It's really all about what's best for you. And we've made it easy with our Choices panel system. Whether it's touch down places, collaborative team spaces, personal work stations or tailored, managerial offices, you'll appreciate the proven quality and high performance solutions possible with Choices by Trendway. It's really that easy.

Extending Your Choices.

Choices makes it simple to create unique, inspiring and highly functional spaces. System elements integrate with Trig® Desking and Intrinsic® Freestanding — blending beautifully to provide almost limitless design flexibility. A broad selection of design options extend the possibilities even further — warm up the space with wood grain laminate, choose from one of five pull options, or use our Feek® coated foam solutions as guest seating or extra work surface area — the choice is yours.

Choices System | Many options surround the Trendway Choices panel system with its slim, 2" thick frame.

Choices P-Leg work surface supports create a light and open aesthetic.

Counter Caps provide a transaction or reception work surface. Power can be specified at the base raceway. Deliberate opening at back of worksurface to support wire management.

Glazed panels offer greater visual access to natural light. Storage gets mobile and serves as guest seating. All tiles are pinnable and tackable.

Upper storage options can add a personal touch to an office. Optional tackboards give added interest and function.
