HOW TO BUILD A MODEL NUMBER

Ⓐ Select basic model.

Ⓑ Select edge style.
BN	- Flat vinyl T-edge
74P	- 74P edge
KN	- Knife edge
PL	- Postformed edge
WL	- Wood edge, laminate surface
WV	- Wood edge, veneer surface

Ⓒ Select surface finish.
Refer to the **Product Color Options** page in this price list.
Surface finish offerings are based on edge style selections.

Ⓓ Select trim color.
Refer to the **Product Color Options** page in this price list.

Ⓔ Select grommet location.
N	- No grommet
L	- Grommet : left; add $57
C	- Grommet : Center; add $57
R	- Grommet : right; add $57
LR	- Grommet : left/right; add $120
LC	- Grommet: left/center; add $120
CR	- Grommet: center/right; add $120
LCR	- Grommet : left/center/right; add $174

Grommet location selection is only available for BN edge selection.

Ⓕ Select edge color.
Refer to the **Product Color Options** page in this price list.

Ⓖ Select grommet color.
Refer to the **Product Color Options** page in this price list.

FINISH INFORMATION

Additional Laminate Offering
Additional laminates beyond KI standard offering, are available with two weeks extended leadtime.
To specify additional laminates, use these designators followed by the supplier's color/pattern code:

Formica - LF/supplier's color pattern code
Nevamar - LN/supplier's color pattern code
Wilsonart - LW/supplier's color pattern code

KI's standard laminate finish is the supplier's recommended finish for that color/pattern.
Note: Nonstandard laminates from these suppliers (example: textured laminates) require a Product Modification Request.
Contact customer service for details.

HOW TO ORDER

Indicate the following information on order form:
1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The □ indicates that a choice is required.
- The absence of the □ indicates that no choice is required.
- Alpha-numeric characters in place of □ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

Ⓐ Select basic model.

Ⓑ Select edge style.
BN	- Flat vinyl T-edge
74P	- 74P edge
KN	- Knife edge
PL	- Postformed edge
WL	- Wood edge, laminate surface
WV	- Wood edge, veneer surface

Ⓒ Select surface finish.
Refer to the **Product Color Options** page in this price list.
Surface finish offerings are based on edge style selections.

Ⓓ Select grommet color.
Refer to the **Product Color Options** page in this price list.

Ⓔ Select edge color.
Refer to the **Product Color Options** page in this price list.

Ⓕ Select grommet color.
Refer to the **Product Color Options** page in this price list.

FINISH INFORMATION

Additional Laminate Offering
Additional laminates beyond KI standard offering, are available with two weeks extended leadtime. To specify additional laminates, use these designators followed by the supplier's color/pattern code:

Formica - LF/supplier's color pattern code
Nevamar - LN/supplier's color pattern code
Wilsonart - LW/supplier's color pattern code

KI's standard laminate finish is the supplier's recommended finish for that color/pattern. Note: Nonstandard laminates from these suppliers (example: textured laminates) require a Product Modification Request.
Contact customer service for details.

HOW TO ORDER

Indicate the following information on order form:
1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The ☐ indicates that a choice is required.

• The absence of the ☐ indicates that no choice is required.

• Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

Ⓐ Select basic model.

Ⓑ Select assembly.

F	- Fully Assembled; add $179
U	- Unassembled

Ⓒ Select paint color.
Refer to the **Product Color Options** page in this price list.

Ⓓ Select lock option.

KA	- Key alike
KS	- Key standard
NLC	- No lock core

Ⓔ Select lock color.
Refer to the **Product Color Options** page in this price list.

INFORMATION

See color page for coordinated plastic or trim color to the paint color.

FINISH INFORMATION

Additional Laminate Offering
Additional laminates beyond KI standard offering, are available with two weeks extended leadtime. To specify additional laminates, use these designators followed by the supplier's color/pattern code:

Formica - LF/supplier's color pattern code
Nevamar - LN/supplier's color pattern code
Wilsonart - LW/supplier's color pattern code

KI's standard laminate finish is the supplier's recommended finish for that color/pattern.
Note: Nonstandard laminates from these suppliers (example: textured laminates) require a Product Modification Request.
Contact customer service for details.

HOW TO ORDER

Indicate the following information on order form:
1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The ☐ indicates that a choice is required.

• The absence of the ☐ indicates that no choice is required.

• Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

Ⓐ Select basic model.

Ⓑ Select assembly.
| F | - Fully Assembled; add $179 |
| U | - Unassembled |

Ⓒ Select paint color.
Refer to the **Product Color Options** page in this price list.

Ⓓ Select veneer color.
Refer to the **Product Color Options** page in this price list.

Ⓔ Select lock option.
KA	- Key alike
KS	- Key standard
NLC	- No lock core

Ⓕ Select lock color.
Refer to the **Product Color Options** page in this price list.

INFORMATION
See color page for coordinated plastic or trim color to the paint color.

SPECIAL SERVICES

Special Carton Marking

With specially marked information   N/C

Shipping
Ships **knocked down, FOB Manitowoc, WI 54220, freight prepaid.** Freight class 70.

True® Desking	•	•	•

SPECIFICATIONS

Cabinet Construction
The overhead cabinet shall be assembled complete and powder-coated in widths of 30", 36", 42", 48", 54" and 60". The overall dimensions of the end panels shall be 17" high and 16-1/2" deep. The shelf depth shall be 13-1/2". Inside height shall allow for oversize binders, such as Folscap and A4, to be stored vertically. The cabinet top, bottom, and shelf shall be fabricated from 18-gauge steel. Side panels shall be fabricated from 14-gauge steel and attached via resistance welding. Cabinet top, bottom, and shelf shall contain reinforcements fabricated from 18-gauge steel and attached via resistance welding. Pins for door and shroud attachement shall be fabricated from 3/8" diameter steel and attached via resistance welding. Shroud will be black only. All accessible or visible edges shall be smooth and rounded.

Door Construction
The upper door shall be available in colored or translucent extruded rigid polypropylene with spattercoat finish, fabric or laminate applied.

The overall door thickness shall be 3/8" with a .075 wall thickness. The door shall be capped with polycarbonate endcaps and attached to the case with polycarbonate arms. A center lock mechanism will be utilized between the upper and lower doors for security. The lower door shall be an aluminum extrusion with a powder-coat finish. The lower door shall have a .075 thickness and be ergonomic in design. The door shall be capped and attached to the case with polycarbonate arms.

Door Operation
The overhead cabinet doors shall be effortlessly operated from either a seated or standing position through use of the upper door or lower door. The upper door and lower door shall be synchronized in motion through the use of two 10-guage linkages. The doors shall be assisted with two extension springs and require less than 5 pounds of force to operate. Either door shall be opened or closed with a closed fist. The upper door shall open over the outside of case.

Cabinet Installation
The overhead cabinet shall include separate mounting brackets that allow for assembly to

panels or desk systems. The brackets shall be attached to the back of the overhead via a hook and groove system and two screw fasteners. The hook and groove system shall allow the installer to assemble brackets to a panel before attaching to overhead. The desk supports shall attach to the bottom of overhead via four screw fasteners.

Task Lights
Task lights shall be available which suspend from the underside of the cabinet. The task light shall mount flush with the underside of the overhead cabinet via two cantilever brackets. Task light shall be offered fully assembled in black only. The task light shall have an 8' long cord with three-prong grounded plug, and be available in three versions; standard high-power factor ballast, variable (high/low) high-power factor ballast, and electronic ballast. All three options shall include a cool white lamp. Chords shall be routed into and through wire trough located at rear underside of cabinet shelf. Installation and removal shall be accomplished without the use of tools or fasteners.

Shelf Dividers
Shelf dividers shall be powder-coated, 18-

gauge steel and offered in the same color as the overhead case. Installation and removal shall be accomplished without the use of tools or fasteners.

Tackboard/Tool Rail Mounting Bar
A powder-coated, 14-gauge bracket shall be available for the attachment of a hanging tool rail or tackboard to the underside of the overhead. The bracket shall be specified in the same widths as the overhead and is offered in the same colors as the overhead case.

Overhead Hanging Tackboard
Tackboards shall be available in 12" height and in 24", 30", 36", 42", 48", 54", and 60" widths. The tackboard shall be constructed of 3/4" industrial insulation board covered with fabric. The mounting brackets shall be steel powder-coated and attached to the coreboard with T-nuts and machine screws. Fabric shall be attached to the coreboard with staples. A mounting bracket bar is required to attach the tackboard to the overhead cabinet.

INFORMATION

C.O.M. Testing and Production Requirements
Not all materials are suitable for upholstering this product. A 1 yd. x 54" sample must be submitted and approved prior to acceptance of an order. If the fabric is directional in pattern or weave, the direction must be indicated on the submitted sample, and additional yardage may be requested.

Test samples must be sent to:

HOW TO ORDER

Indicate the following information on order form:
1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The ☐ indicates that a choice is required.
• The absence of the ☐ indicates that no choice is required.
• Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

Ⓐ Select basic model.

Ⓑ Select cabinet paint color.
Refer to the **Product Color Options** page in this price list.

Ⓒ Select upper door color.
Refer to **ki.com/fabrics**

Ⓓ Select lock option.
KA	- Key alike
KS	- Key standard
NLC	- No lock core

Ⓔ Select lock color.
Refer to the **Product Color Options** page in this price list.

INFORMATION

Painted cabinet and lower door
Shelf dividers available separately
Cabinet is fully assembled
Door stores above top of cabinet
Will accept hanging tool rail and tackboards
(Attachment bar ordered separately)

INFORMATION

Fabric Disclaimer
Fabric will be applied as swatched by the fabric manufacturer. Fabric that is required to be applied differently than is swatched will need a Product Modification Request written specifying the direction the fabric is to be applied.

Shelf dividers available separately
Cabinet is fully assembled
Door stores above top of cabinet
Will accept hanging tool rail and tackboards
(Attachment bar ordered separately)

FINISH INFORMATION

Additional Laminate Offering
Additional laminates beyond KI standard offering, are available with two weeks extended leadtime. To specify additional laminates, use these designators followed by the supplier's color/pattern code:

Formica - LF/supplier's color pattern code
Nevamar - LN/supplier's color pattern code
Wilsonart - LW/supplier's color pattern code

KI's standard laminate finish is the supplier's recommended finish for that color/pattern. Note: Nonstandard laminates from these suppliers (example: textured laminates) require a Product Modification Request. Contact customer service for details.

MODEL NUMBER

HOW TO ORDER

Indicate the following information on order form:
1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The ☐ indicates that a choice is required.

• The absence of the ☐ indicates that no choice is required.

• Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

Ⓐ Select basic model.

Ⓑ Select trim color.
Refer to the **Product Color Options** page in this price list.

Ⓒ Select load bar mounting.
YLBM - Load bar mounted
NLBM - Not load bar mounted

Ⓓ Select fabric color.
Refer to **ki.com/fabrics**

INFORMATION

Fabric Disclaimer
Fabric will be applied as swatched by the fabric manufacturer. Fabric that is required to be applied differently than is swatched will need a Product Modification Request written specifying the direction the fabric is to be applied.
