The VIKING advantage

Founded in 1960 and born global, VIKING is a privately held market leader in maritime and fire safety with group headquarters in Denmark. The company provides essential safety and fire-fighting equipment to the following segments: passenger, cargo, offshore, defense, fishing, yachting and fire.

VIKING works together with global partners, suppliers and fire departments around the world to create state of the art fire suits. This means we can deliver innovative suits with special features as well as standard styles.

All VIKING turnout gear meets required regulations according to intended use, such as EN469 and NFPA.
