Sole Source Justification

IMS is uniquely qualified to provide this support for UMMC. IMS is the sole owner of the BSI system, and is the only company that can modify, implement, and deploy any system enhancements or patches. IMS also currently provides the database hosting for the UMMC BSI database, and is solely responsible for its availability. IMS maintains over 25 employees dedicated to the BSI project, and can provide additional staff on short notice for periods of heavy workloads.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Marroulis", is written above the printed name.

Steve Marroulis  
BSI Project Manager
