To Whom It May Concern:

Concerning The University of Mississippi Medical Center, GoMeasure3D will be your sole source for the Artec 3D Scanning Systems.

Artec 3D operates on a registration basis for the order process of their systems, and we are the sole distributor that will provide the system at the quoted cost. Once a customer has begun working with one Artec Reseller and has had demonstrations completed for the customer by the reseller, the reseller is able to give price quotes below any other reseller to protect the work that the reseller has done. GoMeasure3D has completed these steps for The University of Mississippi Medical Center and will be the only registered reseller for The University of Mississippi Medical Center who can provide competitive pricing.

Please let me know if you have any questions!

GoMeasure3D

A handwritten signature in black ink that reads 'Alex Motley'.
