KEY FEATURES OF PLATINUM SERIES

Decorative Trim

Decorative Trim is a standard feature and included in the pricing of Platinum series products. A four inch wide metal band is inlaid in the exposed end panels of Circulation Desks, Computer workstations, Double Face Shelving, Atlas and Dictionary stands. An optional circular motif cutout is available with your choice of laminate on the backside.

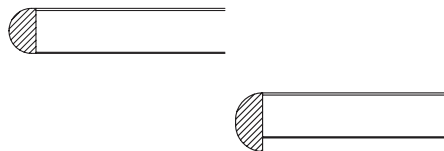

Wood Species

All products in the Platinum series are available in either Oak or Maple.

NOTE: For MAPLE items, add the letter M before each item number.

Edge Style

The standard top edge on the Platinum series is the flush bull nose edge style. Tables utilize the drop bull nose edge style. Alternate edge styles are available but must be specifically requested.

Cantilever Shelving

Metal Shelving utilized is the attractive starter/adder style. Uprights utilize 14 gauge rolled steel tubes. They are fastened together with 14 gauge steel crossbars. Shelf brackets are made of 16 gauge steel and the shelves utilize a minimum of 20 gauge steel. All products are then powder coated finished.

Tables

Platinum Series tables are constructed using a multilayer hardwood veneer top with a 3/4 inch solid Oak (or Maple) drop bull nose edge trim. Oval legs are constructed out of solid Oak (or Maple) and are fastened to the table with a steel plate.

Tops

Circulation Desks and Computer Workstation Tops are constructed with a multilayer hardwood veneer core. An Optional Solid Surface top is available but must be specifically requested.
