TRAINING & HOSPITALITY COLLECTION

Thermal fused melamine laminate work surfaces are 1" thick and feature a 25 mm corner radius and black T-mold edge band.

Choose from 6 different standard laminate finishes that are scratch, stain and scald resistant.

Premium tops are made in the USA and are available in many stylish finishes.

Many Regency tables are eligible for purchase through a qualifying GSA agent. Contact us for details.

CAIN

Cain tables are at home in stylish restaurant or café settings as well as break rooms and lunch rooms. Choose from standard and cafe heights. Hidden glides keep tabletops level and ensure a uniform look between base types.

See Pages 6-7 for Cain table specifications.
See Pages 28-29 for Accessories.
See Pages 30-39 for Seating.
See Pages 26-27 for Laminate Finishes.

KOBE

The elegant Kobe collection puts the class in classroom. Both pedestal style X-Bases and matching T-Bases are raised off the ground, giving them an open, modern look. Adjustable leveling glides are interchangeable with casters providing a mobile option for labs, computer rooms or filing areas. Keep tables from drifting apart with Regency's simple and easy to use Training Table Connectors.

STRUCTURE TABLES

Build your office from the ground up with the Structure Collection. These open-leg table and desk bases give any office a completely modern look. O-Shaped leg bases are constructed of durable metal and finished with a protective black or grey powder coating to match any decor. Tabletops mount to offsets on the legs and give them a modern "floating" look. Leveling glides keep the tabletop level and are easy to adjust.

The Nova Tablet Arm Chair is just what you have been looking for. The tablet surface features a 360 degree swivel and is large enough to support most laptops, tablets and notebooks. Switch the tablet surface from the left to the right side by inserting it into a cup holder that is inset into both plush arms. The cup holder not in use can double as a pencil, smartphone or glasses holder. Store your books and personal items on a built-in shelf below the seat. A chrome colored handle in the back of the chair makes for easy mobility. The Nova moves around on 4 sturdy casters and can support up to 400lbs, making it perfect for independent and collaborative learning environments.
