Product Overview

TA-20 TABBING SYSTEM

A flexible tabletop tabbing solution with production-grade performance

Key Capabilities

- Simple operation and setup including four programmable jobs with single-key job selection

- Side tabbing design that applies one, two or three items (tabs or stamps) in a single pass

- Operates at single-tab speeds up to 20,000 per hour for ultimate productivity

- Accepts rolls up to 16", reducing the number of roll changes and providing longer run times

- Accepts various types and sizes of media from 3" x 5" to as large as 13" x 17" and up to 3/8" thick

- Applies paper, clear, or translucent tabs (with or without perforation) from ¾" to 1 ½" in size

- Can run in-line with compatible address printers, cutting run times in half by combining functions

- Heavy-duty aluminum and steel construction for years of reliable performance
