Stationary Tables
Flip-Top Tables
Folding Tables
Training Tables

Construction Features

450 Series Tables

Laminate table tops are constructed of a 1.125″(29mm)-thick A-grade 45 lb. medium-density particle board core with 0.028″(.71mm)-thick high pressure laminate face and backing sheets bonded to form a 1 3/16″(30mm) thickness overall.

Edges are 3mm Edgeband, Full Bullnose, and 3mm T-Mold. C-legs are 3mm edgeband on the user edge and 1mm edgeband on remaining edges.

Table Weights and Cubes

The following formulas can be used to estimate the finished weight of a table top and leg/base:

— High pressure laminate tops 1 3/16″(30mm)-thick - 4.1 lbs. per square foot

The following formulas can be used to estimate the cubic feet of a table top:

— High pressure laminate tops 1 3/16″(30mm)-thick - Length x Width x 3″(76mm) ÷ 1728

Table leg/base weights and cubic feet based on a standard 29″(737mm) table height:

Series	Weights	Packaging	Cubic Feet
450 Series - Stationary	35 lbs. per "X" base	One (1) per carton	10.5 cu. ft./carton
	25 lbs. per "T" and "C" base	Two (2) per carton	8.0 cu. ft./carton
- Folding	14.5 lbs. per "C" base	Two(2) per carton	8.0 cu. ft/carton
	19.5 lbs. per "T" base	Two(2) per carton	8.0 cu. ft/carton
- Flip-Top	20 lbs. per "X" base (18 ″(457mm), 24″(610mm), 30″(762mm) depths)	One (1) per carton	10.5 cu. ft/carton
	20 lbs. per "T" base (18 ″(457mm), 24″(610mm), 30″(762mm) depths)	Two (2) per carton	8.0 cu. ft./carton
	34 lbs. per "X" base (36″(914mm), 42″(1067mm), 48″(1219mm) depths)	One (1) per carton	10.5 cu. ft/carton
	34 lbs. per "T" base (36″(914mm), 42″(1067mm), 48″(1219mm) depths)	Two (2) per carton	8.0 cu. ft./carton

Note: Leg/base estimated weights may vary slightly with change in top size.

There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, laminate, and trim finishes are required to complete an order specification. To communicate your order clearly, list the product and finish codes in the sequence outlined for each table series on each price page.

Y-Leg Table – Sizes and Dimensions For Nested Tables in Flipped Position

Top Shape	30″ Deep Table Height	36″ Deep Table Height
Rectangle	46″ High	49″ High

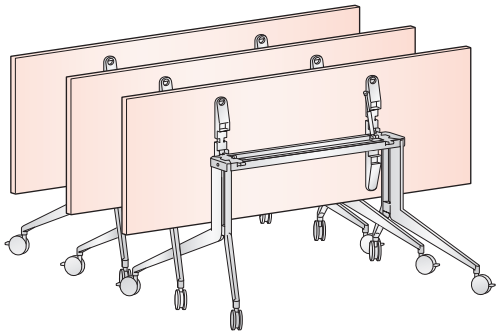
Nesting Tables in Flipped Position

When tables are nested in a staggered manner, it adds 10″ to the depth and 4″ to the width of the overall footprint for each table.

Example: If you have three 72″ wide tables staggered, one table footprint is 30″ deep and 72″ wide. Each additional table adds 10″ to the depth and 4″ to the width. Three tables would have an overall footprint of 50″ deep and 80″ wide.



Dimensions for Three Nesting Tables

Ⓐ = Depth of Y-Leg base
Ⓑ = Additional depth for each nesting table
Ⓒ = Additional width for each nesting table
Ⓓ = Overall width of tables nesting
(will vary based on the width of the tables being nested)
Ⓔ = Overall depth of tables nested
(will vary based on the number of tables being nested)

Table Width	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
60″	30″	10″	4″	68″	50″
66″	30″	10″	4″	74″	50″
72″	30″	10″	4″	80″	50″

Note **Example based upon nesting tables of same depths.**

Tips

- **Collaborative tables always have two Y-legs at the base.**
- **Standard table height is 29" with 27 ⅞" knee clearance.**
- **Knee clearance under trough is 25 ½".**
- **3mm edgeband is recommended for Collaborative Tables to allow for flat seams when pushing tables together.**
- **Glides and casters are field interchangeable.**
- **Optional Y-Leg bumper should be specified separately for nesting tables.**

Table Top Construction

Surface

All Table Top Cores consists of engineered composite panel with a minimum 90% wood fiber content with a least 10% post consumer and 80% pre-consumer wood fiber bonded with resin. The tops are 3rd party certified compliant with GREENGUARD® and ANSI/BIFMA Standards for Low Emitting Products. The composite panel is 3rd party certified compliant with California Air Resource Board requirements for Phase 2 formaldehyde emission levels and include wood fiber sourced from FSC certified forests using the 70% FSC Mix Credit System.

Y-Leg Collaborative and C-Leg Training Tables – Laminate and Wood

Top Construction: Core consists of 1.125" (28.6 mm) thick engineered composite panel. Laminate top face is 0.028" (.7 mm) thick high-pressure laminate and underside is 0.028" (.7 mm) thick backer for balanced construction. Veneer top face is 0.020" (.5 mm) thick natural or double cut veneer and 0.020" (.5 mm) thick backer for balanced construction. Tops have pilot holes for ganging mechanism accessory.

Edges for Laminate Tops: Edge options include 0.118" (3 mm) thick edgeband made of Acylonitrile Butadiene Styrene (ABS); knife edge, constructed with 0.0118" (3 mm) thick edgeband that runs 0.375" (9.5 mm) down the perimeter of the edge before transitioning to a taper; 0.118" (3 mm) thick T-mold and 0.625" (15.9 mm) thick contoured (Cascade) plastic t-mold. Knife and Cascade edges are on all sides of Collaborative tables while on Training tables they are on the user side only with 3mm edgeband on remaining edges to ensure flat seams.

Edges for Wood Tops: Edge options include 0.100" (2.5 mm) thick wood edgeband; knife edge, constructed with 0.100" (2.5 mm) edgeband that runs 0.375" (9.5 mm) down the perimeter of the edge before transitioning to a taper; and 0.625" (15.9 mm) thick stick stock with cascade profile. Knife and Cascade edges are on all sides of Collaborative tables while on Training tables they are on the user side only with 3mm edgeband on remaining edges to ensure flat seams.

Table Base Construction

Y-Leg Collaborative and C-Leg Training Tables

Table Base Construction: Legs, connectors and stretcher are constructed of aluminum. Casters and glides are 3.15" (80 mm) high, and glides provide 0.5" (12.7 mm) height adjustment. Casters and glides are interchangeable without altering the height of the table. Flip top tables feature a gas-assist flip top mechanism with two finger pulls that release the top; non-flip top tables feature top support arms. Stretcher provides horizontal cable routing.

X and Disc Base Tables

X-Base Construction: Base is constructed of 2.25" diameter (57 mm) x 13-gauge steel tube welded to a .187" thick (4.7mm) steel top plate and is bolted to an aluminum four leg base. Base is optional with casters or glides (not interchangeable), glides have ½" (12.7 mm) adjustment. The base is available with either powdercoat paint or chrome finish.

Disc Base Construction: Base is constructed of a 3.0" diameter (76mm) x 13-gauge steel tube welded to a .179" thick (4.5mm) steel top plate and is bolted to a .375" thick (9.5mm) steel round disc base. The base is powder coat painted. Five (5) non-adjustable glides are attached to the bottom disc.

Power and Data Systems

Flip Top Unit Detail: Corded and hardwire Flip Top Units are listed for U.S. and Canadian safety standards by Underwriters Laboratories, Inc. (UL & ULC). The Flip Top Units are available in single and double-sided configurations in data and electrical Port counts and sit flush with table top. A spring assist mechanism opens the top to provide access to electrical and data ports. Single-sided ports are fed with either a single, three (3) conductor 12' black 15-Amp cord with plug (NEMA 5-15P) or a hardwire version which consists of (3) 12 AWG wires enclosed within one 3/8" (9.5 mm) flexible metal conduit, 6' (1829 mm) in length. Double-sided units are fed with either a pair of three (3) conductor 12' (3658 mm) black 15-Amp cords with plug (NEMA 5-15P) or a hardwire version which consists of a pair of three (3) 12 AWG wires enclosed within one 3/8" flexible metal conduit 6' in length. Flip top units include adapters for most types of field supplied data jacks. Flip top units also include mounting clips and are standard in an anodized aluminum finish.

Wood Composite Materials

All wood composite materials used in Immerse are engineered to meet or exceed ANSI requirements. Worksurfaces are composed of a minimum 90% wood fiber content with at least 10% post-consumer and 80% pre-consumer wood fiber bonded with resin. All parts with a wood composite core are 3rd party certified compliant with GREENGUARD® and ANSI/BIFMA Standards for low emitting products. The composite core is 3rd party certified compliant with California Air Resource Board (CARB) requirements for Phase 2 formaldehyde emission levels.

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375" (10mm) over a horizontal span of 10'-0" (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25" (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375" (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.
