IH™ READY, LH, AFL PANTS

OVERSIZE CHARGE – ADD 30% FOR SIZE 60+

Your choice of internal Class 2 Seat Harnesses or a Personal Escape Belt certified to NFPA 1983 (Life Safety Rope and Equipment). Harnesses feature our patented floating leg loop system. Leg loops stay down out of your business except when you load the harness, pulling them up into the correct seat position and equalizing the load. Leg loops are hardware-free so there's nothing to dig into your legs. Made from KEVLAR®, these harnesses meet NFPA 1971 (Structural Fire Fighting) requirements when installed in the pants. Not ready to upgrade to an internal harness? Add it later without alteration.
