

USACAPITOL

2022 SPEC BOOK

*We believe now, more than ever,  
the importance of reshoring manufacturing is evident.*

*When you buy products sourced in the United States,  
you employ your neighbor. It is that simple.*

*By partnering with USACapitol, educational stakeholders  
can count on more choice, expedited delivery,\*  
less harm to the environment, and peace of mind  
in helping our country move forward.*

**Todd Mantz**  
**Owner/President**

- 100% of USACapitol Products are 'Made in the USA'.
- 99% of all raw materials are 'Made in the USA'
- 95% of the raw materials in vendor-supplied components are 'Made in the USA'.

## SEATING

## LEGACY COLLECTION

- 4 Seat Heights
- 3 Standard Seat Colors/6 Optional Seat Colors
- Chrome Frame
- Uses USACapitol Exclusive Glide Button System
- Posture-contoured thermo-set plastic with smooth molded edges and permanent color throughout
- Easy to clean and durable (Chemical and Stain Resistant)
- All-tubular design with 18-gauge steel
- Front legs and back support are one continuous tube, while rear legs and seat support are one continuous tube
- All welding is done prior to plating so it is not exposed
- Standard chrome finish of 4-6 mils withstands 22 hours of harsh CASS test per ATSM B 368 before rust (25%-50% more than industry standard)

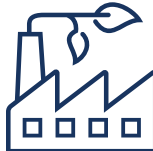

## NTERSECT COLLECTION

- 4 Seat Heights
- 3 Standard Seat Colors
- Storm Gray Frame Standard/Chrome Optional
- Standard Nylon Glides
- The one-piece seat is injection molded from special high-impact, blush-resistant polypropylene plastic
- The textured surface is etched to provide a non-slip surface and maintains a like-new appearance over years of use
- The underside of the shell is molded with an advanced rib pattern transferring weight directly to the frame
- Seat back incorporates handle for movement
- All-tubular design with round 18-gauge steel is attached to shell with four concealed machine rivets
- Exclusive dual-stacking system prevents loose stacks and falling chairs
- All welding is done prior to plating so it is not exposed

## USA CAPITOL CHAIRS

COMING IN 2022

### EUROFLEX COLLECTION

- 6 Seat Heights
- 24 Standard Seat Colors
- 4 Frame Finish Options
- Uses USACapitol Exclusive Glide Button System
- Generously sculpted one-piece shell is injection molded from proprietary high-impact, blush-resistant polypropylene plastic with an antistatic additive
- The collaborative seat design can comfortably sit in four directions
- The dual-textured surface is etched to provide a non-slip surface and maintains a like-new appearance over years of use
- Responsive, active back encourages proper task position as well as ventilation
- Seat back incorporates handle for movement
- All-tubular design with round 16-gauge steel is attached to the shell with four concealed machine rivets
- Inverted stacking for floor maintenance
- All welding is done prior to plating so it is not exposed
- Standard chrome finish of 4-6 mils withstands 22 hours of harsh CASS test per ATSM B 368 before rust (25%-50% more than industry standard)
- Standard powdercoat finishes hide fingerprints and offer greater wear resistance

### PATRIOT COLLECTION

- 3 Seat Heights
- 24 Standard Seat Colors
- 4 Frame Finish Options
- Uses USACapitol Exclusive Glide Button System
- The engineer designed one-piece seat is gas-assisted injection molded from special high-impact, blush-resistant polypropylene plastic with an antistatic additive
- The collaborative seat design can comfortably sit in four directions
- The textured surface is etched to provide a non-slip surface and maintains a like-new appearance over years of use
- Designed airflow provides ventilation and comfort
- Durable seat back incorporates handle for movement and is easy to clean
- All-tubular design with round 16-gauge steel is attached to the shell with four concealed machine rivets
- All welding is done prior to plating so it is not exposed
- Standard chrome finish of 4-6 mils withstands 22 hours of harsh CASS test per ATSM B 368 before rust (25%-50% more than industry standard)
- Standard powdercoat finishes hide fingerprints and offer greater wear resistance
