Dimensions / Overview	Position 2 (Right)	Position 1 and 2 (Left and Right)	Position 1 (Left)	General Information
Seating Under Mount	<div>2</div>	<div>2</div> <div>1</div>	<div>1</div>	<p><b>Power</b> Undermount units can be specified to be hardwired or with a 3-prong plug. The units have one USB-A port, one USB-C port, and a standard, grounded 3-prong electrical outlet. Additional power options include daisy chaining.</p> <p><b>Mounting Options</b> Under mount power is designated by (U) in the model code.</p>
Seats with Arms	<div>2</div>	<div>2</div> <div>1</div>	<div>1</div>	<p><b>Cord Length</b> Both the standard cord and the conduit whip are 10 feet long. Other lengths may be available as a custom order.</p> <p><b>Colors</b> Power units are available in black (B), white (W), and gray (G).</p> <p><b>Location</b> Power mounted under seat units is located under the front edge on the left side (position 1), right side (position 2), or both (positions 1 &amp; 2) from a seated perspective.</p>

Note: Due to frame configurations, power location will need to be verified by Stylex via layout drawing or CET Designer.

**Example**  
UB1 - Under mount, black, position 1

**Restrictions**  
Power is not available on corner seats, curved units, or tables. We also do not recommend power unit or daisy chain wires running under tables because they would be visible through the gaps on either side of the table.

To Order Follow Steps 1-4

1. Mount Type	2. Color	3. Cord	4. Location
<div></div> <div>U Under Mount</div>	<div></div> <div>B Black G Gray W White</div>	<div></div> <div>H Hardwire +184</div>	<div></div> <div>1 Position 1 (Left) \$593 2 Position 2 (Right) \$593 12 Position 1 and 2 (Left and Right) \$1,186</div>

Dimensions / Overview		General Information
Modular Option	<div>Under Mount</div> <div></div>	<p><b>Power</b> Undermount power can be daisy chained. Upto 8 units can be connected to the same system</p> <p><b>Cable Management</b> All units ship with cable mount and screw included.</p> <p><b>Order Entry</b> CET is required for order entry. All daisy chain units are entered under 1 line item.</p>

Use CET to determine jumper length and configure daisy chain system

Specification and Ordering Guide
<p>While NYC offers traditional stand-alone units (single seat, double seat, and triple seat), it is at the same time fundamentally flexible. The Modular Armless Seats, Modular Corners, Modular Arms, Modular In-Line Benches, and Modular In-Line Tables have all been designed to encourage creation of a wide variety of set-ups.</p>
<p>To ensure clarity when ordering modular set-ups, it is critical that line items should be listed in the order in which they will be connected from left end (seated perspective) to right end.</p>
<p>Modular Benches must be connected to other units. Modular Arms can only be added to the outside ends of any modular set-up.</p>
<p>Seating orientation of a set-up (direction in which the user faces) can only be changed on either side of a table located in the middle of a set-up.</p>
<p><b>PLEASE NOTE</b></p> <p>NYC is a rail-supported modular seating system. The placement and number of legs will depend on each layout. Prior to order entry Stylex will provide a dimensioned layout that depicts the specific leg placement for approval. Order leadtime will start from the time Stylex Customer Service has received back a signed copy of this layout.</p>
