Subject: Responses to Questions Submitted

---

The following questions were submitted and are being presented as they were submitted, except to remove any reference to a specific vendor. This information should assist you in formulating your response.

**Question 1:** How many named internal users for licensing? There is a reference of 6 for training.

**Response:** There are currently six (6) positions authorized for the Dental Board that will use the licensing system.

**Question 2:** Can we get a schema for the current database?

**Response:** We cannot provide a schema for the current database. The database is almost 20 years old and neither the Dental Board staff nor the original vendor has that information.

**Question 3:** If we cannot meet the implementation date, do you still want a proposal based on the date we can make?

**Response:** Yes, please note this as an exception. Refer to Item 8.8 of the RFQ.

**Question 4:** Please look at the link on page 4 that goes to Board of Chiropractors. I am not sure that is correct.

**Response:** This correction was made to page 4. The corrected link is:

**Question 5:** To allow bidding vendors sufficient time to develop comprehensive bids, will the State consider granting a 2-week extension to the RFQ due date?

**Response:** No, an extension will not be given to the due date for the quotes to be received.

**Question 6:** Can we get screenshots of the current system? Specifically, the data tracked per License.

**Response:** Please refer to Item 10.1 of the RFQ. The license/permit applications contain the data fields tracked in the database. The link to the forms is:
