SECTION I: Introduction

- 1.0 **OVERVIEW:** East Mississippi State Hospital (EMSH) is a mental health facility that cares for individuals in need of services from thirty-one (31) different counties. The mission at EMSH is to provide behavioral health, chemical dependency and nursing home services, in a caring and compassionate environment.

In order to provide the best care for EMSH patients and residents, acute care hospital services are required when advanced care is necessary. EMSH will use the information obtained to determine which acute care hospital will be selected for contract negotiations. This proposal will be considered an integral part of the contract and EMSH will expect the Respondent to honor all representations made in its proposal.

- 1.1 **PURPOSE:** The goal of this Request for Proposals (RFP) is to establish a service contract with an acute care hospital for inpatient and outpatient services to treat the patients/residents of EMSH.

- 1.2 **INVITATION:** Written proposals, subject to the conditions herein stated and attached hereto, will be received at this office until June 16, 2017, at 10 a.m. CDT for furnishing the services as described below for EMSH.

- 1.3 **DESCRIPTION:** EMSH is hereby requesting written proposals as follows:
EMSH is seeking the best contract possible with a local acute care hospital. All documentation submitted in response to this RFP, and any subsequent requests for information pertaining to this RFP shall become the property of EMSH and will not be returned to the Respondent.

EMSH will receive proposals from firms having specific experience and qualifications in the area identified in the solicitation. For consideration, proposals for the project must contain evidence of the firm's experience and abilities in the specified area and other disciplines directly related to the proposed service. Other information required by the EMSH may be included elsewhere in the solicitation. Unless otherwise stated, all Respondents shall provide an outline of the departments and staff available to provide services; references, illustrative examples of similar work performed, and any other information that clearly demonstrates the Respondent's expertise in the area of the solicitation.

1.4 **REJECTION OF PROPOSALS**

Proposals which do not conform to the requirements set forth in this RFP may be rejected by EMSH. Proposals may be rejected for reasons which include, but are not limited to, the following:

Modifications or additions to any portion of the proposal document may be cause for rejection of the proposal. EMSH reserves the right to decide, on a case-by-case basis, whether to reject a proposal with modifications or additions as non-responsive. As a precondition to proposal acceptance, EMSH may request the Respondent to withdraw or modify those portions of the proposal deemed non-responsive that do not affect quality, quantity, price, or delivery of the service.

2.3 DETAILED MINIMUM SPECIFICATIONS

2.4 **PERIOD OF PERFORMANCE**

The period of performance of this contract is August 1, 2017, to July 31, 2021. One additional year can be added to the contract with the written consent of both parties; and with the approval of the Personal Services Contract Review Board; and subject to the availability of State funds.

If the price is substantially lower than those of other Respondents, a mistake may have been made. A Respondent may withdraw its proposal from consideration if certain conditions are met:

- B. The price is substantially lower than those of other Respondents because of a mistake.
- C. The mistake is a clerical error, not an error of judgment.
- D. Objective evidence drawn from original work papers, documents, and other materials used in the preparation of the proposal demonstrates clearly that the mistake was an unintentional error in arithmetic or an unintentional omission of a quantity of labor or material.

To withdraw a proposal that includes a clerical error after the proposal opening, the Respondent will give written notice to EMSH to claim the right to withdraw a proposal. Within five business days after the proposal opening, the Respondent requesting withdrawal must provide to EMSH all original work papers, documents, and other materials used in the preparation of the proposal.

A Respondent may also withdraw a proposal, prior to the time set for the opening of proposals, by simply making a request in writing to EMSH. No explanation is required.

No partial withdrawals of a proposal are permitted after the time and date set for the proposal opening; only complete withdrawals are permitted.

2.6 ACCEPTANCE OF PROPOSALS

EMSH reserves the right, in its sole discretion, to waive minor irregularities in proposals. A minor irregularity is a variation of the RFP which does not affect the price of the proposal, or give one party an advantage or benefit not enjoyed by other parties, or adversely impact the interest of EMSH. Waivers, when granted, shall in no way modify the RFP requirements or excuse the party from full compliance with the RFP specifications and other contract requirements, if the party is awarded the contract.

2.7 DISPOSITION OF PROPOSALS

All submitted proposals become the property of the State of Mississippi.

2.8 RFP DOES NOT CONSTITUTE ACCEPTANCE OF OFFER

The release of the Request for Proposal does not constitute an acceptance of any offer, nor does such release in any way obligate EMSH to execute a contract with any other party. EMSH reserves the right to accept, reject, or negotiate any or all offers on the basis of the evaluation criteria contained within this document. The final decision to execute a contract with any party rests solely with EMSH.

2.9 RESPONDENT'S CERTIFICATION

The discussions shall be for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. In conducting discussions, there shall be no disclosure of any information derived from competing proposals. Respondents shall be accorded fair and equal treatment with respect to any opportunity for discussion. Revision of proposals may be permitted after submissions and prior to award for the purpose of obtaining best and final offers.

4.24 FALSE CLAIMS ACT

The False Claims Act allows people, whether affiliated with the government or not, to file actions against federal contractors claiming fraud against the government. The act of filing such actions is informally called “whistleblowing”. Persons filing under the Act stand to receive a portion (usually about 15-25 percent) of any recovered damages. The act provides a legal tool to counteract fraudulent billings turned in to the Federal Government. Claims under the law have been filed by persons with insider knowledge of false claims which have typically involved health care, military, or other government spending programs.

The Department of Mental Health and its twelve residential facilities actively encourage persons with knowledge of fraudulent claims to report it. The False Claims Act gives a person reporting such fraud certain rights and protections, among which is protection from adverse action by the employer for reporting such fraud. In the case of Medicaid fraud – 1-800-880-5920 is the Fraud and Abuse Hotline for the Bureau of Program Integrity at the Mississippi Division of Medicaid. Fraudulent Medicaid claims would include, but not be limited to:

- Billing for services not rendered
- Billing for services rendered by not medically necessary
- “Up-coding” or inappropriate billing that results in a loss to the Medicaid Program
- Inappropriate or lack of documentation to support services billed
- Quality of care issues (care that fails to meet professionally recognized health care standards)
- Falsifying certificates of medical necessity, plans of treatment, and/or medical records to justify payment
- Soliciting or receiving kickbacks
- Violating Medicaid policies, procedures, rules, regulations, and/or statutes.

Medicaid beneficiaries should be referred to the Bureau of Program Integrity at the Division of Medicaid if there is a suspicion of:

- Excessive use or over-use of Medicaid
- Using another’s Medicaid identification card
- Lending, altering, or duplicating a Medicaid identification card
- Providing incorrect eligibility or false information to a provider to obtain treatment
- Simultaneously receiving benefits in two or more states
- Knowingly assisting providers in rendering services to defraud the Medicaid program
- Prescription fraud

Every dollar lost to fraud is a dollar that cannot serve a deserving Medicaid beneficiary

Other suspected fraud and abuse with regard to non-Medicaid claims against state government can be reported to the State Attorney General's Office. For that matter, Medicaid fraud can also be reported to the Attorney General. Contact information for reporting fraud to the State Attorney General is:
