LET'S CUT RIGHT TO IT.

This is more than just making a lawn look pretty.
There are legacies on the line – both yours and ours.

It comes down to this – cutting the lawn is no longer a chore.
It's a competition.

Luckily you're running with the best in the business.

So drop the deck and step up your game.

And see how much you and your Ariens can do.

Our story was born in Brillion, Wisconsin, in the backyard of Middle America.

In 1933, my great-grandfather Henry first stamped our family name on a piece of well-crafted equipment. And with that name, he forged a promise of high quality, American craftsmanship that we've stood behind ever since.

Since the first blade of grass was sliced, we've cut lawns better by not cutting corners. Millions of models later, and we're not about to slow down.

THIS IS OUR TURF.

But this story isn't about us. It's about you – the one that takes pride in their property and puts the neighborhood on notice. The one that pulls open the garage, sends the blade in motion and takes care of business.

You're the backbone of our uncompromised standards and commitment to quality. The reason we insist on superior components, all-steel frames and faster, more complete mowing performance.

You're the main character of the Ariens lawn and garden story. And I look forward to writing the next chapter together.

So the next time you take it outside, rest assured you're running with the best solution under the sun.

Sincerely –

A handwritten signature in black ink, reading "Dan Ariens". The signature is fluid and cursive, with the first name "Dan" and last name "Ariens" clearly distinguishable.

Dan Ariens

Whether you ride or push, we want you to win. We get it.
This isn't about cutting the grass. It's about being a cut above
the neighborhood competition.

Starting with our thick, all-steel frames, we've always been
dedicated to bringing you overbuilt machines that never quit.

We pour our heart and soul into every last detail, remaining
committed to our quality standards and have an unrivaled focus
on every single blade we cut.

WE CUT GRASS. NOT CORNERS

We engineer, weld, manufacture and think the way we do because
we're constantly looking to sharpen the competitive edge.

With over 80 years of uncompromised craftsmanship at our back,
we're leading the way with a collection of products that give you the
right tool for any job, in any season.

So at the end of a long summer day, we want your well-manicured
lawn to feel more like victory lane.

THERE IS NO
OFF-SEASON.

True, we're best known for snow removal. But since day one, we've been powered to change the landscape year 'round.

Over 80 years ago, it started with an American made rotary tiller that sparked a revolution in agricultural efficiency.

Our innovative spirit has no off-season. From our Zero-Turn Tractors and Mowers to Log Splitters and Trimmers our collection of lawn and garden machines and accessories are a reflection of that. Overbuilt to outperform and last for generations. Those are the hallmarks of Ariens products.

We understand that you take pride in your property. It's our mission to match that pride by delivering a wide range of landscape solutions to bring uncompromising, all-season performance to your property.

So no matter what the calendar says, you're sure to leave the neighbors speechless.

DROP THE DECK AND THE NEIGHBORS JAWS.

Your name is on the mailbox. So our name should be on your mower.

Because this is more than just maintenance.

It's about mowing over the competition.

Rather than keep up with the Jones' family, let's blow right by them. Instead of just cutting the lawn, let's turn you into a neighborhood legend.

So put the celebratory lemonade on ice and let's take this outside. Fire up this orange machine and leave your neighbors green with envy.

Because the only thing we love more than the smell of freshly cut grass is the sweet taste of victory.

Unsurpassed design. Unrivaled guarantees. Every Ariens product comes backed by a 3-year warranty supported by an extensive independent dealer network.

SUMMER LOVIN'.

Just like our machines, our fan base is solid as steel. They have orange running through their veins. With die-hard Ariens owners, the stories don't stop when the last blade flies.

So once you make your last pass, join the conversation and share your experience with your family of fellow Ariens enthusiasts.

COMMERCIAL-STYLE DECK

HANG WITH THE PROS.

When you drop this 10-gauge steel deck, it won't ever let you down. It's designed with reinforced cast-iron spindles, a 3/8" reinforced leading edge and a 4-point professional deck hanging system to deliver commercial grade reliability.

STEEL FRAME

SPEED NEEDS STRENGTH.

Faster, worry-free cutting starts from within. A steel-frame, tubular backbone ensures that this zero-turn will give you a professional performance for years to come.

HYDRO-GEAR® ZT-3100 TRANSMISSIONS

GEAR UP.

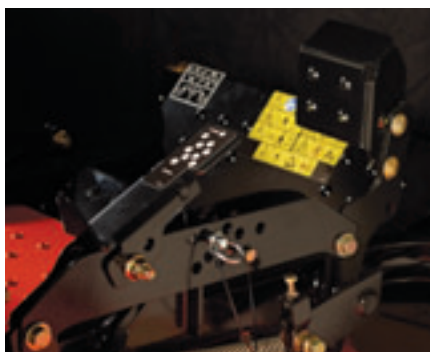

Step up your game with a commercial grade, high-performance transaxle designed for increased torque and load capacity with less vibration and better control.

CUTTING PRECISION

NEVER LOWER YOUR STANDARDS.

Regardless of how you like your cut, we always measure up. With 9 cutting positions ranging from 1" to 5", Ariens lets you cut with precision and peace of mind.

CONTROL ARMS

TAKE CONTROL OF THE CUT.

Two arms. Three accommodating positions. One person in charge. That's you. Cut with more control and comfort with these fully adjustable control arms.

PUSH LAWN ENVY TO THE MAX.

MAX ZOOM® SERIES

Whether you choose a 48", 52" or 60" deck, this zero-turn professional gives your neighbors zero chance to compete.

With well-crafted components, Hydro-Gear® transaxles and a nearly invincible 4-point deck, you can bring commercial performance home to cut your cutting time in half for years to come.

MODEL OVERVIEW

A NEIGHBORHOOD IKON.

IKON XL SERIES

Your neighborhood rep is at stake. So this is no time to come up short. Step up with the extra large performance of the IKON XL.

Choose a 42" or 52", fully fabricated and welded deck, and tackle a medium to large yard with ease and efficiency. A foot-operated deck lift makes it easy to adjust the cutting height from 1 ½" to 4 ½" in ¼" increments. So you can manicure your yard and make the neighbors envious.

Plus, you'll power over the competition with a Kohler® 7000 series™ twin cylinder, engine as the driving force behind this zero-turn.

COMMERCIAL-STYLE DECK CUTS DEEP.

The 4 ½" deep design provides airflow in challenging mowing conditions, delivering excellent cut quality along with a level of durability typically found in commercial mowers.

TUBULAR STEEL FRAME ONE-PIECE. ZERO DOUBT.

Faster, worry-free cutting starts from within. Unlike the competitive C-channel frames, this fully-welded, tubular steel-frame backbone provides superior rigidity and strength.

PLUSH SEAT CUT WITH COMFORT.

The king of the neighborhood deserves a proper throne. This plush, high-back seat featuring padded armrests is adjustable from the operator location, so you can find your perfect sitting position without slowing down.

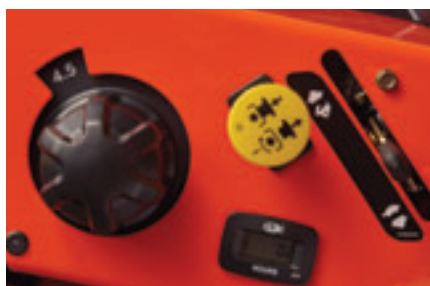

HYDRO-GEAR® ZT-2800 TRANSAXLES GEAR UP.

Step up your game with a commercial grade, high-performance transaxle designed for increased torque and load capacity, smooth operation and better control.

LARGE TIRE SIZES ROLL LIKE A PRO.

Larger tires let you roll through the neighborhood like a boss—providing improved traction and a smoother ride.

DIAL-OPERATED CUTTING HEIGHT DIAL IT IN.

Don't fumble with pins and levers to adjust your cutting height. The IKON XL puts 13 cutting positions at your fingertips, allowing you to adjust from 1 ½" to 4 ½" in ¼" increments with a turn of a dial.

COMMERCIAL-STYLE DECK CUTS DEEP.

The 4 ½" deep design provides airflow in challenging mowing conditions, delivering excellent cut quality along with a level of durability typically found in commercial mowers.

TUBULAR STEEL FRAME ONE-PIECE. ZERO DOUBT.

Faster, worry-free cutting starts from within. Unlike the competitive G-channel frames, this fully-welded, tubular steel-frame backbone provides superior rigidity and strength.

COMFORT SEAT GET COMFORTABLE.

Settle in to this captain's chair and make yourself comfortable. This plush vinyl seat offers forward and backward adjustment right from the operator's position to provide maximum comfort for all shapes and sizes.

KOHLER® 7000 SERIES ENGINE THE ENGINE THAT CAN.

This V-Twin 7000 Series Kohler engine gives 110%, stepping up with 22-24 HP, which make it easy to take a victory lap.

DIAL-OPERATED CUTTING HEIGHT DIAL IT IN.

Don't fumble with pins and levers to adjust your cutting height. The IKON puts 13 cutting positions at your fingertips, allowing you to adjust from 1 ½" to 4 ½" in ¼" increments with a turn of a dial.

NOTHING CUTS LIKE AN IKON.

IKON X SERIES

Show the neighborhood that you mean business with this commercial grade machine. Packed with premium features, this zero-turn is designed to deliver professional results.

Choose from a 42" or 52" fully fabricated deck, dial in your precise cutting height and roll in comfort, supported by a fully tubular frame and powered by a tireless Kohler® 7000 Series engine.

In the battle to be the best on the block, this is your wow-factor. Performing well above its pay grade, the IKON X is more than just a mower, it's a difference maker, designed to make you look your best.

ZOOM PAST THE JONES FAMILY.

ZOOM SERIES

A compact rider that’s full of confidence. That’s what you need to take on a small to medium-sized spread and make the neighbors wish they were riding with Ariens.

Choose from a 34", 42" or 50" deck to perfectly sculpt your lawn. Meanwhile, an effortless foot lever system and premium high-back seat allow you to cut with convenience and comfort.

Bottom line, the compact design is packed with features to make a big-time statement throughout the neighborhood.

12-GAUGE, STAMPED XLERATOR® DECK X-TRA STRONG PERFORMANCE.

When you drop this 12-gauge steel deck, it won't ever let you down. It's engineered for maximum airflow, an exceptional cut and long-lasting performance.

COMPACT DESIGN BIG-TIME PERFORMANCE.

Call it small and it's your mistake. With a 34" deck option, the Zoom 34 easily maneuvers through standard 36" gates to gobble up the landscape with speed, accuracy and efficiency.

18" HIGH-BACK SEAT SEATED FOR SUCCESS.

Rule the land with comfort from your 18" high luxurious high-back seat (42" and 50" only).

FOOT-OPERATED DECK LIFT STEP UP YOUR PERFORMANCE.

With a just simple step, our foot lever gives you the advantage to adjust the height of cut from 1 1/2" to 4 1/2" in 1/2".

DECK SYSTEM FOUR POINT PLAY.

The 4-point professional deck hanging system delivers reliability and stability that can be felt immediately once on board.

SEPARATE YOURSELF WITH ACCESSORIES.

When it comes to being the ruler of the residential area, the difference is in the details. Ariens has you covered with a collection of accessories to keep your property and your reputation in peak condition.

2 OR 3-BAG POWERED BAGGER BAG THEN BRAG.

The Ariens 2 and 3 Bag Powered and Non-Powered Baggers for Zero-Turn Riding Mowers gives you neighborhood bragging rights with large capacity to help you collect grass cuttings quickly, abundantly and efficiently.

POWER-ASSIST DUMP CART LOAD UP.

12 cu. ft. capacity, 750 lb. capacity, hydraulic-assisted tub lift with 110° tub rotation for side dumping, professional-grade square tube steel frame. Wider 15 in. x 6 in. run-flat tires.

HITCH KIT GET THE HOOK UP.

The Ariens Trailer Hitch is easy-to-install and designed with the strength of steel to pull a variety of accessories from pull-behind sprayers, fertilizer spreaders, utility trailers and more.

FLEXTEND SHOULDER SUPPORT SYSTEM GIVE IT A REST.

Lawn work doesn't have to be such hard work. Ride with comfort and ease with this ergonomically designed shoulder support system.

MULCHING KITS MULCH BETTER.

Our kits feature easy-to-install baffles that fit under mower decks to create a separate cutting chamber for each blade. When cut, grass lifts into the cutting chamber and gets cut many times before dropping onto the lawn.

WHEEL COVERS PIMP YOUR RIDE.

Upgrade the style of your riding lawn mower's rear wheels with Ariens Chrome Wheel Covers.

HEADLIGHT KIT LIGHT IT UP.

Light up the lawn and the competition with The Ariens Headlight Kit—designed to help ensure safety in low-light and low-visibility conditions.

FLUIDS FILL IT UP.

Maintain next level performance by leveling off with Ariens certified liquids to keep your key components running right.

APPAREL LOOK THE PART.

There are going to be a lot of eyes on your lawn. Make sure you look good and feel with a full line of high-performance gear from Ariens.

OPERATOR CONTROLLED CHUTE BAFFLE CONTROL YOUR CLIPPINGS.

Ariens Max Zoom Operator Controlled Chute Baffle offers the operator the ability to quickly control the flow of side discharged grass clippings.

WALK THE WALK.

CLASSIC WALK BEHINDS

Push the neighborhood to the brink of envy with this time-tested walk-behind machine.

14-GAUGE STAMPED STEEL DECK READY FOR ANYTHING.

Rugged, 14-gauge stamped steel deck features a scroll-shaped design to deliver optimal cut quality ranging from 1" – 3 1/2".

SWIVEL WHEEL NICE MOVES.

Effortlessly move around obstacles and make your lawn look its best with ease.

VARIABLE SPEED CONTROL SET THE TEMPO.

With effortless, variable speed control you can mow at your own pace and even lock in a maximum speed setting.

KAWASAKI FJ180V ENGINE POWERED TO PERFECTION.

Durable, reliable Kawasaki engine powers through the toughest cutting conditions with pressurized lubrication.

3-IN-1 CUTTING SYSTEM DECIDE HOW YOU DISPOSE.

3-in-1 cutting system allows users to choose from side discharge, mulch, and bagger options.

SHARPEN YOUR GAME.

RAZOR SERIES

Stay on the leading edge of the neighborhood competition with this powerful, well-equipped walk-behind mower.

DEEP DOMED DECK. BETTER BY DESIGN.

A deep domed deck maximizes air flow to give you a higher quality cut.

3-IN-1 CUTTING SYSTEM DECIDE HOW YOU DISPOSE.

3-in-1 cutting system allows users to choose from side discharge, mulch, and bagger options.

REAR WHEEL DRIVE DRIVEN TO SUCCEED.

Enjoy precise speed control and less operator effort especially on hilly terrain.

RITE HITE™ HANDLEBAR ADJUST ACCORDINGLY.

Change the height of the handlebar directly from the operating position by simply pushing the bail forward.

SINGLE POINT HEIGHT OF CUT A CUT ABOVE.

Single point height of cut lever allows for quick, simple adjustments to overcome grass conditions and achieve desired results.

EDGER

PIVOTING BLADE AN AGILE WAY TO EDGE.

Pivoting blade allows for edging along flower beds.

ADJUSTABLE FRONT WHEEL WHEEL AND DEAL.

Laterally adjustable front wheel gives operator more control while trimming.

CURB HOP STREET SMARTS.

Curb hop feature lets you effortlessly adapt to the terrain, allowing the right rear wheel to adjust vertically for edging along curbs.

STRING TRIMMER

4-POSITION HEIGHT TRIM TO A "T".

Get the trimming results you desire with 4 trimming heights ranging from 1 1/4" to 4 1/4".

KOHLER OHV XT ENGINE PROVEN POWER.

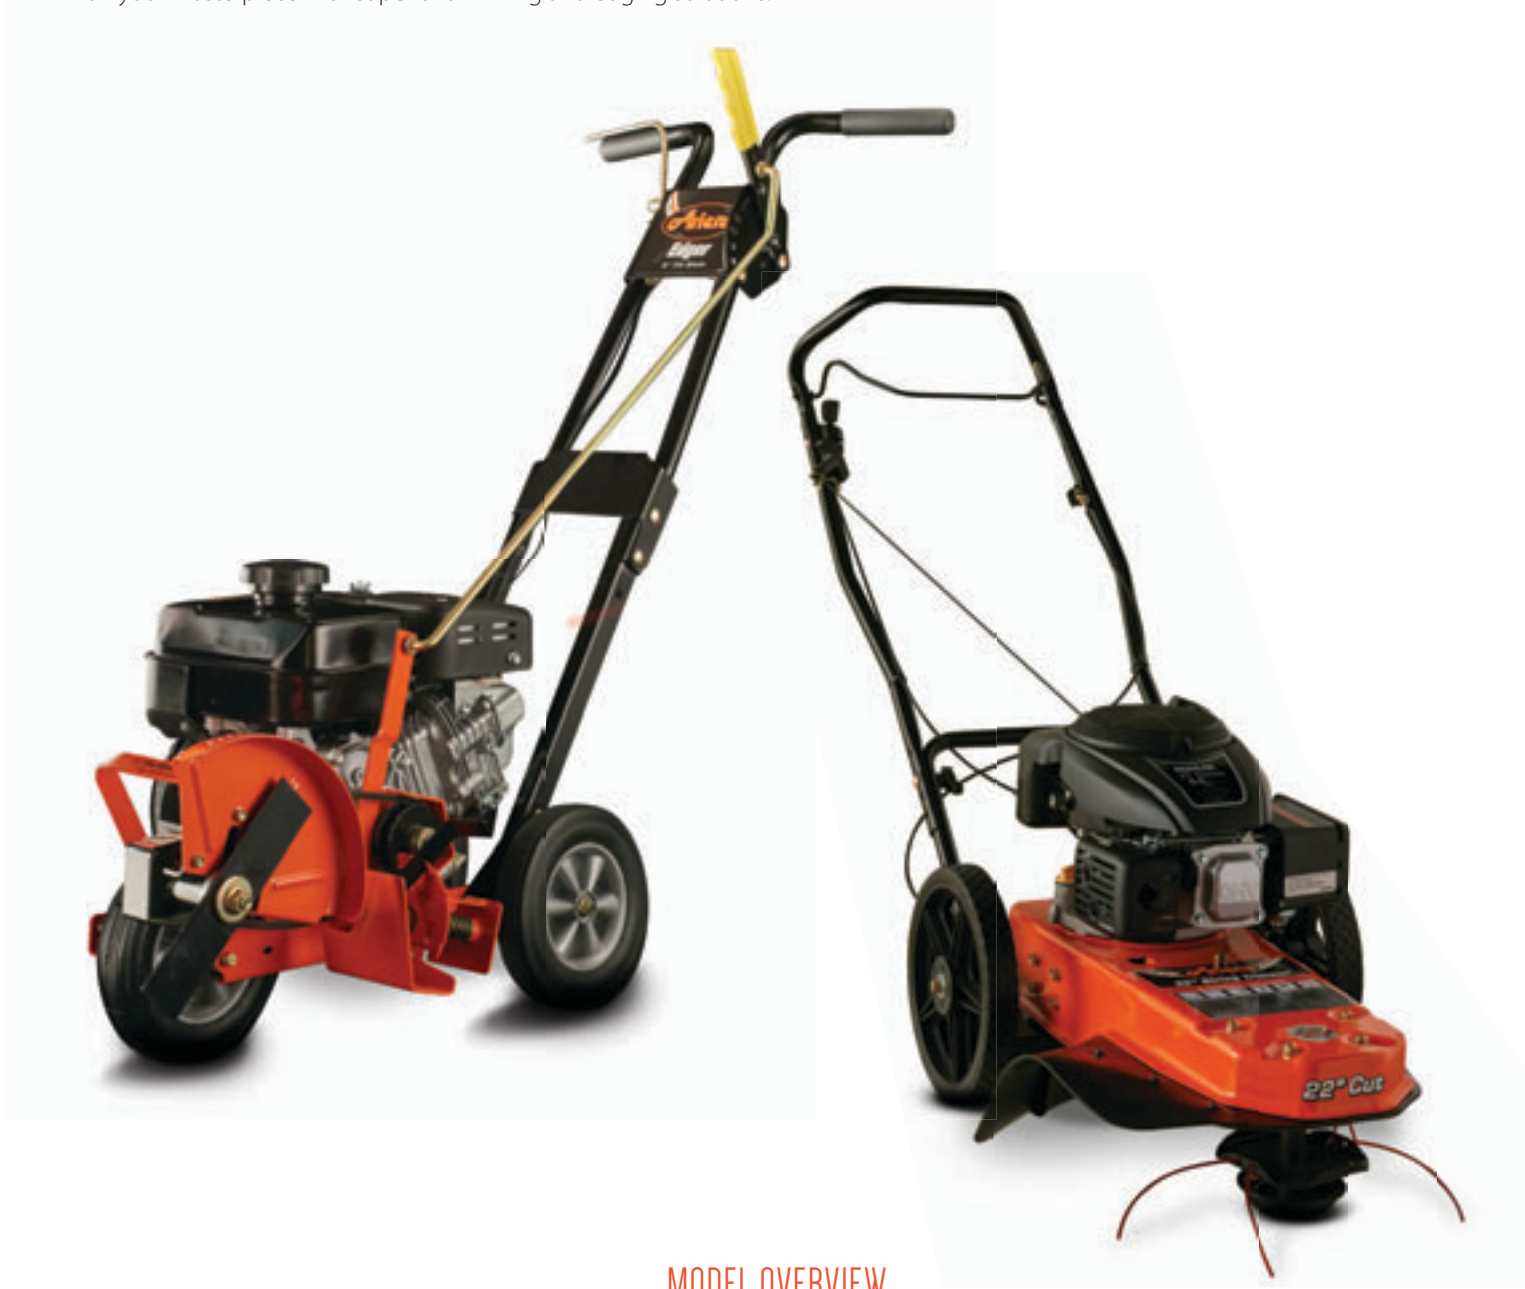

Powerful Kohler® OHV XT engine is low-maintenance and delivers whisper quiet operation.

FINISH STRONG.

TRIMMER / EDGER SERIES

It's not how you start, it's how you finish that counts. After you mow, Ariens helps put the finishing touches on your masterpiece with superior trimming and edging solutions.

CAST IRON HYDRAULIC PUMP COMPONENTS ARE KEY.

Cast iron hydraulic pumps, high temperature return line hoses, and industrial couplings mean each unit is built to last.

TAPERED WEDGE COMPETITIVE WEDGE.

Work smarter. Not harder. Tapered wedge design requires less tonnage while splitting logs faster and more efficiently.

CENTRALLY LOCATED CONTROLS LOCATION IS EVERYTHING.

Cut out the bending, reaching and wasted steps. The centrally located controls and an open operating zone make it easy to split from both sides of the machine.

HORIZONTAL AND VERTICAL POSITIONS

Horizontal and vertical splitting positions provide flexibility for splitting large, heavy logs.

ALL-SEASON USE THERE IS NO OFF-SEASON.

Any surface, any season, when it comes to clearing stuff from the pavement, our power brushes aren't particular.

HEIGHT ADJUSTMENT SYSTEM ADJUST ACCORDINGLY.

Step your game up (or down) to accommodate varying surfaces and minimize brush wear.

BRUSH ANGLE WORK EVERY ANGLE.

With 40-degree brush head rotation and operator controlled pivot lock, dirt and debris have no place to hide.

CLEAN TO PAVEMENT A CLEAR ADVANTAGE.

Give salt the day off and get straight down to the surface while meeting your green initiatives.

BRUSH WITH GREATNESS.

POWER BRUSH SERIES

Brushes are made for grooming. And Ariens Power Brushes are designed to make your property look its best. From slush, salt and sand, to gravel, grime or just general gunk, Ariens brushes are born to clear out any business that has no business being on your territory.
