UniGroup® Too

System

EXPANSIVE SIMPLICITY

UniGroup Too is one of the industry's most widely installed furniture systems, renowned for its classic simplicity and durability. Easy to specify and install, UniGroup Too is highly reconfigurable and scalable to meet the needs of nearly any space—from workstations and private offices to reception areas. Mix and match monolithic and segmented panels, available in fabric, glass, or markerboard. Plus, UniGroup Too works brilliantly with Haworth seating and storage.

FOCUSED FLEXIBILITY

Frosted acrylic panels provide a degree of privacy for focused, heads-down work, while mobile tables and pedestals allow users greater flexibility and control over the workspace. Visually tie it all together with matching fabric on tackboards and pedestal seat cushions.

INVITING PRIVATE SPACES

Mix warm woods with cool metallic finishes to create private workspaces that welcome light through glass panels, while durable, monocoque-constructed panels afford visual and acoustical privacy from other angles.
