

DEMAND BRILLIANCE.

EXCAVATOR ROTARY MOWER

We Eat Trees.

If there were a “clean plate club” for excavators, we’d be president. At Diamond Mowers, our appetite for hard work and excellence is never satisfied. We’re a Sioux Falls, South Dakota, company building ultra tough, super reliable and Made-in-the-USA equipment.

A welcome option to the too-much-grinder and the not-enough-mower... Diamond Excavator Heads.

- Most rugged excavator brush cutter products on the market
- Diamond proprietary Tri-Hex disc, covered by an unprecedented 5-year warranty
- Mower shells are built with 100,000 psi steel housing, nearly 3x stronger than standard A36 steel

PROUD TO BE MADE IN THE USA

We are a company built from the ground up on American values and a Midwestern work ethic. Our first job is to provide you with the toughest, smartest, most reliable and safest equipment needed to do your job better.

Demand Value. Demand Diamond.

DIAMOND TRI-HEX MULCHING DISC AND REINFORCING RING

Truth is, our Tri-Hex discs just don't fail. The Diamond proprietary Tri-Hex mulching disc provides greater inertia in tough conditions. Our discs are constructed of 1" thick 50,000 psi rated steel with hardened, replaceable inserts for unparalleled durability and easy blade maintenance.

Exclusive Reinforcing Ring For Extreme Durability. This Diamond design transfers the load from the center well to the deck structure, reducing stress on the weld joints and making our larger rotary heads even more reliable, durable and formidable.

**ONE-YEAR WARRANTY ON PARTS AND LABOR.
5-YEAR WARRANTY ON TRI-HEX MULCHING DISC.**
