Center unlimited user licenses and active management for updates, patches, and software upgrades.

Please feel free to call me if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads 'Claudia Ferguson'.
