high back

Eye the upholstered back versions of the Proform series, which offers a single, pronounced panel stitch or multiple parallel stitches. Rest back into 7 mesh colors ranging from a classic black to an eye-catching lime green crafted around a mid or high back frame. Apply a variety of arms from 6 height adjustable and full function arms and caps to 4 fixed C and loop arms including a sleek curve of polished aluminum with a black polyurethane cap. Enjoy the functionality of swivel, 6 position tilt lock, seat slide and drafting kit control atop 4 base options.

The Proform series promises durability and options while delivering on performance and comfortability. Use in task, conference and management environments.

ReGOLA

MODULAR RECONFIGURABLE LOUNGE

Collaborative and common space environments are the fastest growing trend in the workplace. They are essential for the challenges of today's workforce dealing with high stress, combining multiple generations, and catering to unique work-styles. These open space areas create daunting challenges in acoustics, privacy, and flexibility that are now solved by **via seating's ReGOLA**.

ReGOLA is a dynamic, modular, lounge system consisting of specialized acoustic sound suppression panels, comfortable lounge seats, work-tops, tables and accessories. It is a complex, yet simple to assemble system, that can be combined, moved around, and easily reconfigured on the fly.

We currently offer 21 typical **ReGOLA** configurations in addition to offering you with the ability to create endless, custom pieces to fit your space.

True 48-Hour Commitment

▲ 2/48 - One Piece A Day

▲ **CALL FOR LEAD TIME** (1-800-433-6614)

BUILD YOUR OWN ReGOLA CONFIGURATION

ReGOLA is a completely customizable, reconfigurable panel and seating solution. Please contact our customer service team (1-800-433-6614) for help in developing your own ReGOLA piece.

Important steps & notes for describing your custom ReGOLA configuration:

- 1) Always start from the leftmost panel or seat to the rightmost moving clockwise imagining you are looking down at the configuration from an aerial view. Start from the outside of the configuration to the inside.
- 2) For panel and seat solutions, whenever possible, lead with the leftmost panel.
- 3) Panels:
 - Small panels (40") are always connected to another panel with 2 brackets. The unconnected side uses 2, clear plastic plugs (MC).
 - Large panels (59") are always connected to another panel with 3 brackets. The unconnected side uses 3, clear plastic plugs (MC).
- 4) Unless otherwise stated, shelves, work surfaces, seats and accessories are connected to ReGOLA panels using a button. Please note, work surfaces and shelves also utilize brackets (image not shown).

RIVA ACT II

ERGONOMIC TASK SEATING

mesh

upholstered

Riva is an intensive, hardworking, task seating series. The mesh version offers a mid and high, fixed and ratchet back with 3 seat sizes. The upholstered version pairs 2 back sizes with 3 seat sizes. Utilize 8 arms including an attractive fully upholstered C arm. Apply swivel, syncro, seat slide and stool kit controls. Apply 7 mesh colors including a sleek black or deep cardinal red. Rest it all atop 4 base options with carpet casters, hard floor casters or glides.

True 48-Hour Commitment

- **20/48** 20 Chairs Every 48 Hours
- **10/48** 10 Chairs Every 48 Hours
- ▲ **CALL FOR LEAD TIME** (1-800-433-6614)

Passes or exceeds all BIFMA required testing.

RUN II

TASK | CONFERENCE | GUEST SEATING

The sky is the limit with the Run II series. An upgrade from the original series, note how the mesh folds attractively completely over the top of and disappears into the framework. Available as a 4-legged side chair or midback and highback with a medium or large seat atop a swivel base. Utilize 6 arm options for the swivel models including the 31A conference arm in black nylon exclusive to the Run II series. Enjoy an adjustable lumbar support system, which is also exclusively for Run II. Balance seat fabrics with 5 mesh colors.

Run with your imagination. Run with Run II.

SIENNA

MODULAR LOUNGE | GUEST SEATING

Customize your lounge space with Sienna's modular system. Play with two arm styles, a solid, universal arm and sweeping club arm. Both can apply a natural maple or black tablet to match the option of black or maple wood feet. Each piece of injection molded foam surrounding a metal frame is completely modular making future replacement possible.

Oh, and it's ready to ship in 48 hours too.

BUILD YOUR OWN SIENNA CONFIGURATION

SIENNA offers a customizable configuration consisting of arms and seats. Please email info@viaseating.com for help in developing your own SIENNA piece and for information on installation.

Shipment and Installation Note: Sienna ships in a maximum of three seat segments before an additional support arm is needed. Field installation is required when there are more than three seat segments.

Important steps & notes for describing your custom SIENNA configuration:

1) Always start from the rightmost arm or seat to the leftmost.
