USC Renew

Our environmentally safe carpet product will superbly clean, protect, deodorize and remove stains.

The water-based emulsion, extracts dirt and resists re-soiling, leaving a pleasant lemon-pine scent. It is non-flammable and safe to use on all types of fabric, upholstery and carpet fibers.

This neutral solution reduces damage, as it does not strip the protective coating from the carpet, or remove any of the stain resistance built into the fabric by the manufacturer.

Carpet extraction cleaner and spot remover that protects and deodorizes as it works. Safe to use on all types of fabric, upholstery and carpet fibers.
