warranty statement

via seating has one of the strongest warranties in the industry. **via seating** warrants to the initial purchaser, that product will be free from defects in its materials and craftsmanship found during normal single shift usages; single shift usage is five (5) days a week, eight (8) hours a day for the following warranty periods. This coverage shall be effective for the applicable time period beginning from date of original sale.

unless otherwise specified, all components are covered by via seating's warranty – including foam

warranty coverage defined as:

- All **via seating** products - INCLUDING **VIA SEATING** FOAM - are warranted for 12 Years. Please note exceptions below:

24/7 shift applications: 12 year warranty coverage

- 12 Years – Brisbane HD, 24/7 (2 years for fabric) – Genie 24/7 – (5 years for mesh)
- 12 Years – Vista Classic, Vista II

other exceptions

- 10 Years – Vista Classic, Vista II – with casters
- 6 Years – Astro, Chico, Edge, **REGOLA**, Sienna, Splash, Sutro, Zee
- 5 Years – QS leathers and fabric, 4U, 4U Groove welded fabric, Genie™ mesh, Sierra, Swopper, Tahoe
- 3 Years – 3Dee, muvman, oyo, oyo living
- 2 Years – Mesh back fabric (Proform, Riva, Run II, Vista II, Voss), Run II patchwork mesh

purchase/use of mesh guards increase warranty to 5 years for mesh backs on the Riva, Voss & Proform series

- 2 Years – Mechanical lumbar

Products covered by this warranty will be either repaired or replaced at **via seating**'s discretion. Product repair or replacement of any defective part is the customer's exclusive remedy for any and all product defects. **via seating** will pay for warranty repair costs that are pre-approved when shown to be a result of a defective part. Such payment will be made in the form of a credit to an active authorized **via seating** dealer account. Should **via seating** and customer agree that repair or replacement of a chair is impractical, or impossible any and all warranties shall expire, **via seating** accepts no other responsibilities or liabilities. The user shall be responsible for all maintenance service, which includes but not limited to: lubricating and cleaning of the product, assembly, adjustment, checking all screws every six months and performing operation checks. Only those items free of misuse, abuse, accident, alteration, unauthorized repair, or damage by fire, flood, or other acts of God will be covered. This warranty applies to all **via seating** products manufactured after January 1, 2017. There are no other warranties, expressed or implied, other than those specifically described here.

not covered under warranty:

- COM/COL textiles
- Matching of colors, patterns or dye lot, including; minor variations, color matches to swatches used for specification purposes and/or prior purchases
- Products specified outside of those shown in this price list
- Products that have unauthorized repair or alteration
- Products not used, maintained or installed in accordance with **via seating**'s applicable guidelines
- Products exposed to conditions deemed extreme i.e. environments other than "normal commercial, indoor office" spaces
- Products sold by unauthorized **via seating** dealers or second hand/refurbished products
- Variations of leather; dye lots, environment marks, scars, bites, rubs, wrinkles, stretch marks, pattern markings, etc.
- Samples, floor/showroom samples, road samples

warranty claims

- Do not return the product without prior Return Material Authorization (RMA) from **via seating**
- Send a written notification (with pictures) of the defect to **via seating** along with a copy of the original invoice in order to generate a Return Material Authorization
- Please contact **via seating** customer service at 1-800-433-6614 for details or email warranty@viaseating.com

ANSI/BIFMA compliance

- **via seating** Products - **via seating** designs and manufactures all of its products in accordance with the ANSI/BIFMA standards
- Motion Products - aeris GMBH manufactures all of these products in accordance with European DINN standards

product design

- **via seating** reserves the right to make changes in design and construction or discontinue products without notice
- All dimensions noted herein are approximate and subject to slight deviation

via seating proprietary foam

(does not include ReGOLA and Aeris motion seating)

Comfort and support in every via seating chair.

Every via seating foam cushion is injection molded and is injected into a contoured mold specifically designed by via seating. This ensures the same consistent shape, density, resistance and quality every time. The molds are proprietary to via seating as is the foam formulation.

In order to evaluate the resistance of foam, we use a "resistance factor" or "energy absorbing" qualities. Good foam must provide resistance in direct proportion to the amount of pressure applied. In other words; for every pound of pressure applied, the foam must also provide a pound of resistive pressure. The result is that the foam will not "bottom out".

via seating foam is a multi-density level foam providing comfort and support where needed and creating optimal sitting positions. The measurement of density or volume weight will give another indication of the foams ability to resist weight. This unit of measurement does not necessarily translate into hardness but rather the feel you receive when you sit on the foam.

Foam is comprised of a group of cells. The higher numbers of cells that are packed into a given area create a more dense area. As a result a greater weight is also created. Foam with a higher density is best suited for office ergonomic seating. Because the foam is injected into a mold, we at via seating are able to control the density throughout any portion of the cushion. Our foam is stronger and more-dense in the center of the seat pan and lighter around the edges so it does not cut off circulation in the body.

Density volume weight is measured in pounds of cubic foot (or kilos per cubic

**VIA SEATING FOAM IS INCLUDED IN
OUR 12 YEAR WARRANTY!**

seat size selection guide

This reference helps select seat size cushions for **via seating** genie™ series. Height and weight are key indicators of suitable seat choice. The B-size seat cushion is designed to fit a broad range of people, especially when a seat slide is being used.
