

Workshelf™

Specification & Price Guide 2016

Offices. Perfectly Tailored.™

WORK-SHELF™

Specification & Price Guide

Workshelf is a desking system that spans the open plan and private office with the clean lines of benching and the privacy and storage options of a panel system.

The design team extended the notion of working with a primary power-beam by building creative storage and open access components within additional shelving above the core beam. The stacking and layering of Workshelf individual and shared storage modules within the two-inch shelves is a signature element of the product line.

The cantilever and open asymmetrical shelves offer freedom to place items and objects in an orderly but creative fashion. Workshelf storage includes: cabinetry with lock options is a personal spot to secure laptops, phones, tablets etc.; storage cabinets can be arranged in a shared fashion with the option of four new colorful acrylic fascia; book and binder slots offer arms reach flexibility; paper trays are a nod to the in-out baskets of traditional offices and smoked acrylic privacy dividers offer a handsome design touch.

Each feature has been developed within a set of standardized components making it easy to specify. The ability to arrange them in various and shared configurations make it highly personalized and uniquely functional for a variety of work tasks. The result is an architecturally engaging workplace that adapts to the ever-evolving needs of individuals.

Powershell™ became the object of new thinking and innovation. The proprietary design is discreet, elegantly simple and directed to multiple and expected locations. The functionality is impressive, with power access for the user directly into the sides or top of Powershell and extending out to the worksurfaces as well.

The solid wood leg is built on the Three H tradition of hand crafted solid wood detailing. The angular steel support structure is multi-functional for desking and tables and was also styled to compliment the progressive aesthetics of the furniture. Together with the knife edge organic shaped tops, Workshelf is that rareness in design and quality that is immediately recognizable.

General Furniture Specifications

Workshelf is constructed of thermofused melamine laminated on an industry standard particleboard core. All laminate material is finished with a decorative face on both sides and is available in over 36 woodgrain, solid and composite colors & 5 HPL accent colors.

Worksurface tops are 1" thick, and are available with a 1mm PVC and knife edge, finished to match or complement the selected laminate finish.

Powershell and Powershell Returns are 2" thick gables and 1" thick tops. Laminate construction with integrated rail for adjustable Surface Storage Box connection. Modesty panels, where specified, are 5/8" laminate. All edges finished with 1mm PVC trim.

Platform Shelf is 2" thick laminate construction with integrated top and/or bottom rail for adjustable Surface Storage Box connection. Available as middle or top stackers. All edges finished with 1mm PVC trim.

Surface Storage Boxes are constructed of 5/8" laminate and finished with 1mm PVC edge.

Pedestals and other storage cabinet shells are constructed of 5/8" laminate. Cabinet base and shelves are 1" laminate. All edges trimmed with 1mm PVC. Box drawers, file drawers and lateral file drawers all utilize full extension slides.

File drawer inside depth=15.75"

Box drawer inside depth=15.75"

Scratch resistant acrylic is an available option on door fronts.

Nominal dimensions represent actual outside dimensions.

Aluminum Components

Powershell, Return and Accessory Shelf aluminum connecting rails have a clear anodized finish.

Worksurface underframe is available White or Grey powder coated steel.

Wood Components

Worksurface legs are solid European beech hardwood. Available in 14 stained finishes or 3 paint colors.

Standard Grain Direction

Worksurfaces: Grain runs parallel to the desk length

Panel Tile: Horizontal grain

Door fronts: Vertical grain

Drawer fronts: Option for horizontal or *vertical grain

*matched between multiple drawers on same cabinet

Power

1. Four duplex (2 facing out & 2 facing in) power access + 1x data per Workshelf side.

2. Two duplex 'Snap In' (facing out) receptacles with 6' cord and standard 110V plug and surge arrest power bar with 8 outlets + 6' cord.

8 wire four circuit systems are the standard power modules utilized. Desktop power modules are available for use on worksurfaces and Powershell.

Glide / Leveler Adjustment

Panels: 2½" adjustment

Credenzas and pedestals: 3/4" adjustment

(Longer stem glides available. Order separately.)

Available Fabrics

Select stock fabrics, in varying grades, available from Maharam, Guilford of Maine and Momentum.

(some limitations and additional lead time may apply)

Standard Pulls

Workshelf Pull: Solid extruded aluminum profile available in White, Grey or Orange powder coated paint.

SCS Indoor Air Quality Certified®

Workshelf™ components meet LEED requirements for Low Emitting Materials – Systems Furniture and Seating.

Three H Furniture Systems Limited ("Three H") provides a limited lifetime warranty on all products sold to the original purchaser by a Three H authorized dealer. Three H warrants that its product will remain functional¹ for as long as the original purchaser owns the product. The obligation of Three H under this warranty is to repair or replace with a comparable product or component determined to be defective by Three H at no cost to the original purchaser, FOB purchaser's destination.

¹ Remain Functional refers to the products ability to fulfill its original purpose or function.

Updated June 2015

EXCEPTIONS TO THIS WARRANTY MAY INCLUDE:

- Three H provides a full warranty on our bullnose, wavecrest and prestige wood trim and finish for a period of 3 years after date of delivery. After 3 years, the warranty applies to the wood edge only. General wear and fading of the finish after a 3 year period is not considered a defect.
- Variation in laminate finish characteristic including color and texture is not considered a defect.
- All fabrics including tackboards, panels & cushions are warranted for a period of 5 years after date of delivery.
- All lighting products including bulbs, tubes, ballasts and LEDs do not carry a warranty.
- All power related products & components carry a 1 year warranty.
- All electric height adjustable components carry a 3 year warranty.
- Product & components which are not directly manufactured by Three H. In this case warranty is determined by what is offered from the manufacturer of the defective product or component.
- Product that is not sold by a Three H authorized dealer.
- Product that is not installed & maintained in accordance with Three H's guidelines & instructions.
- Product that is damaged by the end user due to misuse, accident, abuse, negligence or shipping.
- Incidental wear to product including scratches & dents occurring from everyday use.
- Product that has been altered or re-configured in any way prior to written approval by Three H.
- Product which has received excessive exposure to U.V rays, heat, water or harsh chemicals.
- Product that has been damaged due to re-installation without the assistance of an authorized Three H dealer or installer.
- Product that has been subject to conditions that exceed the BIFMA/ANSI standards applicable to that product.
- Product that is being used for rental purposes.
- Customers own material (COM) provided at the request of the user is not covered by the Three H warranty.

WARRANTY CLAIM PROCEDURE

- All warranty claims must be authorized by Three H prior to approval.
- Claims can be directed to Three H's warranty & replacement officer by contacting 1.800.767.5374 or by emailing claims@three-h.com.
- Claims must include original order number, as well as a description of return request.
- Three H reserves the right to investigate any of the above mentioned exceptions, request digital photos of the product in question, as well as proof of original ownership prior to warranty approval.

THIS WARRANTY LIABILITY IS LIMITED TO THE REPLACEMENT OF PRODUCT. THREE H WILL NOT BE HELD LIABLE FOR ANY PERSONAL OR PROPERTY DAMAGE AS WELL AS ANY CONSEQUENTIAL OR INCIDENTAL DAMAGE. THIS WARRANTY EFFECTIVE JUNE 2015 SUPERSEDES ALL PREVIOUS WARRANTIES OFFERED BY THREE H FURNITURE SYSTEMS LIMITED.

CARE & MAINTENANCE

- Three H laminates can be easily cleaned with warm water and mild soaps. Do not use cleansers which contain abrasives, acids or alkalis.

QUOTATIONS

Three H can only provide quotations to registered dealers. Standard quotations are valid for a period of thirty (30) days unless otherwise specified. Registered project quotations are valid for a period of sixty (60) days unless otherwise specified.

PRICING

All pricing is subject to change without notice. Prices are subject to any provincial or state taxes & are confirmed at time of invoice.

ORDER SUBMISSION

An official purchase order is required for all purchases. PO's may be submitted by email to orders@three-h.com or by fax at 1-888-484-5786. The following information is required on all purchase orders:

Company name, purchase order number, delivery address & contract number, Three H quotation number(s) or project registration number (if applicable), décor selections (tops, fronts, décor, trim, fabric), total net pricing including dealer discounts and any applicable freight & tax amounts.

CONFIRMATIONS

After receiving a purchase order, Three H will provide a confirmation along with estimated ship dates. If any discrepancies exist, Three H will provide a deficiency report outlining the details. If you do not receive a confirmation within 48 hours of submission, please contact customer service for verification.

DEPOSIT REQUIREMENTS

Deposits may be required on large volume orders & can be requested by Three H at quotation stage or at time of purchase order.

ORDER CHANGES AND CANCELLATIONS

Canceled orders may be subject to re-stocking fees. Re-stocking fees are a percentage net (including full amount) depending on their status in production. All Three H is product is 'made to order' and does not come from a stocking program. Product returns must be authorized by Three H prior to being sent back. A return authorization number will be issued by our warranty/claims department upon approval. All product being returned must be packaged securely in a similar manner as it was delivered. Product returned damaged will be refused.

REPLACEMENTS

Replacement components can be requested from replacements@three-h.com or by calling 1.800.767.5374 ext. 235. Please have original Three H order number available when requesting replacements parts. Any installation and labor charges related to warranty replacements must be reviewed & approved by Three H prior to being reimbursed. Three H does not reimburse for concealed freight damages or damages that occur during installation.

WARRANTY

Three H Furniture Systems offers a limited lifetime warranty on all products. For detailed information, please review our full warranty policy.

FREIGHT INFORMATION**MINIMUM FREIGHT CHARGES**

Unless otherwise specified, freight is included to dealer dock on all orders when combined shipment values exceed \$5000 list. In certain locations, zone freight premiums may apply. Combined orders under the minimum list will have a \$150 net freight charge applied. Three H is not responsible for consolidating or holding orders in order to meet the minimum requirements. This is the responsibility of the dealer.

ALTERNATE SHIP TO LOCATIONS

If alternate ship to locations other than dealer dock is required, additional freight charges may apply. Please contact Three H Customer Service to verify prior to submitting PO.

ADDITIONAL CHARGES

Additional shipping charges may also apply for direct to site delivery, weekend delivery, storage fees, gate services, call ahead notices, excessive unload times or other custom freight requests. Please contact customer service for any freight related questions.

DAMAGED PRODUCT

All merchandise is inspected and packed prior to shipment. It is the responsibility for the dealer to inspect packaging thoroughly upon delivery for any damages prior to accepting delivery. Obvious damages or shortages should be noted on the freight bill (bill of lading) and a claim filed immediately with Three H. Concealed damage should be reported to Three H immediately upon discovery. Any claims against Three H for apparent defects, errors or shortages must be made by the purchaser, in writing, within ten (10) working days after delivery. Failure to make a claim within ten (10) days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

SPECIFICATION GUIDE

DOUBLE SIDED POWER

Connecting Rail is centered on Doubled Sided application.
Centering the rail creates centered storage stackers.

SINGLE SIDED POWER

Connecting Rail is offset towards the back on Single Sided application.
Offsetting the rail creates storage stackers flush to the back edge.

CONNECTING RAIL**LEG OPTIONS****LEG OPTIONS**

EXTENDED BEAM EXAMPLE

POWER/ DATA OPTIONS

HOW POWER/ DATA WORKS INSIDE POWERSHELF

Powershelf is supported by one or two metal beams that holds the power/ data harness and cords. Outlets are exposed for easy access on the outside and more permanent power/ data outlets are located on the inside. Depending how your office is set up or where you are located different power options are available.

The feed (whip) MUST be on one of the "starter" Powershelf pieces. A Jumper is used to transfer power from one Powershelf to a "middle" or "end" Powershelf. Another Jumper is used to transfer power from one side of the Powershelf to the other if it is double sided.

Example: Ordering a standalone Powershelf requires one feed. One jumper is already included in the price.

Example 2: Ordering 2 Powershelves requires one feed and one jumper. 2 jumpers are already included on each Powershelf (see above example)

Example 3: Ordering a Single Sided standalone Powershelf requires 1 feed with one jumper already included. If ordering 2 Single Sided Powershelves to be attached; 1 jumper will be included in the 2nd Powershelf.

EASY ACCESS POWER

A. Worksurface Grommet

B. Easy Access Power Outlets

C. Self-Adhesive Wire Management Trays

The application above demonstrates how the wire management will work from Worksurface Grommet to Easy Access Power outlet. We use self-adhesive wire management trays which we use across all product lines. This helps to eliminate dangling cords even if it's a temporary power source such as a laptop.

PERMANENT POWER

A. Worksurface Grommet

B. Permanent/ Semi-Permanent Power Outlets

C. Self-Adhesive Wire Management Trays

The application above demonstrates how the wire management will work from Worksurface Grommet to a more Permanent Power outlet. A Grommet is on the Powershell for the cord to run from (A) to (B) through the top of the Powershell Surface. This is for semi-permanent or permanent power such as a desktop computer.

WIRE MANAGEMENT

Wire Management is an important tool to having a tidy office space. We use black self-adhesive wire managers that can adhere to any surface it's applied to.

PLUG & PLAY POWER OPTION

Plug & Play Power is wired differently than the regular power sources. The easy access outlets simply clip in to the beam with one wire to a power bar that is hidden/ fixed to the underside of the top.

If you have a double sided Powershelf, you'll have 4 outlets and 4 connections going to the power bar. A single sided Powershelf will only have 2 outlets and 2 connections.

From the bottom of the table, your wires power and power source will look like this. The power bar is powered by 1 cable that will need to be plugged into an external outlet. A grommet in the leg is suggested.

MODESTY OPTIONS

HOW STORAGE STACKERS ARE USED

- ① **TOP STACKER**
LAMINATE DOORS + LAMINATE TOP
- ② **TOP STACKER**
OPEN + NO TOP
- ③ **MIDDLE STACKER**
SHELVES + SHELF STYLE TOP

Depending on your configuration; the stackers will be 1 of 2 configurations: a **Top** or a **Middle**.

A Top Stacker can have a laminate top or no top (see Number 1 & 2 above). A Middle Stacker will always be 4 sided and constructed for use underneath or between Accessory Shelves (see Number 3 above).

The backs of the Stackers can be either Laminate, Whiteboard or Tackboard. Stackers are also available with no back for a shared storage option.

Decorative Laminate is available on Divides and Shelves. High Gloss Acrylic is available on the Doors.

Pages 23-26 show the Stackers with Decorative Laminate and High Gloss Acrylic where it is applicable. Regular Laminate can replace decorative and/or high gloss acrylic.

STACKER DETAILS

You can remove shelves from any stacker with a Back. No Back configurations use fixed shelves.

3.5"H	=	No shelves
7"H	=	1 shelf
10.5"H	=	2 shelves
14"H	=	3 shelves

For pricing on stackers without the standard amount of shelves please contact customer service.

The Stacker Shelves and/or Centre Divides can be accented with 1 of 5 Decorative Laminate Colours.

- =Honey Plantain
- =Summer Night Glow
- =Carmen Red
- =Kool Kiwi
- =French Blue
- =Standard Laminates

The Stacker Shelves Doors can be accented with 1 of 4 High Gloss Acrylic Colours.

- =Acrylic Red
- =Acrylic Orange
- =Acrylic Grey
- =Acrylic White
- =Standard Laminates

7"H, 10.5"H & 14"H have the option for Whiteboard Back Style.

10.5"H & 14"H have the option for Tackboard Back Style.

For pricing on stackers with Whiteboard or Tackboard Backs, please contact customer service.

HOW ACCESSORY SHELF IS USED

The Accessory Shelf has 2 extrusion options: **Bottom** and **Top+Bottom**. This metal connecting rail is used to assemble the stackers to the Powershelf, Return, Low storage and Accessory Shelf (Connecting Rail is a ½"x½" extrusion). The Accessory Shelf can create many different stacking arrangements.

Fixed dimensions: Height=2" / Depth=15"

1 Choose Application:

○=(00) NO MODESTY | DOUBLE SIDED

■=(L2) 14"H MODESTY | SINGLE SIDED

●=(L4) 26"H MODESTY | SINGLE SIDED

Follow the legend to find the price of Modesty Style of choice. Make note of price to subtract if you do not want a Connecting Rail.

NO RAIL VS. CONNECTING RAIL?

The Connecting Rail is used to attach the Storage Stackers (see image). If you don't plan to use the Storage Stackers, a Connecting Rail is not needed.

**2 Start with a Left Leg Configuration**

A Left Leg will either be a Starter, a Middle or a Start & End (freestanding).

3 Continue or end with a Right Leg Configuration

A Right Leg will either be a Middle or an End.

4 Powershelf comes with the required power

The prices show the standard Power. Please contact Customer Service for a quote on other power options.

1 Choose a Worksurface shape

Choose 1 of 4 Worksurface shapes. Each option has different depths available.

3 Choose a Leg Configuration

The Worksurfaces can be Freestanding tables Left Legs=Wood (W) and Right Legs=Wood (W). A Run-Off table, depending on your configuration, will either have No Legs (N) left or right and Wood Legs (W) left or right.

2 Choose a Modesty

The modesty has 4 different options to choose from, depending on the leg configuration; the Modesty will be centered, left or right run-off.

1 Choose a Length

Choose 1 of 7 lengths from 16"L to 36"L.

2 Choose a Configuration & Position

See Configuration options below.

It can be positioned anywhere under the Powershelf.

PEDESTAL EXAMPLE

Shown above: Left Position | Right Pull | Box File

CONFIGURATIONS**PULL & LOCK POSITIONS**

*Left & Right pull positions are available up to 21"L.

24"L and up will automatically get a Centre Pull Position.

1 Choose Height

The height of the stacker will determine the available configurations.

3"H can be open only

7"H can be open, 1-2 shelves or flip doors

10.5"H can be open or 2-4 shelves

14"H can be open, 3-6 shelves or regular doors

2 Choose Length

The length of the stacker also brings different configurations.

12"W and 18"W are single bays

24"W and 36"W are double bays with 1 centre divide

48"W is a triple bay with 2 centre divides

3 Choose BACK configuration

After you choose the Height and Length, you will see what options you have to choose from at that point.

Possible options are: Back and No Back

4 Choose Placement

Choosing a PLACEMENT requires knowing if you need a Middle or Top Stacker. A Middle Stacker is used inbetween a surface/Accessory Shelf and Accessory Shelf. A Top Stacker will have 1 of 2 Top Styles: Laminate Top or No Top
