

Adorn

Adorn
Occasional/Coffee Tables

Adorn provides a versatile family of tables for many different environments. Coffee and occasional units are available in three different heights and widths, allowing them to be overlap-nested to maximize visual interest and utility. The largest occasional table also does double duty as a convenient pull-up work surface in lounge settings. Stylex offers a broad variety of paint finishes as well as chrome on the metal bases. Tops may be painted metal, solid wood, Caeserstone, solid surface, or back-painted glass.

Designer: Aodh O'Donnell
Irish-born Aodh O'Donnell first joined Stylex as an intern while studying at Philadelphia University. After graduation, he stayed on to help develop the company's outstanding design studio which he currently leads. Following Robus, Ridge, and Ridge Guest, Adorn is the fourth product O'Donnell has contributed to the Stylex portfolio.
